741 Sul Ross State University Rio Grande College

In addition to its original campus in Alpine, Sul Ross also has a strong presence in Uvalde, Eagle Pass, and Del Rio - collectively designated by the Legislature as the Rio Grande College. Facilities at these locations are currently integrated into the campuses of Southwest Texas Junior College (SWTJC). For over forty years, Sul Ross State University and Southwest Texas Junior College (SWTJC) have partnered in the Middle Rio Grande Border Region of Texas to give regional residents the opportunity to obtain undergraduate and graduate degrees locally. SWTJC provides the first two years of study for a four-year degree. Students then matriculate into Sul Ross to complete their undergraduate degrees or earn subsequent graduate degrees. Degrees are available in education, criminal justice, business administration, biology, nursing, and various liberal arts disciplines. The cooperative arrangement between Sul Ross State University and Southwest Texas Junior College is a model one and provides regional residents one of the most affordable bachelor’s degrees in the state. Tuition and fees for the Rio Grande College of Sul Ross State University are the lowest of the state universities in Texas.

As a regional institution, Sul Ross State University-Rio Grande College serves the educational needs of approximately two-thirds of the Texas-Mexico border region. The service region for the Rio Grande College includes Dimmit and LaSalle counties on the south, the Texas-Mexico border on the west, Medina, Frio and Bandera counties on the east, and Val Verde, Edwards, Maverick, and Real counties on the north. The service region encompasses approximately 18,735 square miles. The population of the region is over 195,000. As of 2018, over 80% are Hispanic. This percentage will continue to increase. On the campuses, about 89% of the students at Sul Ross-Rio Grande College identify as Hispanic, and over 54% are first-generation college students. Approximately 81% of Rio Grande College students demonstrate financial need.

Sul Ross State University has a long-standing reputation for its successes in providing educational opportunities to Texas’s Hispanic students. Since 1995, Hispanic Outlook magazine has cited Sul Ross State University for its success in providing graduate education to Hispanics. Similarly, in 2018 the Latino Leaders Magazine included Sul Ross State University in its listing of the Best Colleges for Latinos. Further, The New York Times listed Sul Ross as 21st out of 369 public colleges with a 35% overall mobility rate. This measure represents the likelihood that a student at Sul Ross State will, in their future, move up two or more income quintiles.

SRSU-Rio Grande College advances distance education opportunities as a leader in course delivery via interactive television and other technologies. More than 63 percent of Rio Grande College courses are taught through one or more distance learning modalities. No other institutions of higher education exist in the region, and Sul Ross takes its responsibility and mission seriously to provide quality educational opportunities in this vast border region of Texas.

Sul Ross State University-Rio Grande College meets identified educational needs in our service region. SRSU-RGC is working with regional school districts to provide professional development to teachers. Discussions with the University of Coahuila have been initiated to explore avenues of cooperation between the two universities. The expectation is that the discussions will lead to international study opportunities for students from both universities.

As an Hispanic Serving Institution and because Sul Ross State University-Rio Grande College is a border institution in a heavily Hispanic part of Texas, the goals and targets of the university are in practice the goals and targets of the Texas Higher Education Strategic Plan, 2015-2030, 60x30TX. The goal of 60x30TX is for at least 60% of Texans age 25-34 to have a certificate or degree by 2030. One target of the 60x30TX plan is to increase the number of Hispanics completing certificates or degrees. Sul Ross continues to attract and recruit Hispanic students. SRSU-RGC works closely with regional school districts, particularly in the education of district employees, to expand educational opportunities in our service territory.

In addition, through the work of the SRSU-RGC Small Business Development Center, a center funded in part through non formula appropriations, Sul Ross has been able to facilitate commerce and additional business development in the regional economy. Now more than ever, the SBDC plays an integral role to the communities by providing education and resources to small business impacted by the Coronavirus pandemic. The university encourages the Texas State Legislature to continue the
services of the Sul Ross State University-Rio Grande College Small Business Development Center to the residents of the rural border areas Texas through special item funding.

Sul Ross State University-Rio Grande College is also requesting exceptional item funding for additional teleconference room(s) and equipment maintenance services to provide students with access to all courses needed to complete their degree plans and graduate in a timely manner. We require a teleconference room(s) on the Alpine campus that can connect with the other three campuses. We simply do not have the resources and personnel to offer multiple sections of the same course at each site. The use of teleconference equipment has allowed us to offer a positive solution to this challenge. Funds are needed to update and repair the teleconference equipment at all sites as well as configure larger teleconference rooms and provide a teleconference connection to Alpine. Equipment maintenance and service is vital. We need funds to obtain a service contract or training for our technology employees. We also need funds for faster and more reliable internet connections.

As a partner in higher education with the regional junior college in the middle Rio Grande region, expected population growth promises to yield an increased need for higher education attainment in STEM programs. The University Administration is requesting $44 million as a Tuition Revenue Bond to fund the construction of a new multi-purpose and academic building located in an existing Sul Ross-RGC service city. The proposed building will offer space to accommodate academic programs including classrooms and faculty offices, dining facilities, a library and resource room, campus bookstore, student health center, and an auditorium for large functions. The middle Rio Grande region remains vastly underserved as the need for baccalaureate degrees in STEM fields, health industry, and research continues to grow. With this project, Sul Ross State University accommodates the growth and needs of the communities while maintaining the mission to provide affordable education in the region.

Sul Ross State University-Rio Grande College's first priority is to provide affordable, high quality education to the citizens of the vast rural underserved border region of Texas. Though the original campus is in Alpine (where we are a major employer in the Big Bend area and remain committed to providing access to services that meet the needs of the Big Bend region), Sul Ross has proudly and gladly expanded its 100 year-old mission to include service to the Middle Rio Grande region of Texas. The Middle Rio Grande region served by the SRSU - Rio Grande College is a dynamic part of the state with huge potential for growth.

As Sul Ross State University celebrates 100 years of providing education to rural Texas, we still stand proudly behind our reputation as a regional university serving the needs of approximately two-thirds of Texas/Mexico border area. We are grateful for the Legislature’s continued support of our institution and its efforts to strengthen higher education in Texas. Through your support, we continue to effectively serve a population that might not otherwise have access to quality higher education.

Once again, thank you for your hard work on behalf of the State of Texas and for your consideration of our university.

Pete P. Gallego, President
Functions:
President — Responsibility of developing and maintaining efficiency and excellence within the university.
Provost and Vice President Academic Affairs — Responsible for all matters pertaining to academic programs of the university including Graduate Studies, Library, and Educational Resources.
Executive Vice President for Strategic Development — Responsible for Enrollment Management, Information Technology, Institutional Effectiveness, Alumni, Communications & Marketing, Human Resources, Development, Special Projects and for providing diversified administrative support to the president and serves as a liaison between the university and local, state, and federal agencies.
Associate Vice President for Strategic Development — Responsible for supporting all functions for the Executive Vice President for Strategic Development.
Assistant Vice President for Institutional Effectiveness — Serves as the liaison for SACSCOC Accrediting Agency and ensures that all levels of university functions are regularly assessed.
Dean Educational and Cultural Resources — Provides oversight for institutional Library, Museum of the Big Bend, Center for Big Bend Studies, Cultural Center, Professional Development & Innovation Centers, Instructional Technology, Academic Center for Excellence, and Academic Support.
Vice President for Student Affairs — Responsible for the operations and administration of Counseling, Residential Living, Health Services, Campus Activities, Postal Services, University Police Department, ARAMARK food services, Bookstore, and Student Support Services.
Dean of Students — Responsible for supporting all functions for the Vice President for Student Affairs.
Vice President for Administrative Services and COO for Rio Grande Colleges — Responsible for supporting academic programs at Sul Ross State University Rio Grande Colleges (Del Rio, El Paso, and Uvalde) and Small Business Development Centers (RGC and Alpine).
Executive Director of Finance and Operations — Responsible for all matters pertaining to the Finances, Risk Management, and Physical Plant Operations.
Athletics Director — Responsible for all Athletic Compliance and Operations.

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, library, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

(1) - Formula funded strategies are not requested in 2022-23 because amounts are not determined by institutions.
GOAL: 1 Provide Instructional and Operations Support

OBJECTIVE: 1 Provide Instructional and Operations Support

STRATEGY: 1 Operations Support

STRATEGY DESCRIPTION AND JUSTIFICATION:

The Teaching Experience Supplement formula provides an additional weight of 10 percent to lower and upper division semester credit hours taught by tenured and tenure-track faculty.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:

(1) - Formula funded strategies are not requested in 2022-23 because amounts are not determined by institutions.

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy.

$(1) - Formula funded strategies are not requested in 2022-23 because amounts are not determined by institutions.
STRATEGY DESCRIPTION AND JUSTIFICATION:

This is a non-formula strategy created by legislative initiative that provides funding for the lease of facilities to be used for offices and classrooms. Because Sul Ross State University - Rio Grande College leases all its space at three sites in Uvalde, Eagle Pass and Del Rio with turn-key agreements, its capital assets are small in comparison with other agencies. Leasing needed space is the most economical option for the RGC to deliver high quality instruction at all of its sites.
### 741 Sul Ross State University Rio Grande College

<th>BL 2023</th>
</tr>
</thead>
</table>

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Sul Ross State University - Rio Grande College leases space from the Southwest Texas Junior College (SWTJC). SWTJC has constructed new facilities in each location for the exclusive use of the Rio Grande College. These facilities greatly enhance the University's ability to provide service to its increasing student population and its needs. The university has utilized Institutional Enhancement and E&G Infrastructure support funds to meet the funding shortfalls. However appropriation reductions, increases in enrollment and the related need for new or enhanced programs necessitate the use of the Institutional Enhancement funding in those program areas. Further appropriation reductions may require the reduction of space which would significantly affect our ability to provide services.

Age: B.3

Increasing student expectations and needs require the utilization and maintenance of quality facilities and infrastructure. This funding is critical to small institutions and particularly to SRSU – Rio Grande College. SRSU-RGC owns no facilities. Instead all space is leased from the Southwest Texas Junior College. These leases include all costs of operation. The funds generated by the infrastructure support formula do not provide sufficient funding to cover all of these costs. The costs related to providing these facilities is a critical burden on the operating budget of SRSU-Alpine. This strategy helps supplement the funding generated by the infrastructure support formula.

This is a non-formula strategy that provides funding for the operations of the Small Business Development Center at Sul Ross State University - Rio Grande College. The mission of the Center is to improve economic conditions in the region by helping establish new businesses and improve existing ones, in partnership with the Middle Rio Grande Development Council. This region is sparsely populated and includes people with some of the lowest per capita incomes in the state. In cooperation with the UT San Antonio Small Business Development Center and the Middle Rio Grande Development Council, Rio Grande College operates a Small Business Development Center in Eagle Pass, Del Rio, Uvalde, and Carrizo Springs with on site personnel to assist existing businesses, develop proposals for new business start ups, provide training for business operators, and assist individuals in preparing for new business loans. These services are available to the entire Middle Rio Grande region.

EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:
Additional information for this strategy is available in Schedule 9, Special Item Information.

This is a special item appropriation created by the 76th Legislature. This item provided new funding of $1 million to each Higher Education Institution for each year of the 2000 - 2001 biennium. An additional $1 million was provided for the 2002 - 2003 biennium. This funding also replaced some previous special items and continues to be a major source of funding for SRSU-RGC.

**OBJECTS OF EXPENSE:**

| 2009 | OTHER OPERATING EXPENSE | 750,000 | 750,000 |
| 5000 | CAPITAL EXPENDITURES | 1,250,000 | 1,250,000 |
| **TOTAL, OBJECT OF EXPENSE** | **$2,000,000** | **$2,000,000** |

**METHOD OF FINANCING:**

| 1 | General Revenue Fund | 2,000,000 | 2,000,000 |
| **TOTAL, METHOD OF FINANCING** | **$2,000,000** | **$2,000,000** |

**DESCRIPTION / JUSTIFICATION:**

Our small size and geographically distant locations do not allow us to offer all courses at each site. Sul Ross faculty and staff continually work continually towards higher standards of excellence in teaching and learning. One of our strategic goals is to increase graduation rates. We are completely committed to providing all students with access to the courses they need to complete their degree and graduate in a timely manner. Additional teleconferencing abilities are a crucial part of our ability to meet this need. Sul Ross is one of the pioneers of distance learning. The use of teleconferencing equipment has allowed us to offer a positive solution to the challenges posed by the geographic size and nature of our service territory. This special item request would fund additional teleconference equipment and provide equipment maintenance services critical to the use of distance learning technology.

Funds are needed to update, upgrade and repair the teleconference equipment on all four campus sites, configure larger teleconference and provide additional and more reliable teleconference and internet connections. Additional rooms with teleconferencing capability are required to meet the increased demand for these services and allow each campus to benefit from course offerings on a sister campus. Long-term equipment maintenance and service is also vital, particularly in our rural service territory where such services may not be available. These funds would also cover additional training for our information technology employees and potentially also allow for an outside service contract.

This investment would generate increased efficiency and a cost savings in that it would allow shared use of faculty and other resources instead of requiring faculty to offer multiple sections of the same course on each Sul Ross campus.

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments to date and expected over the next two years: Providing faculty members with the necessary tools to provide a quality educational experience benefits...
both the student and the faculty member. Increased enrollment, increased student engagement, higher customer satisfaction, and increased retention rates on each campus are the direct benefits and major accomplishments expected through this investment. Room renovations will be required during the first year. Installation of all equipment will be completed during the second year.

Year established and funding source prior to receiving special item funding: None
Formula funding: None
Non-general revenue sources of funding: None
Consequences of not funding: Approximately 70% of Rio Grande College students took at least one distance education course during the 2019-2020 academic year. In the event funding for this item is not approved, campuses in Alpine, Del Rio, Eagle Pass, and Uvalde will be unable to renovate rooms required for distance education, maximize efficiency by combining students at various Sul Ross campuses into one course, or create additional opportunities for distance learning.

</table>

TOTAL, METHOD OF FINANCING: $3,317,625 $3,317,625

DESCRIPTION / JUSTIFICATION:
The Middle Rio Grande region of Texas has experienced not only significant population growth but economic growth as well. Since 1973 Sul Ross State University has leased space from Southwest Texas State Junior College. Space is now severely limited, which in turn limits the development of new programs and growth in regard to necessary campus facilities and infrastructure. These facilities are needed in order to foster and enhance the educational experience and educational needs of the region in serving the population now and into the future. A broader University footprint will open a window of opportunity that will improve lives and provide needed professionals for the area as growth is projected to continue through the foreseeable future. This building allows us to accommodate the growth and needs of the community and the goals of education that the university espouses. State of the art classrooms and the already present highly qualified and respected professors provide the necessary instruction to foster learning and in developing leaders of the future. A campus complex will provide a place where students are welcome, can gather, eat, study, and research all in one location. SRSU-RGC is committed to the advancement of the region and this project offers value and fills an important need.

EXTERNAL/INTERNAL FACTORS:
Major accomplishments to date and expected over the next two years: ???
Year established and funding source prior to receiving special item funding:
Formula funding: There would be no formula funding generated during FY22 and FY23
Non-general revenue sources of funding: This project would be funded through Tuition Revenue Bonds
Consequences of not funding: The Middle Rio Grande Region where the city of Eagle Pass is located has experienced not only significant populations growth but economic growth as well. It has been recently reported that by the year 2040 there will be an extraordinary deficit of professiona, managers and operations employees. This shift will impact the wellbeing of the community given that there will be an excess of jobs and a lesser number of individuals trained to fulfill those openings. SRSU-RGC is committed to the advancement of the Region by providing educational opportunities to fulfill anticipated educational demands. The consequence of not funding the project would be the
lost opportunities for educational advancement for the regions residents as well as a failure to provide more fully the services these professionals would offer the region.

B. Assessment of Fiscal Year - Efforts to Meet HUB Procurement Goals

Attainment: The agency attained or exceeded zero of five, or 0%, of the applicable statewide HUB procurement goals in FY 2018.
The agency attained or exceeded one of five, or 20%, of the applicable statewide HUB procurement goals in FY 2019.

Applicability: The "Heavy Construction" category is not applicable to agency operations in either fiscal year 2018 or fiscal year 2019 since the agency did not have any strategies or programs related to heavy construction.

Factors Affecting Attainment: Factors affecting attainment in procurement categories "Other Services" and "Commodities" is attributable to a limited number certified HUB vendors in locations of the main campus and the branch campuses; Alpine (4), Uvalde (2), Del Rio (4) and Eagle Pass (3). The HUB vendors in these locations do not offer products in the primary Procurement Categories used by the University.

"Good-Faith" Efforts: Attended the two-day Access 2019 Spot Bid Fair hosted by the Dallas/Fort Worth Minority Supplier Development Council and sponsored by Senator Royce West. Met with statewide HUB vendors and discussed sales opportunities at our University. Attended the 2019 Houston Minority Development Council (HMDC) Expo at the George R. Brown Convention Center in Houston. The Texas State University System sponsored the Expo booth and we operated the booth jointly with Lamar University, Lamar College-Port Arthur and Sul Ross State University. Met various minority and small business vendors and discussed opportunities at the University. New employees are given instruction on the University's commitment to the HUB program and the importance of reaching out to certified HUB vendors.

### FULL-TIME-EQUIVALENT POSITIONS

NO FUNDS WERE PASSED THROUGH TO LOCAL ENTITIES

NO FUNDS WERE PASSED THROUGH TO OTHER STATE AGENCIES OR INSTITUTIONS OF HIGHER EDUCATION
USE OF HOMELAND SECURITY FUNDS

1. Student safety. SRSU-RGC delivered all classes online for remainder of Spring semester and continued online through Summer I and Summer II sessions. Fall semester is currently being delivered online.

2. Facility safety. SRSU-RGC increased sanitization throughout campus and the cleaning of facilities to mitigate the risk of the virus being spread and to increase safety. Signage was put up on building doors enforcing masks to ensure safety.

3. Staff safety. SRSU RGC staff worked remotely for most of spring and summer. Emergency leave was available for staff members that showed symptoms or were under quarantine.

4. Financial security for students. SRSU RGC provided emergency assistance for those that endured hardship during COVID. Expenses were funded through institutional grants and CARES funding.

#### Name of Proposed Facility: Project Type:
- Multi-Purpose Educational and Services Building
- Construction

#### Location of Facility:
- Eagle Pass, TX

#### Project Start Date:
- 09/01/2021

#### Project Completion Date:
- 08/31/2023

#### Gross Square Feet:
- 42,300

#### Net Assignable Square Feet in Project:
- 28,536

### Project Description

The requested funds will be used to build appropriate facilities to increase academic and student service offerings. At present, Sul Ross State University shares space with Southwest Texas Junior College in Uvalde, Eagle Pass and Del Rio. Sul Ross State University-Rio Grande College (SRSU-RGC) would invest those funds as follows:

- Classroom Spaces constructed that are modern and include all of the latest technology.
- Dining Facilities that provide a place to enjoy meals and celebrate successes.
- Library facilities are to be constructed for research by faculty and student use as well as the community. Auditorium to serve the needs of graduating classes as well as to provide a venue for other University/Community events.
- Faculty Offices/Counseling Offices will be designed to accommodate a space conducive to research and student advising.
Distance Learning Enhancement

(1) Year Non-Formula Support Item First Funded: 2000
   Year Non-Formula Support Item Established: 2000
   Original Appropriation: $3,000,000

(2) Mission:

The Rio Grande College campuses of Sul Ross State University, composed of three off-site instructional campuses, offer junior, senior, and graduate courses in selected programs in Uvalde, Del Rio, and Eagle Pass. These instructional campuses serve thirteen counties in Southwest Texas; two of these campuses are located on the Texas-Mexico border. However, our small size and geographically distant locations do not allow us to offer all courses at each site. One of our strategic goals is to increase graduation rates. We are completely committed to providing all students with access to the courses they need to complete their degree and graduate in a timely manner. The use of teleconferencing equipment has allowed us to offer a positive solution to the challenges posed by the geographic size and nature of our service territory. This special item request would fund additional teleconference equipment and provide equipment maintenance services critical to the use of distance learning technology. Funds are needed to update, upgrade and repair the teleconference equipment on all four campus sites, configure larger teleconference and provide additional and more reliable teleconference and internet connections. Additional rooms with teleconferencing capability are required to meet the increased demand for these services and allow all each campus to benefit from course offerings on a sister campus. Long-term equipment maintenance and service is also vital.

(3) (a) Major Accomplishments to Date:

Sul Ross currently has teleconference classrooms in Del Rio (7), Eagle Pass (8) and Uvalde (7). These facilities provided an opportunity for students to obtain a college degree even though economic or other circumstances prohibit them from leaving their communities in search of education and opportunity.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Providing faculty members with the necessary tools to provide a quality educational experience benefits both the student and the faculty member. Increased enrollment, increased student engagement, higher customer satisfaction, and increased retention rates on each campus are the direct benefits and major accomplishments expected through this investment. Room renovations will be required during the first year. Installment of all equipment will be completed during the second year.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:

None

(5) Formula Funding:

None

(6) Category:

Institutional Enhancement
(7) Transitional Funding:
N
(8) Non-General Revenue Sources of Funding:
None

(9) Impact of Not Funding:
Approximately 70% of Rio Grande College students took at least one distance education course during the 2019-2020 academic year. In the event funding for this item is not approved, campuses in Alpine, Del Rio, Eagle Pass, and Uvalde will be unable to renovate rooms required for distance education, maximize efficiency by combining students at various Sul Ross campuses into one course, or create additional opportunities for distance learning.

(10) Non-Formula Support Needed on Permanent Basis/Discontinu

Infrastructure Support

(1) Year Non-Formula Support Item First Funded: 2020
   Year Non-Formula Support Item Established: 2020
   Original Appropriation: $175,500

(2) Mission:
Supplemental funding to support utility costs associated with the lease of facilities between Sul Ross State University (SRSU) and Southwest Texas Junior College (SWTJC) at the Del Rio, Uvalde and Eagle Pass instructional sites.

(3) (a) Major Accomplishments to Date:
   n/a

(3) (b) Major Accomplishments Expected During the Next 2 Years:
For over forty years, SRSU and SWTJC have partnered in the Middle Rio Grande Border Region of Texas to give regional residents the opportunity to obtain undergraduate and graduate degrees locally. SWTJC provides the first two years of study for a four-year degree. Students then matriculate into Sul Ross to complete their undergraduate degrees or earn subsequent graduate degrees. Degrees are available in education, criminal justice, business administration, biology, nursing, and various liberal arts disciplines. The cooperative arrangement between SRSU and SWTJC is a model one and provides regional residents one of the most affordable bachelor’s degrees in the state.

(4) Funding Source Prior to Receiving Non-Formula Support Funding:
Institutional Funds

(5) Formula Funding:

(13) Performance Reviews:
The University leases about 75,000 square feet of educational space from SWTJC.
Small Business Development Center

(1) Year Non-Formula Support Item First Funded: 2020
  Year Non-Formula Support Item Established: 2020
  Original Appropriation: $121,434

(2) Mission:
This is a non-formula strategy that provides funding for the operations of the Small Business Development Center at Sul Ross State University - Rio Grande College. The mission of the Center is to improve economic conditions in the region by helping establish new businesses and improve existing ones. This region is sparsely populated and includes people with some of the lowest per capita incomes in the state. In cooperation with the UTSA Southwest Texas Border Network and the Small Business Administration, Rio Grande College operates a Small Business Development Center in Eagle Pass, Del Rio, and Uvalde with onsite personnel to assist existing businesses develop proposals for new business startups, provide training for business operators, and assist individuals in preparing for new business loans. These services are available to the entire Middle Rio Grande region. Most services are provided at no or very low cost.

(3) (a) Major Accomplishments to Date:
Under contract with the Southwest Texas Border Small Business Development Center Network housed at UT San Antonio Small Business Development Center, RGC’s Small Business Development Center is headquartered in Eagle Pass and serves the nine counties of the Middle Rio Grande region with offices not only in Eagle Pass, but also Uvalde, and Del Rio. In a historically, economically depressed region, the SBDC has developed proposals and plans for new business startups, provided management training for new business operators, secured loans for these startups, and assisted individuals with on - going training and advising on the different facets of business operations. The RGC SBDC is one of the smallest centers in the Southwest Texas Border Network annually ranks in the top quarter of the ten SBDCs comprising the UTSA-SBDC. Over the past year the RGC-SBDC assisted in the start-up or expansion of 194 businesses resulting in the creation or retention of 629 jobs and an infusion of $11 M in capital into the region.

(3) (b) Major Accomplishments Expected During the Next 2 Years:
Over the next two years, the Center expects to conduct at least 60 training seminars serving nearly 600 participants. We also expect to assist in the creation of 136 new businesses, the expansion of 166 existing businesses, and the creation or retention of 506 jobs. These initiatives should result in the creation of many new jobs with over $7.4 M in capital infusion. Our advising efforts will also be expanded to include a possible caseload of 690 clients receiving over 7,200 advising hours.
