Remove students from your courses in Blackboard:

1. Click on “Users” under “Users and Groups” on the Control Panel

2. To list all the students in the course, set the Search field to “Username” and “Not blank.”

3. Select the checkbox next to the name of the students you want to remove.

4. Click the “Remove Users from Course” button.
5. Click “OK” on the warning dialog box.
