## NEW STUDENTS

Students who have never enrolled at Sul Ross State University are expected to complete all admissions requirements prior to registering for courses. Students must have 42 semester credit hours and a 2.0 grade point average for admission.

1. A completed application should be on file in the Office of Admissions and Records. See [www.applytexas.org](http://www.applytexas.org).
2. Official transcripts from each college or university attended must be sent to the Office of Admissions and Records. Any questions concerning special admissions problems should be directed to the Office of Admissions at (830) 758-5009.
3. Contact a faculty adviser in the intended field of study. Advisers are available in person, by phone or email. See a list of Faculty Advisers and their staff at the end of this document.
4. Register online via Web Registration. Students must be accepted and assigned an ID number and password before registering.

## WEBSITE REGISTRATION

In order to better manage student records, all SRSU-Rio Grande College registration is conducted online via the Banner system. Before attempting registration, please consult with a faculty adviser about the courses you wish to take, consult the schedule of courses available, and consult your degree plan. If you do not have a degree plan, contact your faculty adviser so one can be prepared for you. A \$25 late fee is charged for registration that is delayed until the first day of classes.

1. On any computer connected to the Internet, go to Rio Grande College at [www.sulross.edu](http://www.sulross.edu) and click on *Apply*. Select *Registration* and click on *LoboOnLine Login*.
2. Enter your User ID and PIN and click *Login*. If you've forgotten your User ID and PIN, please contact IT Support (1-432-837-8888 from off-campus). Do not log in with a Social Security number.

3. You may be asked to change your Login PIN. Enter the old PIN, and then type your new PIN twice for verification. Click *Login*.
4. Reply to login verification Security Question and save your answer.
5. Enter the registration site, click *Student*, and select *Registration*.
6. Select *Register, Add or Drop Classes* and make selection from drop-down window. **NOTE:** You will need to have visited with your adviser prior to this point.

## Selecting Courses

Search the web by subject, course number, title, schedule type, campus, instructor, time/day, or part of term. You must select at least one subject.

Press the shift and down arrow to highlight and select courses. Use the same procedure to search other subjects, such as course schedule.

A box appears to the right of all classes that are available for registration. Please check the box to select the course. Press *Register* to add your name in the class. To make changes, use the *Reset* button. A letter "C" in the box denotes the class is closed.

If you know the course number for the courses in which you wish to enroll (look to the right of the schedule entry for the course), you may enter the CRN in the boxes on the first page. When you finish course selections, all of your classes should appear on the screen. Print this page for reference—you will receive no other confirmation of your schedule.

## ARE WEB COURSES FOR YOU?

Web courses (courses offered online) are not self-paced and require considerable work in order to meet requirements. Students should be prepared to devote approximately 12 hours per week to accomplish the work required for a 3-hour class i.e. the student should devote approximately the same study time for an online course as would be spent in a regular class with outside work requirements—a measure generally calculated at 3 hours outside work for each hour in class. Students MUST have a high-speed internet connection available on a regular basis for course work and other assignments whenever University

computer laboratories are not open. Computer labs are open Mon.-Thurs., 8 a.m.-9 p.m., and Fri. 8 a.m.-5 p.m. University computer labs are not open on weekends, but some computer work may be done from the SWTJC and RGC libraries. A student who fails to participate in assignments during any one work period may be subject to being withdrawn from class and given a grade of F. To access a web course, a student must first log in to the Blackboard server at <http://www.sulross.edu/bb>. After registration, students should regularly log in to the server and check to see if information on their class has been posted by the professor. The login is the student's official Sul Ross email address and password. If you have not obtained an email address, call the University Help Desk at 888-691-5071. Tutorials for instruction on use of the Blackboard server are available on the Technology Help Page at <http://www.sulross.edu/page/2509/using-blackboard-9>.

## MAXIMUM COURSE LOAD

The maximum course load includes the total semester hours earned at all institutions and from all colleges and universities. This includes Southwest Texas Junior College, Sul Ross/Alpine, correspondence courses, and/or extension courses. Transfer credit may be refused for courses that are completed concurrently with courses at Rio Grande College when the combined total exceeds the maximum allowed.

**Undergraduates**—Maximum course load: 21 semester hours per fall or spring term, 8 semester hours per summer term.

**Graduates**—Maximum course load: 9 semester hours per fall or spring term, 6 semester hours per summer term.

## TEXTBOOKS

Rio Grande College has contracted the services of the Texas Book Company as the exclusive provider of all course textbooks. Obtain book vouchers at the Business Services Department. All book purchases are conducted online at [www.sulrossbookstore.com](http://www.sulrossbookstore.com).

## OFFICIAL EMAIL ADDRESS

Students are assigned an @sulross.

edu email account. This is the official means of communication and as such provides an online identification key and an official University email address. The University uses this email address for correspondence including policy announcements, emergency notices, event notices, financial aid information, course syllabi and requirements, as well as correspondence between students and faculty. *STUDENTS ARE REQUIRED TO REGULARLY CHECK AND RESPOND TO EMAIL MESSAGES FROM THE UNIVERSITY.*

### PROPERTY DEPOSIT

State laws provide that each institution shall collect a reasonable amount not to exceed \$10 for damage to laboratory and library facilities. The deposit will be collected at the first enrollment. At subsequent enrollments, students may be required to replenish the deposit to maintain the level of \$10. A student may recover the deposit at the end of the student's enrollment at Sul Ross State University, or at graduation by completing a Deposit Return Request within four years of termination. Deposits not refunded become a part of the scholarship fund.

### VETERAN'S BENEFITS

Degree plans are required at the first semester of enrollment for all students receiving Veterans Administration (VA) educational benefits. Contact the Veterans' Coordinator at 830-703-4816.

### CHANGE OF ADDRESS

Students who change their home address and/or their telephone numbers after registration must notify the Office of Admissions and Records. Students are held responsible for any communication from any University official sent to them at the last address of record.

### STUDENT DIRECTORY INFORMATION

The following items are classified as information for the Student Directory: Student name, local and permanent mailing address and telephone listing, date and place of birth, major and minor field of study,

classification, degrees and awards received with dates of attendance, and the most recent previous educational institution attended. This information will be released by various campus offices periodically or published in the appropriate University directories unless a written request from the student for exclusion of information is received by the Office of Admissions and Records on or before the last day for late registration and schedule changes.
