MEMORANDUM

DATE: March 11, 2020
FROM: Don Flores, Texas State University System Regent (Search Chair)
       Dr. John Hayek, Vice Chancellor of Academic and Health Affairs
TO: Sul Ross State University Campus Community
RE: Presidential Search Update – March 2020

The search for the next President of Sul Ross State University is proceeding as planned, with the expectation of a sole finalist being named by mid-May, 2020.

A few quick updates on the search process:

- Based upon feedback from the Advisory Search Committee, campus meetings and open forums with faculty, staff, and students, as well as meetings with community members, a presidential profile was drafted and is currently being used to help recruit potential candidates for the Sul Ross presidency.

- The executive search consultant for the SRSU presidential search, Wheless Search & Consulting, confirms there has been strong initial interest in the position and high-quality candidates continue to be recruited.

- A priority deadline for applications to ensure consideration has been set for March 31, 2020.

- The Advisory Search Committee will meet for the second time in Eagle Pass during mid-April, 2020 to begin reviewing candidates and narrowing the pool.

- Campus visits for the presidential finalist(s) will likely be scheduled for the week of May 11, 2020.

Additional updates will be posted to the presidential search web site as they become available.
