## History of the University

Sul Ross State University has a long history from 1917 to present day with 4 campuses, 14 different Presidents, and multiple majors and minor degrees offered. Visit the History of the University for more information.

## Mission Statement

Sul Ross State University offers life-changing opportunities by delivering quality undergraduate and graduate education. We foster critical thinking, creativity, diversity, and research, empowering our students to excel beyond the frontiers of what is possible. We are a Hispanic serving public institution for the residents of the U.S./ Mexico borderlands, Southwest Texas region, and beyond.

## University Symbols

The University has adopted several symbols, which are widely used in both official and unofficial capacities:

1. The University's colors of scarlet and grey are worn by members of athletic teams, cheerleaders, and supporters. The University also uses these colors in brochures, décor, and other appropriate contexts.
2. The mascot of the University athletic teams is the Lobo, an animal native to the western United States. Graphics featuring the lobo are widely used for athletic events, items sold in the University Bookstore, etc.

3. The University's cattle brand, the Bar SR Bar, a longtime symbol of the University, was registered in 1922. It is most visible in the white rock formation on the east side of the campus. It is used in any situation where a simple graphic image is needed to identify the University or its interests.
4. The official symbol of the University is the Sul Ross seal, a circular graphic containing the words "Sul Ross State University". In the center of the seal is the Bar-SR-Bar brand graphic overlaid in front of a torch. The symbol of the torch is typically used to signify the light of wisdom, awakening and enlightenment. At the base of the torch is a five-pointed star representing Texas. Branches to either side of the torch and Bar-SR-Bar brand are suggestive of those from the State Seal of Texas: which are a live oak branch (representing strength) and olive branch (representing peace).
5. The University seal, cattle brand, Lobo graphics and other symbols are protected as registered trademarks. Use by non-university groups, individuals, or an entity requires written permission of the University president.

## Academic Basics

### Absence

An absence is defined as non-attendance in fifty minutes of class; for example, non-attendance in a one and one-half hour class will constitute one and one-half absences and non-attendance in a three-hour class will constitute three absences. An absence due to participation in an official University activity is considered an authorized absence. When a student has to miss a class due to an authorized University activity, it will be the responsibility of the student to notify the instructor of the class in advance. The department responsible for the authorized University activity will also notify the instructor(s) through the [Student Life Office](#) by providing a "[Team/Group Travel Authorization](#)" to the office. Instructors will give students participating in an authorized University activity the opportunity to make up class work, including tests, within a reasonable time and at the convenience of the instructor.

Special requests for review of absences related to family death, severe illness, or medical emergency can be submitted through the Student Life Office. The student is responsible for contacting each faculty member directly. It is up to the faculty member to decide how the absence will be treated.

### Adding or Dropping Courses

Courses may be added during the regular and late registration periods for the term. Courses may be dropped through the last day to drop a course. Courses dropped through the official Census date for the term do not appear on the student's permanent record. Courses dropped after the official census date for the term through the last day to drop a course will be assigned a grade of "W" or "WX" (refer to the Six Drop Rule in the University Catalog for more information). No courses may be dropped after the published last day to drop or withdraw.

Dropping all classes on or after the first day of a term is considered a withdrawal. An official withdrawal form must be completed and submitted to the Center for Enrollment Services in Alpine or the Office of Admissions and Records, RGC.

Withdrawal prior to the official census date for the term will result in no academic record for the term. A withdrawal after the official census date for the term through the last day to withdraw will result in the creation of an academic record; all classes will be reported with a grade of "W". Requests for withdrawal will not be processed after the published last day to withdraw.

Schedule change and withdrawal forms be found online at: [www.sulross.edu/registrar](http://www.sulross.edu/registrar). Dates for registration periods, official census dates, and last day to drop or withdraw are published on the university's calendar at [www.sulross.edu](http://www.sulross.edu). The refund policy for dropped courses and withdrawals may be found in this catalog and online at [www.sulross.edu](http://www.sulross.edu).

### [Address Change](#)

If you have changed an address or phone number maintained by the University, you must notify the Center for Enrollment Services by submitting a Change of Information form or by making changes in the University web portal, mySRSU under My Personal Profile. Documentation is required by the Registrar's Office for changing a permanent address. The student is held responsible for any communication from any University office sent to you at the last address given to the Center for Enrollment Services.

### [Application for Graduation](#)

A student is expected to submit an application for graduation during the semester preceding the final semester of enrollment. Students who are not able to complete degree requirements as planned will need to resubmit the application during the semester or summer term in which they expect to graduate and add a \$5.00 diploma insert fee. [The Academic Calendar](#) should be consulted for a specific deadline for applying to graduate. A fee is required by the deadline or a late fee will be administered, if applying after the deadline. You may pay this fee online or at the Cashier's Office (BAB 202.)

### [Class Attendance Regulations](#)

#### Students

All students are expected to regularly and punctually attend classes in which they are enrolled.

Failure to do so may jeopardize a student's scholastic standing and/or financial aid. Students are responsible for the effect absences have on all forms of evaluating course performance. The student is responsible for arranging the allowed make-up of any missed work.

## Faculty

Faculty are required to state, in writing, their expectations regarding class attendance in the syllabus.

Faculty are expected to work with students to allow for completion of classwork and assignments if the student's absence results from his/her required participation in a university-sponsored activity provided that, prior to the absence, the student makes arrangement to complete all missed work.

Students are usually allowed to make up work and/or tests missed because of serious illness, accident, or death in the immediate family. Faculty are required to make accommodations when specified by an ADA Letter, whether the disability is permanent or temporary.

## Absences

Regular class attendance is important to the attainment of the educational objectives of the university. Class attendance is defined as being in class in person, virtually in a synchronous online class, or logging in and submitting material in an online asynchronous course. Therefore, students should attend all classes. Attendance includes being punctual for class and ready to engage with the professor and the day's material and logging into courses. Non-participation and inactivity may include not logging on to the course, not submitting assignments or participating in other assigned activities as scheduled, not communicating with the instructor by phone or email, and/or not following the instructor's participation guidelines as stated in the syllabus. The instructor's policy on class attendance will be explained at the beginning of the semester or term. In accordance with the instructor's policy, the instructor has the right to penalize students who are out of compliance with the class-attendance policy.

## Authorized/Excused Absences Statement

An absence because of participation in an official university activity is considered to be an authorized/excused absence. While every effort will be made by departments to minimize missed class time of students by careful scheduling of authorized university activities, when a student has to miss a class due to an authorized university activity, it will be the responsibility of the student to notify the instructor of the class in advance. The department responsible for the authorized university activity will also notify instructors through the Student Life Office by providing an excused absence list to the office. Instructors will give students participating in an authorized university activity the opportunity to make up classwork, including tests, within a reasonable time and at the convenience of the instructor.

Should an instructor have an attendance policy that allows for the dropping of a student after a certain number of absences, authorized/excused absences will not be counted towards that number of absences. Any student dropped for excessive absences will receive either an "F" or a "W" depending upon the faculty member's discretion.

## Religious Holy Days Absences (HB 256 78th Legislature)

In accordance with Texas Education Code 51.911, SRSU shall excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy

day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence. "Religious holy day" means a holy day observed by a religion whose places of worship are exempt from property taxation under section 11.20 of the Texas Tax Code.

### Distance Ed (Web-course) Non-Participation Statement

Policies in effect for on-campus, traditional classroom instruction courses also apply to students enrolled in distance education courses, including Web-based and ITV courses. The University allows a maximum of 20% absences in a course before an instructor may drop a student for excessive absences with a grade of "F". In distance education courses, this policy is interpreted as non-participation; once a student has been documented as non-participating for more than 3 weeks of inactivity during a long semester or 1 week of inactivity during a summer session, the instructor may drop the student from the course with a grade of "F". Non-participation and inactivity may include not logging on to the course, not submitting assignments or participating in other assigned activities as scheduled, not communicating with the instructor by phone or email, and/or not following the instructor's participation guidelines stated in the syllabus.

### Degree Plans

Degree plans are maintained through DegreeWorks and are accessible through the student's MySRSU portal. The degree plan lists the courses students must take to complete their degrees. The degree audit will show the completion of coursework and update progress toward graduation.

### Family Educational Rights and Privacy Act (FERPA)

Sul Ross State University has adopted institutional procedures in compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), assuring the right of a student to review his or her educational records upon request. 3. Grades on peer-graded papers before they are collected and recorded by a teacher. (Authority: 20 U.S.C. 1232g(a)(4))

#### Confidentiality of Educational Records

Sul Ross State University has adopted procedures in compliance with The Family Educational Rights and Privacy Act of 1974. The Act provides students the right to review their educational records upon request. To preserve strict confidentiality of records, the University does not permit access to or release of educational records or personal information, other than directory information, or without the written consent of the student.

Exceptions to this restriction are limited to the following:

- Judicial subpoena of records, upon condition that the University makes a reasonable effort to notify the student in advance of the release of records.

- Emergency situations, if knowledge of personal information is necessary to protect the health and safety of a student or other person(s).

Directory information is defined as:

Student's name, permanent address and telephone number, Sul Ross email address, age, major field of study, dates of attendance, classification, enrollment status (full-time or parttime), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors, and awards received (including university scholarships), and the most recent educational agency or institution attended.

Students may request that the university not release directory information by completing a Request for Non-Disclosure of Directory Information form. For more information regarding your privacy rights, contact the Center for Enrollment Services or the Office of Admissions and Records in Eagle Pass 830-758-5006.

## Gramm-Leach-Bliley Act

In accordance with the Gramm-Leach-Bliley Act (GLB Act), Public law 106-102 (1999), Sul Ross State University protects the private non-public information of students and employees.

SRSU collects information such as:

- Name
- Gender
- Social Security Number
- Financial Status
- Date and location of birth
- Salary History
- Driver's License Numbers

SRSU's policy is to identify and safeguard this information with the appropriate procedures to insure compliance with the GLB Act. SRSU manages private non-public information in accordance with all applicable state and federal guidelines relating to use, disclosure and retention of private non-public information.

## Grade Point Average Calculations

Sul Ross State University utilizes the four-point grading system. The student's grade point average is determined by dividing the total number of GPA hours into the total number of grade points received. The grade point value for a course is determined by multiplying the number of credit hours by the quality point value for the grade earned. For example, grade points earned for "B" in a three semester credit hour course is 9 (3 credit hours x 3 quality points.) GPA hours are the hours for which a letter grade is earned (A, B, C, D, F), excluding repeated courses and developmental courses.

At the end of each semester and each summer term final grades are recorded on the student's permanent record by Office of the Registrar. The following lists all possible grades.

Grade	Grade Points
A	4
B	3
C	2
D	1
F	0
F0	0
FX	0
I	Not Computed
CR	Not Computed
NC	0
NG	Not Computed
NR	Not Computed
P	Not Computed
PR	Not Computed
W/WX	Not Computed

Grade point average (GPA) is calculated by adding semester hours attempted, adding grade points earned, and then dividing total grade points by total semester hours attempted.

Example:

Courses	Grade	Credit Hours	Grade Points
MATH 1314	A=4	3	12
ENG 1301	B=3	3	9
GEOL 1303	C=2	3	6
KINE 1132	D=1	1	1
PSY 1302	F=0	3	0
		13	28

$$28 \div 13 = 2.154 \text{ GPA}$$

If you receive an incomplete grade (I) in a course, you have up to one semester to complete the course, depending on arrangements you make with your instructor. The grade you receive for the course will be calculated into your GPA the semester you complete the course. You do not have to be enrolled the semester the course is

completed. If you fail to complete the course by the agreed upon date, you will receive an “F” in the course.

The grade “PR” (progress) is given in the final thesis course when the student has not fulfilled the requirements of the course. You must re-enroll to earn credit.

## Grievances Regarding Grades

All issues with grades **must** follow an informal grievance process before a formal grievance is submitted. If you disagree with a grade you received, you should **first** discuss it with the instructor of the course. If you are not satisfied with results of that discussion, make an appointment to discuss it with the Chair of the Department. If it is not resolved at that point, you should meet with the Dean of the School. Any grievance regarding a grade must be filed within **one year** of receiving the grade.

## Name Change

You may change the full legal name on your permanent academic record by completing a Change of Biographical Information form and presenting the Office of the Registrar with a copy of your birth certificate (to correct a spelling or proper sequence of your name, which had been used on your admission papers), a copy of your marriage license, a copy of your divorce decree (when a female student desires to discontinue the use of her married name and resume the use of her former maiden name), or a signed court order showing the authorized name change.

## Schedule Change

See the University Calendar for the official dates for making schedule changes. Students wishing to drop/add a class during the first week of late registration need to use the Schedule Change Form and take it to the Center for Enrollment Services for processing. The change involving additional tuition or fees is not official until they are paid through the Cashier’s counter at the Center for Enrollment Services. A class schedule may be voided if any additional fees due are not paid. Students should complete any drop/add before 4:00 p.m. on the last day to make schedule changes.

Advisors may assist students in making schedule changes through LoboOnLine (Banner Self Service). For those at a distance that are unable to come to campus for the necessary signature, the E-mail Request Process may be used.

1. Have your advisor approve the Schedule Change Form.
2. Take the form to the Financial Aid office to check your aid requirements.
3. Return the form to the Center for Enrollment Services for processing.
4. Pay any additional tuition and/or fees at the Cashiers’ Office if adding a course.

## Semester Grade Report

Students can view and print their grades from the University's web portal, my SRSU under Student Dashboard. The Registrar does not mail grade reports to students.

## Student Directory Information

The following information is classified as Student Directory Information:

- o Student's name
- o Local/Home/E-mail Addresses
- o Major/Minor and year at the university

## Texas Success Initiative Assessment 2 (TSIA2)

By the 78th Texas Legislature and instituted by the rules of the Texas Higher Education Board, Chapter 4, sections 51 through 60, Sul Ross State University participates in the Texas Success Initiative Assessment (TSIA).

Under the rules of the TSIA, all students enrolling in Sul Ross State University (SRSU) will undergo an initial educational assessment, preferably before the first semester of college coursework. The evaluation results will be used to provide evidence of college readiness or identify deficiencies in reading, writing, and/or mathematics. Students not meeting the minimum requirements on an

assessment instrument must meet with a TSI advisor and establish an Individual Developmental Education Plan (IDEP).

A student who can provide other evidence of college readiness will not be required for the TSI assessment. Students may be exempt if they can show:

o ACT – administered before February 15, 2023: composite score of 23 with a minimum of 19 on the English test shall be exempt for both the reading and writing sections of the TSI Assessment and/or 19 on the mathematics test shall be exempt for the mathematics section of the TSI Assessment.

## Withdrawal from the University

Students dropping their entire course load during any semester, even if it is just one course, are withdrawing from the university. Please visit <https://www.sulross.edu/registrar/schedule-changes/withdrawal-from-all-classes/> for instructions.

## Refunds

Refunds for dropped courses and withdrawals are made according to the refund schedule.

### **Obligation to Repay Funds**

Registering for courses over the Internet (LoboOnLine), via e-mail, by phone, by mail or in person creates a financial obligation to Sul Ross State University.

Withdrawal from the university or termination of attendance after the term begins obligates a student to all or partial payment of tuition and fees, possible repayment of federal or state financial aid, loss of scholarship funds, or overpayment of veteran education benefits.

Notification of a student's financial obligations may not be determined until after the student has ceased enrollment.

### Refund of Room and Board Fees

Housing applications must be accompanied with a **non-refundable** \$50 application fee. Housing is assigned on a first-come, first served basis using the date of the paid application submission.

Residential Living contracts are good for the entire academic year (August through May). Students enrolling in the spring semester will sign a Residential Living contract for the year, but will be held responsible for the components applicable during the spring semester only. Students who withdraw from the University will be billed for any additional charges or damages incurred. Students who move out of Residential Living without proper authorization and remain enrolled in the university will have all room, board and damage charges remain on the student's account.

Students must complete the checkout procedures with the Residential Living staff. The living quarters must be clean and the keys must be returned. You will be assessed for any damages sustained during the occupancy period and/or for a cleaning charge if your room or housing unit is left unclean.

### Return of Financial Assistance Funds Due to Withdrawal

As part of the withdrawal process, students are required to secure approval from the Financial Assistance office. As required by federal regulations, the Financial Assistance office will determine if the student must repay all or part of the aid awarded. Calculation of repayment is made at the time of withdrawal by determining the amount of aid the student was awarded, the amount of awarded

aid the student earned, and ultimately the awarded aid the student did not earn that must be returned to the aid program(s).

**The following steps are used to calculate the amount that must be returned to the aid program(s):**

1. Determination of the withdrawal date.
2. Determination of the amount of aid the student earned. This is done by multiplying the % of the period of enrollment that has been completed (or 100% once the student completes 60% of the enrollment period) times the aid that was disbursed and/or could have been disbursed as of the date of withdrawal.
3. Determination of the amount of aid the student did not earn. This is done by subtracting the "earned amount" from the aid disbursed as of the date of withdrawal.
4. Determination of the amount of aid the University must return. This is the amount that is equal to the total institutional charges for the payment period times the percentage of the aid that was unearned.
5. Determination of the amount of aid the student must return. This amount is equal to the aid received by the student for non-institutional expenses times the percentage of the aid that was unearned.

Special rules that apply to the return of the unearned aid include:

1. The University must return the amount of unearned aid that is equal to the total institutional charge for the payment period times the percentage of the aid that was unearned.
2. In order to satisfy the amount the University must return to the aid programs, a combination of the following resources may be used: aid not yet disbursed to the student, the student's refund as determined by the official refund schedule as posted in the University Bulletin and an additional amount to be repaid by the student.
3. The student must return the balance of the unearned aid less the amount the University returned.
4. The student's share of loans to be returned may be repaid in accordance with the terms of the loan.
5. The student's share of the grants to be returned is divided in half.
6. Excess funds will be returned in the following order: Unsubsidized Federal Stafford Loan Program; Subsidized Federal Stafford Loan Program; Federal Perkins Loan Program; Federal PLUS Program; Federal Pell Grant Program; Federal SEOG Program; Other Title IV Aid; Other State Aid; and Miscellaneous Aid.

The policy to return funds due to withdrawal may be modified at any time without prior notice in order to comply with state and federal guidelines.

Even students with excellent grade point averages sometimes have difficulty understanding or fall behind in class. The key to overcoming these difficulties is prompt action! Be sure to let your instructor know if you are having trouble understanding the material. He or she may have time before or after class or during office hours scheduled to meet with students. Your instructor will appreciate your interest in keeping up with the material and you will be able to be caught up in time to move along with the rest of the class. If you continue having problems, you might consider working with a tutor. Your instructor can give you information on tutors and tutorial programs.

The Tutoring Center in the Library offers tutoring in mathematics, reading, science, and writing. Tutoring is free to all SRSU students. When you go to the Tutoring Center, be sure to take your assignment sheet, your course syllabus, and your textbook so that the tutor can better assist you. All tutors are certified (or in the process of being certified) by the College Reading and Learning Association's International Tutor Training Program. Tutor.com is also available to students via BlackBoard.

In addition, Academic Enhancement Seminars are offered throughout each long semester. The seminars offer help in learning study and life skills necessary for success in the university environment. You can contact the Academic Center for Excellence (ACE) to learn of topics, dates, and times.

If you have missed class, you may want to ask another student for his or her notes. You should also let your instructor know any time you know that you are going to miss a class. If you let your professor know about an absence ahead of time, then your professor *may* (or may not) let you make up the course work you missed and help you get caught up. Be sure to become familiar with each of your instructors' attendance policy and try to avoid unnecessary absences.

If you are having difficulty with an individual instructor, you should first try to resolve the problem by discussing it with the instructor. If this is not successful, you should discuss the problem with the head of the department. If you feel that you are being discriminated against on the basis of age, race, color, sex, religion or national origin, refer to the "Student Grievance Procedures" listed in this handbook.

### Advising

BWML 125, Box C-61

loboden@sulross.edu

432.837.8982

432.837.8930 FAX

Becoming a successful college student requires significant adaptations and self-discipline. Effective advisement can help students adjust to university life and develop critical self-management and decision-making skills. Academic advising is designed to assist in educational planning, career and educational goal assessment, curriculum planning, and short-term course selection. They help students define a tangible roadmap toward making systematic progress in fulfilling the university requirements for a degree. We consult with students to ensure they are making satisfactory progress each semester to ensure future graduation eligibility as students continue to move towards fulfilling all requirements, alongside career counseling. When academic advising is done professionally and with careful attention to detail, students are geared toward success from the first year of their college career and beyond.

The Lobo Den Advising and Tutoring Center is located on the 1st floor of the Bryan Wildenthal Memorial Library. It is responsible for providing academic advisement, tutoring, and additional services for incoming students at Sul Ross State University. Specifically, all freshmen (including transfers with less than 30 earned credit hours), all first-time college students regardless of classification (all college credit earned by dual credit while still in high school or in Early College High School), those who have not declared a major, , and those who do not meet TSI (Texas Success Initiative) requirements are advised by the Lobo Den until such time as the conditions listed here no longer apply. At that point, students are transferred to the major academic department for advising. The Lobo Den can also assist in clarifying University policies.

A primary initiative of the Lobo Den is to provide and ensure personalized assistance to students as they explore the various resources and academic pathways available at SRSU. Advisement through the Lobo Den is directed toward aiding students in meeting the University's General Education requirements for all pursuing a baccalaureate degree. The office is available to facilitate referral to appropriate academic or campus life resources; to assist students in developing study skills and personal management strategies for academic success; and to provide support and advisement resources to faculty to ensure effective advising of students with declared majors.

Sul Ross State University supports the academic needs of its students by offering tutoring services in conjunction with academic advising. These services typically include one-on-one consultations or small group sessions between the tutee and tutor, enabling students to ask specific questions. Students can get clarification on assignments or work in-depth on writing, science, and math concepts. Working in a peer-tutoring environment removes the formal barrier between students and faculty, making students feel more comfortable and engaged. In addition, working with a peer tutor enhances students' engagement, communication, and promotes independent learning. Dependent upon each peer tutor's specialized subject area, they pride themselves on working with a wide demographic of students at all skill levels and subjects.

The Sul Ross program of athletics is an integral part of the total educational program and is subject to the same aims, policies, and objectives as other University departments and programs. The primary purpose of attending college is to obtain an education. Athletics are an important part of education and should contribute to the personal development of students. Sul Ross athletics emphasize amateur athletics and fair play with the total well-being of the student athletes in mind and the equal opportunity for participation by both male and female members of the student body.

### Game Management Policy

Administrators, coaches and student-athletes unite in this reminder to their fans to cheer for SRSU, not against visiting teams. SRSU competes under the direction of Division II of the National College Athletic Association (NCAA) in Lone Star Conference.

Host institutions carry the responsibility for crowd control, security, and seating. Therefore, unsportsmanlike conduct by players, coaches, or fans can cause game penalties or in disciplinary action and suspensions against players, coaches, and the university. Unsportsmanlike conduct includes, but is not limited to:

- o Any person who strikes or physically abuses an official, opposing coach, player or spectator.
- o Any person who intentionally incites participants or spectators to violent or abusive action.
- o Any person who uses obscene gestures or profane or unduly provocative language or action toward officials, opponents or spectators. Don't get personal in your comments about players, coaches, or officials. No profanity, vulgarity, racist, or sexist comments.
- o Any person who engages in negative recruiting, by making statements to a prospective student-athlete, parents, high school coach or other person interested in the prospective student-athlete that are not of a positive nature about another academic institution or its personnel.
- o Any person who publicly is unduly critical of any game official, conference personnel, another member institution or its personnel.
- o Whistles, air horns, or any artificial noisemakers that mimic officials or signals to start/stop play are strictly prohibited from all indoor and outdoor sporting events. Noisemakers (e.g., cowbells, horns, electric equipment, etc.) are not allowed in gymnasiums.
- o Use of alcohol or tobacco products by spectators is also prohibited under NCAA and SRSU rules.

NCAA participation stresses character development of participants, enhancement of the integrity of higher education, and promotion of civility in society. Therefore, the fundamental values of respect, fairness, civility, honesty, and responsibility should appear not only on the playing fields and courts, but in the bleachers and in all activities connected with the athletics program.

A reminder to fans to respect all student-athletes, coaches, and officials in intercollegiate athletics will be read over the loudspeaker at the beginning of each NCAA/LSC game.

## Intercollegiate Programs

Sul Ross State University has developed a competitive, well-rounded intercollegiate athletic program for both men and women. The program provides laboratory experiences for students desiring to become coaches and offers top intercollegiate competition for the student-athlete at Sul Ross.

The athletic program for men includes football, basketball, cross-country, tennis, baseball, and rodeo. Women compete in volleyball, basketball, cross-country, tennis, softball, soccer and rodeo. The Sul Ross athletic program is a member of the National Collegiate Athletic Association Division II (NCAA II), and the National Intercollegiate Rodeo Association (NIRA).

Athletic events are a lot of fun for spectators, too. Your student ID allows you free admission into all of these events. Most of the athletic facilities are located within walking distance of the main campus. Softball is played at Lady Lobo Field across the street from Jackson Field where football games and track meets are held. Baseball is played at Kokernot Field. Basketball and volleyball games are held in the Pete P Gallego Center and rodeos are held in the lighted covered arena known as the San Antonio Livestock Exposition, or S.A.L.E. Equine Center, about one mile east of the main campus. Sul Ross is also a member of the Lone Star Conference (LSC).

### Counseling

Counseling is an integral part of the student-centered educational mission at Sul Ross State University. The staff of the Counseling Center wants students to be successful. We strive for our campus to be a safe and healthy learning environment for all involved-students, staff, and faculty. Our role is to facilitate positive change and promote mental health and emotional well-being on campus. We provide:

- o Workshops, presentations, and activities promoting mental health
- o Off-campus referrals in the local and surrounding areas
- o Mental health screenings
- o Group counseling/support groups
- o Individual counseling

Any problem which is interfering with a person's ability to function well in the academic or non-academic environment is appropriate for counseling. We provide short term counseling to address such issues as:

Adjusting to College

Homesickness

Depression

Anxiety

Test Anxiety

Suicidal Thoughts/Feelings

Relationship Issues

Substance and Alcohol Abuse

Self Esteem

Eating Disorders

Personal Growth and Development

Other Related Mental Health Issues

The Texas State University System has partnered with TimelyCare to offer 24/7/365 telehealth counseling support for our Sul Ross students. Students will be provided nine sessions per year as part of their student fees.

Students have paid for our services through their student fees, so there are no additional associated fees. Sessions are confidential with the exception of a few rare situations which are reviewed with the student/client prior to the start of the counseling relationship. Counseling is available to enrolled students, staff, and faculty of Sul Ross State University and their spouses/partners and children, as scheduling allows. Please call, 432.837.8203, or stop by our office, Ferguson Hall 112, to speak with one of our licensed professional counselors. You can also email our counselors at, [counseling@sulross.edu](mailto:counseling@sulross.edu). We offer both in person and telehealth options. Our office is open Monday-Friday, 7am to 5pm.

### Accessibility Services

Sul Ross State University supports equal employment and educational opportunities for all persons. No person shall be excluded from participation in, denied the benefits of, or be subject to discrimination under any program or activity sponsored by Sul Ross State University on any basis prohibited by applicable law, including but not limited to race, color, national origin, religion, sex, age, or disability.

The University is committed to equal access in compliance with the Americans with Disabilities Act of 1990 (ADA) and Section 504 of the Rehabilitation Act of 1973. Accessibility Services assists students with disabilities in providing academic programming accommodations.

Services available to all SRSU students include consultation, information and referral as well as personal counseling and academic support. A student is eligible for disability services if they have been admitted to Sul Ross State University, have a documented physical or mental impairment that substantially limits one or more major life activities and a record of such impairment. Qualified students with disabilities who need academic adjustments, auxiliary aids or services or other accommodations must register with the Accessibility Services Representative. It is the student's responsibility to bring disability documentation with them to an appointment with the Accessibility Services Coordinator to discuss their individual needs at this time. Each request is considered on an individualized, case-by-case basis. As considerable time may be involved in obtaining complete and adequate documentation and arranging for qualified service providers, prospective and current students should request services in a timely manner, well in advance of the anticipated need.

Recent disability documentation from appropriate qualified professionals must be provided by the student to establish current functional limitations and the impact of the disability. Any recommendations for specific accommodations may be helpful in making determinations and these will be considered as part of the documentation review process. Documentation of disability status and other related information is handled in a confidential manner and is maintained in files separate from a student's educational record. Both academic and non-academic accommodation requests are facilitated through the Accessibility Services Office. Requests involving non-academic accommodations such as University housing, physical access, etc. will be referred and processed through appropriate departments. Academic accommodations for which a student is eligible are outlined in letters to faculty members. For online classes and remote learning, letters will be emailed to the professor/TA and the student will be included. If requested, Accessibility Services is available to facilitate communication between a student and faculty members regarding accommodations by meeting with the student and the faculty member. It is the responsibility of the student to inform the office in a timely manner if accommodations are not effective.

In compliance with applicable laws, unless Sul Ross State University can demonstrate that an academic requirement is an essential component of a degree or program, the University will make reasonable adjustments to requirements to ensure that the requirements do not discriminate against qualified students with disabilities.

If a student feels that they have been discriminated against based on disability, it is recommended that the student first attempt to resolve the issue directly with the individual or group suspected of discrimination. If this procedure is non-productive, a second step may be to seek assistance from the Accessibility Services Coordinator.

To make an appointment to discuss accommodations, you can call the Alpine office at (432) 837-8203. RGC students can call Alejandra Valdez at (830) 758 – 5006.

## Financial Aid

Center for Enrollment Services  
Lawrence Hall Room 102, Box C-2  
432.837.8050  
fa@sulross.edu

While attending college, do you require financial aid to help cover educational expenses? If so, the Sul Ross Financial Aid team will be able to discuss different options. There are numerous sorts of financial aid available, including need-based aid, scholarships, work-study, and loans. The FAFSA must be completed annually and can be completed online (<https://studentaid.gov/>). To ensure that your file is completed as quickly as possible, additional documentation may be necessary.

## Need-Based Aid

Need-based aid is available through federal and state sources. This aid is awarded based on the results received from the FAFSA. **This aid is gift aid and will not need to be repaid as long as student attends classes and stays in good financial aid status.**

## Scholarships

The majority of Sul Ross State University's annual scholarship recipients are full-time; these scholarships are available to new and returning students. The application period begins on November 15 and ends on February 15.

[Home Page \(awardspring.com\)](#)  
[Scholarship List- Sul Ross](#)

## Work Study

Part-time campus employment can be found through the Federal College Work-Study Program, Texas College Work Study, or through institutional funds. Eligibility for the Federal College Work-Study Program is based on the annual results of the FAFSA, and notification of your eligibility will be sent to you through a Financial Aid offer and/or by accessing the Financial Aid page of your Student Dashboard. If work-study eligibility was included in the financial aid award, it is the student's responsibility to find a job on-campus to benefit from this program – these funds will not be automatically credited to the student's account.

## Federal Student Loans

The William D. Ford Federal Direct Loan Program provides students with Subsidized, Unsubsidized, or Parent Plus loans from the Department of Education. Award are determined using the information provided on the FAFSA and your Cost of Attendance. There are yearly and lifetime limits on Subsidized and Unsubsidized loans that also determine the amounts awarded to you.

A first-time borrower must complete entrance counseling and a master promissory note (MPN) before federal aid can be disbursed. Students can complete the MPN and entrance counseling at Complete the Financial Aid Process | Federal Student Aid.

### Federal Parent Plus Loan

Parent Plus loans are available to assist parents to cover the remaining cost of their dependent undergraduate students' education. The money goes directly towards the student's balance and any loan amount remaining will then be sent to the parent or student as a refund (per the request of the parent on the application).

The interest rate for a Parent Plus loan is published annually on studentaid.gov. Interest will begin to accumulate once it has been disbursed. Repayment on the Parent Plus loan is completed by the parent and they can request for the repayment to be deferred as long as their student remains enrolled.

### Alternative Student Loans

Private lending institutions fund alternative student loans. It is highly recommended that you seek available Federal Direct Loan options from FAFSA before you apply for an Alternative loan as they offer more benefits such as lower interest rates and do not rely on a student's credit.

- Each private lender will have their own set of eligibility criteria, interest rates, and repayment requirements
- Alternative loans are based on a *student's* credit history and often require a co-signer
- Alternative loans are primarily used when federal aid and scholarships do not cover a student's Cost of Attendance (COA)
- The loan amount requested cannot exceed your Cost of Attendance (COA) minus other financial aid
- Due to Federal Lending Laws, private lenders are required to provide multiple disclosures to the Student borrower and to collect a Self-Certification Form

In accordance with the Drug Free Schools and Campuses Drug Prevention Program Certification, Sul Ross State University has adopted and implemented a program to prevent the unlawful possession, use, distribution or dispensing of illicit drugs and alcohol by its students and employees on school premises or as part of any of its activities. Sul Ross State University recognizes the importance of information about drug and alcohol abuse. Therefore, provided here for the benefit of each student and employee are standards of conduct, and legal and disciplinary sanctions for unlawful possession or distribution of illicit drugs and alcohol abuse. Listings of area resources for drug/alcohol counseling, rehabilitation and re-entry are available in the Counseling and Accessibility Services Office in Ferguson Hall Room 112.

A biennial review of this program will be conducted by Sul Ross State University to determine its effectiveness, to implement changes to the program if they are needed and to ensure that its disciplinary sanctions are consistently enforced.

### Disciplinary Sanctions Students

All students are expected and required to obey the law, to comply with the *Rules and Regulations* of the Texas State University System and Sul Ross State University and with directives issued by an administrative official in the course of his or her authorized duties. Students are expected also to observe standards of conduct appropriate for an academic institution.

Students who engage in conduct that is prohibited by the Texas State University System or Sul Ross State University Rules and Regulations or by federal, state or local law are subject to discipline; whether such conduct takes place on or off campus or whether civil or criminal penalties are also imposed for such conduct.

Illegal possession, use, sale or distribution of any drug, narcotic, paraphernalia or controlled substance, on or off campus, will lead to disciplinary action. If a student is found guilty of a drug-related offense he or she is subject to discipline, ranging from mandatory, university or college approved counseling to expulsion. Mitigating or aggravating factors in assessing the proper level of discipline shall include, but not necessarily be limited to, the student's motive for engaging in the behavior; disciplinary history; effect of the behavior on safety and security of the university or college community; and the likelihood that the behavior will recur. A student who has been suspended, dismissed, probated or expelled from any system Component shall be ineligible to enroll at any other system Component during the applicable period of discipline. The registrar of each Component is authorized to make an appropriate notation on the student's transcript to accomplish this objective and to remove the notation when the student's disciplinary record has been cleared

## Employees

The unlawful use, possession, dispensing or distribution of drugs or alcohol may result in a disciplinary penalty of disciplinary probation, demotion, suspension without pay, or termination, depending on the circumstances.

## Health Risks

Negative consequences may be exhibited through:

- Physical dependence (the body's learned requirement of a drug for functioning).
- Abuse of any drug or alcohol whether licit or illicit may result in marginal to mark and temporary to permanent physical and/or psychological damage, even death. Since many of the illicit drugs are manufactured and sold illegally, their content varies and may contain especially harmful ingredients or amounts.
- Psychological dependence (the experiencing of persistent craving for the drug and/or a feeling that the drug or alcohol is a requirement for functioning).

Regardless of the type of drug or alcohol utilized, a perceived need for the continued use is likely to ensue, resulting in dependence.

Dependence on drugs and/or alcohol alters the user's psychological functioning. The acquisition of drugs and alcohol becomes the primary focus of the drug dependent individual and often results in reduced job performance, and jeopardized family and other interpersonal relationships. Criminal behavior is frequently the means for financing a drug habit. Behavior patterns often include violence and assault, as the individual becomes increasingly drug/alcohol dependent. Social and psychological alienation and medical problems increase as the abuser becomes entrapped in drug/alcohol dependence.

Drug and alcohol abuse counseling and referral are available through the Counseling Center (CAC) office located in Ferguson Hall Room 112. Additional information, both on the effects of specific drugs and alcohol and drug counseling resources in the Alpine and Midland/Odessa areas, is also available through this office.

## Legal Sanctions

Students and employees found in violation of any local, state or federal law regarding the use, possession or distribution of alcohol or other drugs (as defined by the Texas Health and Safety Code, Subtitle C. Substance Abuse Regulations and Crimes) will receive the full legal penalty in addition to any appropriate University disciplinary action as stated in this publication.

## Facilities Use Policy

The Facility Use Policy is intended to facilitate the fair allocation and efficient use of facilities at Sul Ross State University and to provide for the uniform and consistent administration of facility usage. For more information visit the [University Facilities Use Policy](#).

## Financial Aid & Satisfactory Academic Progress Policy

Lawrence Hall 100, Box C-2

Email: [fa@sulross.edu](mailto:fa@sulross.edu)

Federal regulations require Sul Ross State University to establish and apply reasonable standards of satisfactory progress for the purpose of receiving financial aid under the programs authorized by Title IV of the Higher Education Act. The Office of Financial Aid has oversight of student financial aid programs intended to help students achieve access to higher education and accomplish academic goals. Each aid recipient must maintain satisfactory academic progress in a course of study leading toward a degree or certificate. Financial Aid Satisfactory Academic Progress (SAP) is measured after each long semester.

## Undergraduate Students

### GPA

All undergraduate students:

- o Must maintain a cumulative grade point average (GPA) of 2.0 to remain in good standing.
- o Will be placed on Financial Aid Warning if their cumulative GPA falls below 2.0. Students on Financial Aid Warning are eligible to receive financial assistance but are cautioned to strive to improve their academic standing.
- o The grade for a course is not calculated in the grade point average if the course is repeated and a passing grade is received. For repeated courses the final grade will be counted and all hours attempted, including repeated courses, will count toward the time limit below.

Undergraduate students on Financial Aid Warning will be placed on Financial Aid Suspension if they fail to achieve a cumulative GPA of 2.0 at the end of their semester of warning.

### Completion

In addition to maintaining the overall GPA requirement, students must make reasonable progress toward their degree or certificate. All undergraduate students:

- o Must successfully complete at least 67% of all hours attempted. Grades of F, W, PR, and I are not considered as satisfactory completion, but do count as attempted hours.
- o Will be placed on Financial Aid Warning if their overall percentage of completion rate falls below 67%.

Undergraduate students on Financial Aid Warning will be placed on Financial Aid Suspension if they fail to achieve an overall completion rate of 67% at the end of their semester warning.

### Time Limits

All undergraduate students:  
frames:

Certificate	68 Hours	Attempted
Associate Degree	107 Hours	Attempted
Bachelor's Degree	180 Hours	Attempted
Second Degree	45 Hours	Attempted

Undergraduate students who have exceeded these time limits will no longer be eligible for financial aid. These limits include all courses attempted, including summer sessions, periods when the student doesn't receive any Title IV aid, work toward all degrees (regardless of change in major or degree), withdrawn courses, and repeated courses.

## Graduate Students

### *GPA*

All graduate students:

- o Must maintain a cumulative grade point average (GPA) of 3.0 to remain in good standing.
- o Will be placed on Financial Aid Warning if their cumulative GPA falls below 3.0. Students on Financial Aid Warning are eligible to receive financial aid but are cautioned to strive to improve their academic standing.

Graduate students on Financial Aid Warning will be placed on Financial Aid Suspension if they fail to achieve a semester GPA of 3.0 at the end of their semester of warning.

### *Completion*

In addition to maintaining the overall GPA requirement, students must make reasonable progress toward their degree or certificate. All graduate students:

- o Must successfully complete at least 67% of all hours attempted. Grades of F, W, PR, and I are not considered as satisfactory completion.
- o Will be placed on Financial Aid Warning if their overall percentage of completion rate falls below 67%.

Graduate students on Financial Aid Warning will be placed on Financial Aid Suspension if they fail to achieve an overall completion rate of 67% at the end of their semester of warning.

### *Time Limits*

All graduate students are expected to complete their program of study within 54 hours attempted, after which they will no longer be eligible for financial aid.

## Financial Aid Suspension

Financial Aid Warning is limited to one semester. A student who fails to meet the overall standards while on Financial Aid Warning will be placed on Financial Aid Suspension.

## Appeal of Financial Aid Suspension

Students with special circumstances may appeal their Financial Aid Suspension in writing to the Financial Aid Appeals Committee. Forms are available on the Financial Aid homepage. The Financial Aid Office may also be contacted for information on appeals filing deadlines. The decision of the Financial Aid Appeal Committee will be final. Appeals may be made based on:

- o A death in the immediate family

- o Serious injury or illness of the student or a member of the immediate family
- o Improvement sufficient to meet required standards in hours and/or GPA while attending a subsequent semester at student's own expense
- o Special circumstances to be reviewed on a case-by-case basis. (Students on Financial Aid Suspension who have not attended college for at least one calendar year may appeal based on change of circumstances.)

A student whose appeal is granted will be reinstated on Financial Aid Probation and may receive financial aid for only one upcoming semester/term. A student on Financial Aid Probation must complete the probationary period with at least a 2.0 GPA (3.0 for Graduate) and complete 67% of all their coursework.

A student on Financial Aid Suspension whose appeal is denied may attend SRSU at his/her own expense, if eligible.

Financial Aid may be reinstated under the following conditions:

- o The required cumulative GPA is attained; and
- o An overall completion rate of 67% of hours attempted is achieved.

### Texas Public Education Grants and Loans

Pursuant to *Education Code, Chapter 56*, the following guidelines approved by the Coordinating Board shall be utilized for awarding Texas Public Educational Grants, Emergency Tuition and Fees Loans, and Toward Excellence, Access, & Success (TEXAS) Grants by the universities in the Texas State University System.

In order to provide a program to supply grants and loans to students attending the colleges/universities under the governance of the Board of Regents, Texas State University System, each college/university shall set aside for the 1992-93 and subsequent academic years, not less than 15 percent nor more than 20 percent out of each resident and three percent out of each non-resident student's tuition charge under *Section 54.051* as provided by the General Appropriations Act for the applicable academic year. Of the funds set aside pursuant to this section, not more than 90 percent shall be used for Texas Public Education Grants and not more than 10 percent shall be used for emergency loans to students.

### Criteria for Awarding Grants

1. Enrollment. Grants are to be made only to students who actually enroll in the term or terms for which the grant is awarded.
2. Need Grants shall be based upon financial need of the applicant and may be used to aid students who may have demonstrable financial need but are ineligible for other aid programs.
3. Needs Analysis Procedures. Financial needs of students are to be determined by use of the application for student financial assistance. Although the University, in its discretion, may consider factors not covered by the "needs based" financial assistance programs. In such case, the University must state in writing the reasons for its decision.

4. Separation of Funds. Funds set aside from resident student tuition charges may be used only for grants to resident students. Funds set aside from nonresident student tuition charges may be used only for grants to nonresident students. After the end of the sixth class week of each semester, the University may transfer any excess funds set aside from tuition paid by resident or nonresident students to the fund set aside for grants awarded to the other class of students. Priority for awarding grants from any excess funds set aside from tuition paid by resident students shall be given to resident students.

5. Transfer of Funds. Any or all of the funds set aside for making Texas Public Education Grants may be transferred to the Coordinating Board, to be used for matching federal or other grant funds for awarding to students at the University provided such amounts can be equally matched by funds held by the Coordinating Board and further provided unencumbered funds transferred are returned upon request of the University president.

6. Full Use of Funds. At the end of a fiscal year, if the total amount of unencumbered funds that have been set aside under this program by a University, together with the total amount of unencumbered funds transferred by the University to the Coordinating Board, Texas College and University System, exceeds 150 percent of the amount of funds set aside by the University in the fiscal year, the University shall transfer the excess amount to the Coordinating Board for the purpose of awarding scholarships as provided by law to students at other universities.

7. Scholastic or Disciplinary Probation. Returning students who are not maintaining satisfactory academic progress and all students on disciplinary probation may be ineligible for grants.

#### Criteria for Awarding Institutional Loans

1. Eligibility. Loans are to be made only to students accepted for enrollment as a regularly admitted student and/or enrolled in good standing and maintaining satisfactory progress in a program leading toward a degree. Students paying tuition on a basis other than semester credit hours have the same eligibility criteria and loan terms as students paying tuition on the basis of semester credit hour loans. Students in default on other student loans are ineligible.

2. Need. Borrowers must evidence a need for the loan by submitting a loan application stating the purpose and amount of the loan requested, and the method of repayment.

3. Emergency Loans. Eligible student borrowers shall be assisted in obtaining emergency loans based on the order in which their applications are received.

4. Maximum Loan Amount. The maximum loan amount per student for each semester shall not exceed the tuition, fees, and room and board charges assessed for the semester in which the student is enrolling. The University may deduct the students' unpaid indebtedness, penalties, and late charges from the loan proceeds and apply them to this indebtedness.

5. Promissory Note. Each loan must be evidenced by a promissory note, which must be executed prior to the disbursement of funds. The University may require a borrower to secure a cosigner who evidences ability and willingness to repay in the event the borrower defaults.

6. Interest. The University may charge interest on these loans at an annual rate not to exceed five percent. In lieu of an interest bearing promissory note, the University may collect a loan origination fee for each loan, with such origination fee not to exceed an amount equal to the maximum amount of interest that could be charged for the loan. Appropriate truth-in-lending statements shall be executed.

7. Repayment. Except as provided in the two following sections, borrowers will have a maximum repayment period of 90 days from the date of execution of the promissory note. The repayment schedule should allow for three equal installments within the 90-day period or a term note payable 90 days from the date the promissory note was executed. The length of the borrower's enrollment will determine repayment of loans for summer sessions proportionately.

8. Deferred Repayment. A resident of Texas for tuition purposes, upon a finding by the University that such individual would be deprived of an education due to a lack of financial ability may defer repayment of the loan as allowed by law and in accordance with guidelines adopted by the Texas Higher Education Coordinating Board.

9. Forgiveness of Loans. The University will forgive loans in accordance with guidelines adopted by the Texas High Education Coordinating Board for the determination of extreme financial hardship and other instances in which the public interest is served if a loan is forgiven.

### Medical Amnesty Policy

The Student Life Office recognizes that the potential for disciplinary action may act as a barrier to students seeking medical assistance for them self or other students in alcohol or other drug-related emergencies; therefore, Sul Ross State University maintains a medical amnesty protocol. In these incidents, the primary concern is the well-being, health and safety of students.

Students needing medical assistance during an alcohol or other drug-related emergency will not face formal disciplinary action by the Student Life office for the mere possession or use of alcohol or drugs. The recipients of medical attention will avoid formal discipline action if they participate in a referral with the Dean Student Life within 5 days of the incident and comply with any recommendations made by the Dean. Additionally, the student(s) or a student organization seeking medical assistance for another person during an alcohol or other drug related emergency will not face formal disciplinary action by the Student Life Office for the mere possession or use of alcohol or drugs. In order to acquire medical amnesty, these individuals or representatives from organizations may need to meet with the Dean of Student Life within 5 days of the incident and comply with any recommendations made by the Dean of Student Life.

Medical amnesty applies only to alcohol or other drug-related medical emergencies but does not apply to other prohibited conduct such as assault, property damage or distribution of illicit substances. In cases where an individual or organization fails to seek emergency medical assistance when it is clearly indicated, formal disciplinary action will be taken against the individual(s) or organization.

#### **What does medical amnesty mean?**

Medical amnesty is meant to ensure and protect the health and well-being of undergraduate students by allowing them to receive necessary medical attention in an alcohol or drug related emergency without having formal disciplinary action on file.

They will however, participate in counseling and alcohol and/or drug education programs.

In order to qualify for medical amnesty, the student must obtain medical attention at the time of the incident and must meet with the Dean of Student Life within 5 days of the incident and agree to comply with the conditions set forth by the Dean. If these conditions are met, there will be no discipline case and the incident will become part of the student's permanent record.

If the student does not follow these stipulations, she or he does not qualify for medical amnesty and is subject to the discipline process as provided by the Student Code of Conduct in the SRSU Student Handbook.

It is the expectation of the University that a student use the medical amnesty policy once; it is an opportunity for a student to learn from a mistake and avoid such mistakes in the future. Therefore, after the first incident, the availability of medical amnesty to the student is at the discretion of the Student Life office.

Medical amnesty may also apply to any student(s) or student organization(s) that help a student in need to receive medical attention. This will allow students who may also have been drinking to care for their friends without worry of facing a potential discipline process for themselves. Students and organizations that assist those in need may also have to meet certain conditions for medical amnesty, but they will not be charged under the Student Code of Conduct.

Students and organizations that help others seek medical assistance should always feel empowered to help those in need.

### [Missing Person Policy](#)

If you have concerns that a student is missing, please inform the University Police Department, the Residential Living Department, the Dean of Students Office, or any university employee.

Any university employee notified of the concern for a missing person should gather names and contact information of the reporting individual and basic information about the missing person. The employee should report the information to UPD for a thorough review of status. Sul Ross State University Police Department exercises diligent care in the conduct of missing person inquiries and investigations. In the process of the investigation, other departments on campus may be called upon to assist and/or review information needed.

### **Missing Student Notification Policy**

Any on-campus student may submit a contact name to the Residential Living or Dean of Student's Office for instances of notification if they are identified as a missing person. This process is available during move-in procedures, as well. Federal law requires that the University report both to the University Police Department (UPD) and to the student's designated contact person when campus residents are determined missing for 24 hours ( i.e., no one can identify where they are). If the missing student is less than 18 years of age and not emancipated, the University is also required to notify their parent or guardian.

### [Religious Holy Days Absence](#)

In accordance with Texas Education Code 51.911, SRSU shall excuse a student from attending classes or other required activities, including examinations for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence. "Religious holy day" means a holy day observed by a religion whose places of worship are exempt from property taxation under Section 11.20, Tax Code.

## Student Death Response & Reporting Procedures

I. Purpose and Scope: The death of a Sul Ross State University student is a tragic event for the family and friends of the deceased as well as a special loss for the general SRSU Community. When the death of a SRSU student occurs, whether on or off campus, it is incumbent upon SRSU officials and administrative offices to provide timely, caring, and professional assistance to the family and/or survivors of the deceased as well as provide support for those grieving in the SRSU Community.

A student death may require a range of actions from a variety of responders including:

SRSU Police Department officers, medical professionals, Dean of Students Office staff, Residential Living staff, and other pertinent SRSU officials and/or administrative offices. The specific types of actions provided by these responders will depend on whether the student death was the result of an accident, natural causes, a suspected suicide, a suspected homicide, or another type of emergency situation. Therefore, the purpose of this policy is to set forth the notifications that should occur immediately following the discovery of a student death, identify the general type of responses expected, but not prescribe the specific actions of those responding to the death.

II. Policy Statement: The purpose of this policy is to establish a framework which supports a humane and caring response, identify a procedure which will ensure that proper notifications are made to the appropriate University administrative offices, and establish Dean of Students Office as the administrative office that is responsible for coordinating the University response and support in the case of a student death.

### Sexual Assault/Rape Procedures

We desire to have a community where there is trust and mutual respect. However, sometimes men and women engage in acts which betray this trust and respect. The Counseling and Accessibility Services offers programs on the awareness and prevention of sexual assault, and the promotion of healthy relationships.

Texas law defines sexual assault as: Penetration with any object by a man or woman against a man or woman without consent. Consent implies the specific communication of yes. Silence does not indicate consent. Consent is not based on what the subject is wearing, not based on reputation, but must be freely given. There are three categories of people who cannot give consent:

1. Children (Texas Penal Code defines a child as a person under 17 years of age who, for purposes of the sexual assault statute is not the spouse of the actor),
2. Persons under the influence of alcohol or other drugs (impaired, intoxicated, incapacitated), and
3. Persons who are mentally incapacitated. If consent is obtained by force, this invalidates the consent. Force includes threats, intimidation, emotional pressure and coercion.

### **Immediately following a sexual assault:**

- **Go to a safe place.**
- **Call someone you trust.** You should not be alone.
- **Do not clean up.** It may be difficult to keep from cleaning yourself up, but if you do, you may destroy evidence that could be useful should you decide to report the assault to the police. Don't wash up, douche, change clothes, eat, brush your teeth, go to the bathroom, or brush your hair. If you have already changed clothes, place the clothes you were wearing at the time of the assault in a **paper** bag to preserve them for evidence. Even if you are not sure about reporting the assault, it makes sense to preserve the option of reporting until you make a final decision.

### **Within 24 hours of a sexual assault:**

- Secure medical consultation regardless of your intent to report the assault.
- 1. Medical staff can evaluate any injuries you may have suffered, screen for sexually transmitted diseases and pregnancy, and prescribe "morning after" emergency contraception. Such contraception can be used up to 72 hours after intercourse.
- 2. Strongly consider securing your medical consultation from an S.A.N.E. (Sexual Assault Nurse Examiner) nurse.
- 3. Consult with someone who can help you review your options for reporting a sexual assault.

**In the days following a sexual assault:** ○ Consult with a counselor. Many survivors of sexual assault experience troubling emotions in the wake of the assault. Sometimes these emotions occur immediately after the assault and sometimes they occur later. It isn't uncommon for survivors to experience shock, anger, helplessness, self-blame, shame, problems with eating and sleeping, difficulty concentrating, mood swings, irritability, denial and fear.

○ Sul Ross State University provides counseling services and community referrals free of charge to enrolled students, faculty and staff through the Counseling and Accessibility Services, Ferguson Hall Room 112; phone 432.837.8203.

### **The administration of student discipline at Sul Ross:**

- The Dean of Student Life shall have primary authority and responsibility.
- Focus is usually, but not always, upon behavior which occurs on campus property.
- Procedurally very different from a criminal proceeding.
- Disciplinary procedures and behavioral regulations are listed in this supplement under Student Conduct and Discipline,

Federal, state and local laws also apply to campus property.

Students can be subject to disciplinary action by the University and criminal proceedings by federal, state or local law enforcement agencies for the same offense.

- Any student who violates a University regulation or a federal, state or local law is subject to disciplinary action, including expulsion, notwithstanding any action taken by civil authorities on account of the violation. The University shall notify students that:
- The institution will make changes in a victim's academic and living situation if reasonably possible.
- The University shall keep reports of sexual assault/rape and terms of their resolution confidential, to the fullest extent allowed by law.

### Expressive Activity

As Sul Ross State University recognizes the constitutional rights and privileges of freedom of speech in expressive activities by individuals and groups on campus. The 86th Legislature passed Senate Bill 18, known as the Campus Free Speech Bill, which added Section 51.9315 to the Education Code.

The **definitions of terms** used in the rule include both the singular and plural version of the term:

Examples of traditional public forums include public streets, sidewalks, plazas, lawns, and parks. These areas are generally available for expressive activity, planned or spontaneous, for the individual or small groups (generally where a crowd of 25 or less will be present, and/or where an event is not promoted in advance, and/or when an event is not sponsored by a student organization) at any time without the need for reservation, or prior approval. The registrar of a Component is authorized to make an appropriate notation on the student's transcript to accomplish this objective and to remove the notation when the student's disciplinary record has been cleared.

### Academic Honesty

The University expects all students to engage in academic pursuits in a manner that demonstrates honesty and integrity, both inside and outside of the classroom. Academic dishonesty erodes the foundation of higher education, jeopardizes the quality of education, and depreciates the genuine achievements of others. It is a responsibility of all members of the Sul Ross State University community to actively deter it. Apathy or acquiescence in the presence of academic dishonesty is not a neutral act -- failure to confront and deter it will reinforce, perpetuate, and enlarge the scope of such misconduct.

Sul Ross State University students are responsible for authenticating any assignment submitted to an instructor or graduate committee. If asked, a student must be able to produce proof that the assignment submitted is indeed the work of that student. Students must keep appropriate records at all times. The inability to authenticate one's work, should the instructor or graduate committee request it, is sufficient grounds to initiate an academic dishonesty case.

All academic dishonesty cases may be first considered and reviewed by the faculty member. If the faculty member believes that an academic penalty is necessary, he/she may assign a penalty but must notify the student of his/her right to appeal to the department chair, the dean and eventually, to the Provost and Vice President for Academic Affairs before imposition of the penalty. At each step in the process, the student shall be entitled to written notice of the offense and/or of the administrative decision, an opportunity to respond, and an impartial disposition as to the merits of his/her case. The decision of the Provost and Vice President for Academic Affairs shall be final.

In the case of flagrant or repeated violations, the Vice President for Academic ~~and~~ Affairs may refer the matter to the Dean of Students for further disciplinary action. No disciplinary action shall become effective against the student until the student has received procedural due process except as provided under Interim Disciplinary Action.

Any of the following acts constitute academic dishonesty. This listing is not, however, exclusive of any other acts that may reasonably be said to constitute academic dishonesty. Clarification is provided for each definition with a listing of some prohibited behaviors.

**1. Cheating:** Intentionally using or attempting to use unauthorized materials, information, notes, study aids, or other devices and materials in any academic assignment or activity.

Clarification:

a. Students completing any examination are prohibited from looking at another student's examination and from using external aids (for example, books, notes, calculators, conversation with others, electronic devices) unless specifically allowed in advance by the instructor.

b. Students may not have others conduct research or prepare work for them without advance authorization from the instructor.

c. Students may not acquire answers for any assigned work or examination from any unauthorized source. This includes, but is not limited to, the services of commercial term paper companies; the purchasing of answer sets to homework from tutoring companies; and the acquisition of past examinations or papers from students previously enrolled in the course.

d. Collaboration with other students in the completion of assigned work is also prohibited unless specifically authorized by the course instructor. Students should assume that all assignments are to be completed individually unless the instructor indicates otherwise.

**2. Fabrication:** Making up data or results and recording or reporting them.

Clarification:

a. The intentional invention and unauthorized alteration of any information or citation in any academic exercise.

b. "Invented" information shall not be used in any laboratory experiment, report of results, or academic exercise. It would be improper, for example, to analyze one sample in an experiment and then "invent" data based on that single experiment for several more required analyses.

c. Students shall acknowledge the actual source from which cited information was obtained.

d. Changing information on tests, quizzes, examinations, reports, or any other material that has been graded and resubmitting it as original for the purpose of improving the grade on that material.

3. **Falsification:** Manipulating research materials, equipment, or processes, or changing or omitting data or results such that the research or academic work is not accurately represented in the research or work record.

## Administration of Disciplinary Procedure

The Dean of Students shall have primary authority and responsibility for the administration of student discipline at Sul Ross State University and for investigating allegations that a student has violated System and/or University rules and regulations, or specific orders and instructions issued by an administrative official of the University. The Dean of Students may designate an appointee to carry out disciplinary functions.

The Dean of Students or his/her appointee hereto referred to as officer, will investigate the alleged violations. During the investigation, if the student is available, the officer will give the student an opportunity to explain the incident. If the officer concludes that the student has violated a System or University policy, the officer will determine (but not assess) an appropriate disciplinary penalty.

The officer will discuss his or her findings and his or her determination of an appropriate penalty with the student, if the student is available, and will provide the student an opportunity to either accept or reject the officer's decision. If the student does not attend the hearing, notification of

determined sanctions will be sent from the Student Life email, identifying five (5) day deadline to appeal.

1. Administrative Disposition. If the student accepts the officer's decision, the student will so indicate in writing and waive his or her right to a hearing. The officer may then assess the disciplinary penalty. If the student does not accept the officer's sanction but does accept the officer's decision of guilt, the student may appeal to the administrative official who is the next highest person in the chain of command. By appealing to the next highest administrative official, the student waives all right to a formal hearing with the Disciplinary Hearing Committee.

2. Disposition through a Formal Hearing. If the student does not execute a written waiver of the formal hearing process and disputes the facts upon which the charges are based, such charges shall be heard and determined by a fair and impartial committee, hereinafter called the Disciplinary Hearing Committee. The Committee consists of five (5) members of the University faculty and five (5) students. The students shall be nominated by the Student Government Association Senate and selected by the President for one-year terms. Faculty members are selected by the President and serve three-year rotating terms. The President also selects a faculty member of the Committee to serve as chair for a one-year term. A hearing may be convened with 2 (two) faculty and 2 (two) student members are available.

Such charges shall be heard and determined by the Disciplinary Hearing Committee or by the next level hearing official, but not by both.

### Formal Procedures for Appeal

The following is the process to be followed in all matters except in Title IX Sexual Misconduct matters. All sexual misconduct matters are governed by the Texas State University System Sexual Misconduct Policy.

Except in those cases where immediate interim disciplinary action has been taken under authority of Interim Disciplinary Action, or by agreement of the Dean and the accused student, the accused student shall be given at least five (5) class days written notice by the Student Life Office or a designated appointee of the date, time, and place for a formal hearing and the names of the current Disciplinary Hearing Committee members. Details regarding Interim Disciplinary Action are explained in Reviews.

Upon a hearing of the charges, the University representative has the burden of going forward with the evidence and the burden of proving the charges by the greater weight of the credible evidence. The hearing shall be conducted in accordance with the procedures adopted by the University that assure both parties (University representative and the accused student) the following rights:

1. Both parties will exchange lists of witnesses, expected testimony, copies of documents to be introduced, and notice of intent to use legal counsel, at a reasonable time prior to the hearing. Each party shall have the right to appear and present evidence in person and to be advised during the hearing by a designated representative or counsel of choice. Each party shall limit its presentation to relevant evidence. The accused student must attend the hearing if the student desires to present evidence. If the student fails to appear, the hearing may proceed.

2. Both the University representative and the accused student shall have the right to question witnesses. The accused student may question witnesses with the advice of his/her designated representative or counsel. All questions shall be limited to relevant evidence. The accused student's representative or counsel is not permitted a speaking role in the procedures.

3. The hearing will be recorded. If either party desires to appeal the finding, a copy of the recording will be produced at the expense of the party appealing the finding and both parties will be furnished a copy for appeals purposes only.

#### Students Right to Challenge Impartiality

The accused student may challenge the impartiality of the Hearing Officer or a member of the Disciplinary Hearing Committee at any time prior to the introduction of any evidence. The Hearing Officer or member of the Committee shall be the sole judge of whether he or she can serve with fairness and objectivity. In the event the challenged member of the Hearing Committee chooses not to serve, the VP of Student Affairs will choose a substitute.

#### Determination of Hearing (Penalties)

The hearing officer or hearing committee shall render a decision to both parties as soon as practicable as to the guilt or innocence of the accused student and shall, if necessary, assess a penalty or penalties. These penalties, which are not exclusive but may be imposed together with other penalties, include, but are not necessarily limited to:

1. Verbal or Written Warning – The student is notified that he or she is in violation of university policies and that additional violations may result in more severe disciplinary sanctions.
2. Requirement that the student complete a special project that may be, but is not limited to, writing an essay, attending a special class or lecture, or attending counseling session. The special project may be imposed only for a definite term.
3. Cancellation of Residence Hall or Apartment contract.
4. Disciplinary Probation imposed for a definite period of time which stipulates that future violations may result in discipline suspension.
5. Ineligibility for election to student office for a specified period of time.
6. Removal from student or organization office for a specified period of time.
7. Prohibition from representing Sul Ross in any special honorary role.
8. Withholding of official transcript or degree.
9. Bar against readmission.
10. Restitution whether monetary or by specific duties or reimbursement for damage to or misappropriation of University, student, or employee property.
11. Denial or non-recognition of a degree.
12. Suspension of rights and privileges for a specific period of time, including access to electronic network facilities and participation in athletic extracurricular or other student activities.
13. Withdrawing from a course with a grade of W, F, or WF.
14. Failing or reduction of a grade in test or course, and/or retaking of test or course, and/or performing additional academic work not required of other students in the course.
15. Suspension from the University for a specified period of time. During suspension, a student shall not attend classes, participate in any University campus activities, or be allowed on any campus property.
16. Loss of or ineligibility for student grant or loan.
17. Expulsion from the University. A student who is expelled from the University is not eligible for readmission to the University or to any other Texas State University System institution.

18. Dismissal from the University. A student, who is dismissed, is separated from the University for an indefinite period of time.

19. Recording sanctions in Subsections 5.9(9), (11), (13), (14), (15), (17), and (18) may be made on a student's permanent transcript. The University may maintain confidential records of all other sanctions and may consider any prior sanction received by a student in assessing a subsequent sanction. The University shall develop a procedure for expunging those records not transcribed on a student's permanent transcript within a reasonable time not to exceed five (5) years after the student ceases to be enrolled.

A student who, by a preponderance of the evidence, under the Rules and Regulations, Texas State University System, is found to have illegally possessed, used, sold or distributed any drug, narcotic, controlled substance, or drug paraphernalia including residue, whether the infraction is found to have occurred on or off campus, shall be subject to discipline, ranging from mandatory, university or college approved counseling to expulsion. Students for whom there is a reasonable suspicion of involvement with drugs or controlled substances may be required to submit to an appropriate drug test administered by the University's Coordinator of Health Services or other qualified university official. Mitigating or aggravating factors in assessing the proper level of discipline shall include, but not necessarily be limited to, the student's motive for engaging in the behavior, disciplinary history; effect of the behavior on safety and security of the university or college community; and the likelihood that the behavior will recur. The university will exercise their right as a result of being found guilty of a violation of the drug policy and placed on probation to perform random drug tests on students at any time. If at any time the student is found to test positive for any illegal drugs, the student may be expelled. A student who has been suspended, dismissed, probated, or expelled from the university shall be ineligible to enroll at any other Texas State University System university during the applicable period of discipline. The registrar is authorized to make an appropriate notation on the student's transcript to accomplish this objective and to remove the notation when the student's disciplinary record has been cleared. A second infraction for a drug-related offense shall result in permanent expulsion from the University and from all other institutions in The Texas State University System.

## Appeals

Neither party may appeal if the Dean of Students or a designated appointee determines that the allegations against the accused student are true, but the only punishment assessed is verbal or written warning. In those cases, the determination of the Dean of Students or a designated appointee is final. However, in all other cases, either party may appeal. Appeals will be sent to the next level official or the appeals hearing committee depending upon the appeal reason chosen. Written notice of appeal must be received by the Student Life Office within five (5) business days after the decision.

An appeal is not simply a rehearing of the original case. An appeal must be based on:

1. Whether or not a fair hearing was afforded. A fair hearing includes notice of the alleged misconduct, and an opportunity to present evidence;
2. Whether or not the sanctions levied were appropriate to the offence;
3. Whether or not the finding was supported by the evidence; and/or
4. Whether or not there is an introduction of new evidence that was not available at the time of the hearing.

Both parties may submit written arguments to support their positions. In order for the appeal to be considered, the appealing party must submit all necessary documentation, including written arguments when appropriate, to the Students Life Office within five (5) business days after giving notice of appeal. The Dean of Students shall have three (3) business days from receipt to send written response. If the accused student does not submit documentation or written argument in the set time frame the appeal is void and existing decision/sanctions are activated.

The next level officer or hearing committee may approve, reject, or modify the decision. The next level officer or hearing committee also has the option of remanding the matter to the original hearing officer for reconsideration. The appeal office shall send final decision to the appeal within ten (10) business days after all the documentation was received and all testimony was heard, or he or she may postpone a decision for good cause. Decisions at this level are the final step of the appeal process. Determined sanctions are assessed at this point.

## Reviews

### **Review of the Vice President of Student Affairs**

If the accused student requests further review, the student has two (2) business days from final notice to initiate the request to the VP. The VP has five (5) business days to approve, reject, modify the decision or remand the matter to the original hearing officer or committee for reconsideration. Review shall not exceed ten (10) business days without good cause.

### **President's Right to Review**

The President may review any disciplinary case, and approve, reject, or modify the decision or remand the matter to the original hearing officer or hearing committee for reconsideration. Reviews shall not exceed ten (10) business days without good cause.

### **Board of Regents' Right to Review**

The Board of Regents retains the right to review any disciplinary action and approve, reject, or modify the decision or remand the matter to the original hearing committee for reconsideration.

### **Interim Disciplinary Action**

The Dean of Students, the Vice President of Student Affairs, or the President of the University may take immediate interim disciplinary action, including suspension, pending a hearing against a student for violation of a rule and regulation of the System or of the university at which the accused is a student when the continuing presence of the student poses a danger to persons or property or an ongoing threat of disrupting the academic process. In the event that the interim disciplinary action includes suspension, the University official involved shall, as soon as possible, notify the President and the Vice Chancellor and General Counsel of such action. The hearing will be held as soon as practicable within twelve (12) business days.

## Title IX Interim

In a matter involving Title IX Sexual Harassment, a student may only be suspended, without prior notice or hearing, and immediately removed from campus, if their presence poses an immediate threat to any person's health or safety. As soon as practicable after removal, the Dean of Student Life, the Vice President of Student Affairs, or the President of the University shall provide the suspended person with notice and an opportunity to challenge the removal. The removal challenge does not include a hearing but is limited to an administrative review by an Administrator appointed by the President. The Appointed Administrator will review the relevant facts and written materials, if any, surrounding the emergency removal. This review will occur within 72 hours of the emergency removal and the burden is on the student to show why the removal should be lifted.

### Civil Proceedings

Every student is expected to obey all federal, state, and local laws and is expected to be familiar with the requirements of such laws. Any student who violates any provision of those laws is subject to disciplinary action, including expulsion, notwithstanding any action taken by civil authorities on account of the violation.

## Student Employment

Students being considered for employment at the University must be in good academic and disciplinary standing, enrolled at least half-time, and making satisfactory progress towards a degree. A student admitted on probation and employed will not be eligible for employment for more than one additional semester unless the academic probation is removed. A student will be relieved of his/her employment responsibilities when he/she receives disciplinary probation, deferred suspension, or suspension and will not be permitted to hold a position on campus until the disciplinary status has ended.

Additional information regarding student employment and employment applications can be accessed at Career Services & Testing.

## Who is Sul Ross?

The following describes who Lawrence Sullivan Ross is.

Lawrence Sullivan (Sul) Ross

Lawrence Sullivan (Sul) Ross (1838-1898) was a soldier, statesman and university president born in the Iowa Territory, on Sept. 27, 1838. The family immigrated to Texas in 1839 and settled initially in Milam County, where young Sul had his first encounter with hostile Indians, then for a period at Austin, where the older children attended school, and finally in 1849 at Waco.

Sul's love for action and horses involved him in his first Indian fight while he was still a boy.

Although his early ambition was to be an Indian fighter like his father, he recognized the value of

education and enrolled at Baylor University in Independence, Texas, and then at the Wesleyan University in Florence, Ala., where he obtained his A.B. degree in 1859.

The summer of his junior year, while at home on vacation, the youth signed on with the United States Army as leader of a band of Indian auxiliaries from the Brazos Indian Reservation. During the ensuing campaign against the Comanche in Indian Territory in September and October of 1858, Ross nearly lost his life from a serious wound received in a battle at the Wichita Village near the site of present-day Rush Springs, Okla. He recovered enough to return to college and graduated the next summer.

Back in Texas, Ross joined the Texas Rangers and took part in the unsuccessful campaign of Middleton Tate Johnson against hostile tribes in the spring and summer of 1860, initially as a first lieutenant and later as captain of the Waco Company. Ross won the approval and trust of Gov. Sam Houston. In his defense of the frontier, Ross had the cooperation of regular troops, and his aggressive boldness in pursuing a Comanche raiding party in December 1860 resulted in the battle at the Pease River in which Cynthia Ann Parker was recovered, an exploit that gained him much popularity in Texas.

With the coming of the Civil War he resigned from the Rangers. He subsequently joined the Masonic order. He married Elizabeth Dorothy Tinsley, daughter of a Waco planter, on May 28, 1861.

After acting as state peace commissioner to various Indian tribes, he enlisted in mid-1861 in the Confederate Army as a member of the Waco Company raised by his older brother, Peter F. Ross, which was incorporated into the Sixth Texas Cavalry.

First as major and then as colonel of his regiment, Ross took part in numerous western campaigns, including those of Pea Ridge, Corinth and Vicksburg. He was promoted to brigadier general in early 1864 and commanded the Texas Cavalry Brigade, made up of his former regiment, the Third Texas Cavalry, the Ninth Texas Cavalry and the Twenty-Seventh Texas Cavalry or First Texas Legion, for the remainder of the war. Under his able leadership, his brigade saw action in the Atlanta and Franklin- Nashville campaigns, although Ross was in Texas on furlough when his men surrendered at Jackson, Miss., in May 1865.

In 1873, the citizens of McLennan County elected Ross sheriff. In his two years in office, he ended a reign of terror and helped form the Sheriffs' Association of Texas. He urged needed reforms and helped write the document that governs Texas today, the Constitution of 1876. Service as a constitutional delegate gave him experience in public office and a reputation for honesty and ability. During the next four years, Ross did not seek political office on his own, despite the willingness of his comrades to support him in a bid for the office of governor on the Democratic ticket. He did agree, however, to become a compromise candidate for the State Senate from the Twenty- Second District in the election of 1880.

As Senator, Ross made a record of solid achievement, but a reapportionment bill reduced his four-year term and he declined to run for reelection. Nevertheless, from the Senate it was an easy step to the governorship; by 1886 Ross's friends and supporters had persuaded him to enter politics on

the state level, and he won easily on his first attempt. During his two terms (he was reelected in 1888 and served until 1891) the new Capitol was completed, the state attained new heights of industrial, agricultural and commercial growth, and state eleemosynary and educational institutions flourished.

Even more important, Ross's time in office was later considered one of exceptional good will and harmony. When he left the statehouse, he stepped immediately into the presidency of the seriously troubled Agricultural and Mechanical College of Texas (now Texas A&M University), a position in which he rendered his greatest public services. Under his presidency the number of students grew, many new buildings were built and public faith in the institution returned.

It was a blow to the university when President Ross died suddenly at his home in College Station on January 3, 1898. As an editorial written after his death stated, "It has been the lot of few men to be of such great service to Texas as Sul Ross." Sul Ross State University, in Alpine, is named in his honor.
