741 Sul Ross State University Rio Grande College

For thirty nine years, Sul Ross State University - Rio Grande College has served the Middle Rio Grande Border Region of Texas in partnership with Southwest Texas Junior College (SWTJC). The first two years of college work are provided by SWTJC and Rio Grande College (RGC) provides the junior and senior years plus graduate programs in a number of academic areas including business administration, education, criminal justice, biology, and various liberal arts disciplines. Sul Ross State University - Rio Grande College does not own facilities in the region. All facilities and related services are leased from SWTJC as an efficiency measure. Most buildings are of recent construction and provide state-of-the-art facilities for the RGC students and faculty. Faculty and students drive between sites in Del Rio, Eagle Pass and Uvalde, as well as utilize distance learning equipment and smart classrooms for course work and other activities of the college. This arrangement has worked effectively and has provided an affordable and efficient method of higher education in this critical region of the state.

Sul Ross State University, including Sul Ross State University - Rio Grande College, is a regional university serving the educational needs of approximately two-thirds of the border region of Texas with Mexico. Our service region extends approximately 600 miles from Webb County on the south to El Paso County on the north and encompasses approximately 61,000 square miles. The population of this vast region approximates 479,436, over 86 percent of whom are Hispanic. The demographic projections indicate that this percentage will continue to increase steadily during the foreseeable future. Sul Ross State University - Rio Grande College serves the southern portion of the Sul Ross State University service region. About 87 percent of the students at Sul Ross- Rio Grande College are Hispanic, and 66 percent are first generation college students. More than 80 percent of our students have demonstrated financial need.

Sul Ross – Rio Grande College continues to maintain its commitment to serving the region. We are proud to offer a \$10K Scholars Program in partnership with SWTJC to provide a clear pathway to a four-year bachelor's degree in high demand math and science majors. Through this program, qualifying students will receive a bachelor's degree for \$10,000 with the assistance of scholarships for an affordable, quality education.

Sul Ross State University serves the population of our vast service region with a variety of programs and degrees designed to meet the needs of the region. According to Hispanic Outlook in Higher Education Magazine, Sul Ross Ranks 86th in master's degrees awarded to Hispanics. Additionally, The Texas Higher Education Journal has listed Sul Ross – Rio Grande College in the top five schools for producing Latino graduates in Texas.

SRSU - Rio Grande College is a leader in the delivery of courses via distance learning technology. Many administrative services are economically and effectively provided to Rio Grande College through the main campus in Alpine, thus avoiding duplication at the remote sites. There are no other institutions of higher education in the region, and Sul Ross is serious about our responsibility, mission, and obligation to provide quality educational opportunity in this vast border region of Texas. To this end, SRSU - Rio Grande College works with Southwest Texas Junior College to ensure new state-of-the-art facilities for the exclusive use of the Rio Grande College students.

Sul Ross State University - Rio Grande College has experienced increased enrollment growth at its Eagle Pass facility. Through its partnership with Southwest Texas Junior college, a modest 3000 sq. ft. addition is planned to that facility.

Sul Ross State University - Rio Grande College continues to meet identified educational needs in the service region in many ways. Rio Grande College has also met the economic development needs of the region through its Small Business Development Center (SBDC). SRSU-RGC's SBDC has received area-wide recognition for its effectiveness and efficiency of services delivered. Over \$5 Million in Capital infusion and nearly 300 new jobs created and over 120 jobs retained in FY 2013.

Sul Ross - Rio Grande College has greatly improved ExCET performance and pass rates for its teacher certification students and now ranks as one of the highest scoring institutions along the border. During the current biennium, we have continued to implement recommendations from market research, adding new programs and strengthening others. These activities reflect the needs of the service region and the State. Most recently, new state-of-the-art smart classrooms have been installed in all

of the Rio Grande College sites allowing for the delivery of courses with the latest technology. Resources available from the last legislative session have been utilized to meet identified needs of approximately 1,000 students who participate in academic and other activities through this important component of Sul Ross State University. We are focusing resources in the areas of improving teacher preparation, recruiting, retention, and introducing needed programs for the students in the Middle Rio Grande border region.

A ten percent loss in funding could force Sul Ross State University - RGC to close academic and student service programs. It also would almost certainly cause faculty and staff work force reductions and severely impact our student population. Declining populations in rural Texas, adverse agricultural environments, employment opportunities in the oil fields, and continued budget reductions are emphasizing the need for strong retention and recruiting programs. We are committed to focusing resources in these areas as much as possible to achieve needed enrollment growth.

Three exceptional item requests are presented for consideration: (1) Extension of Educational Services to Medina County, (2) Implementation of a nursing program to serve the Middle Rio Grande Border Region, and (3) Lease of Facilities. Because SRSU-RGC owns no building facilities, no TRB funds are requested.

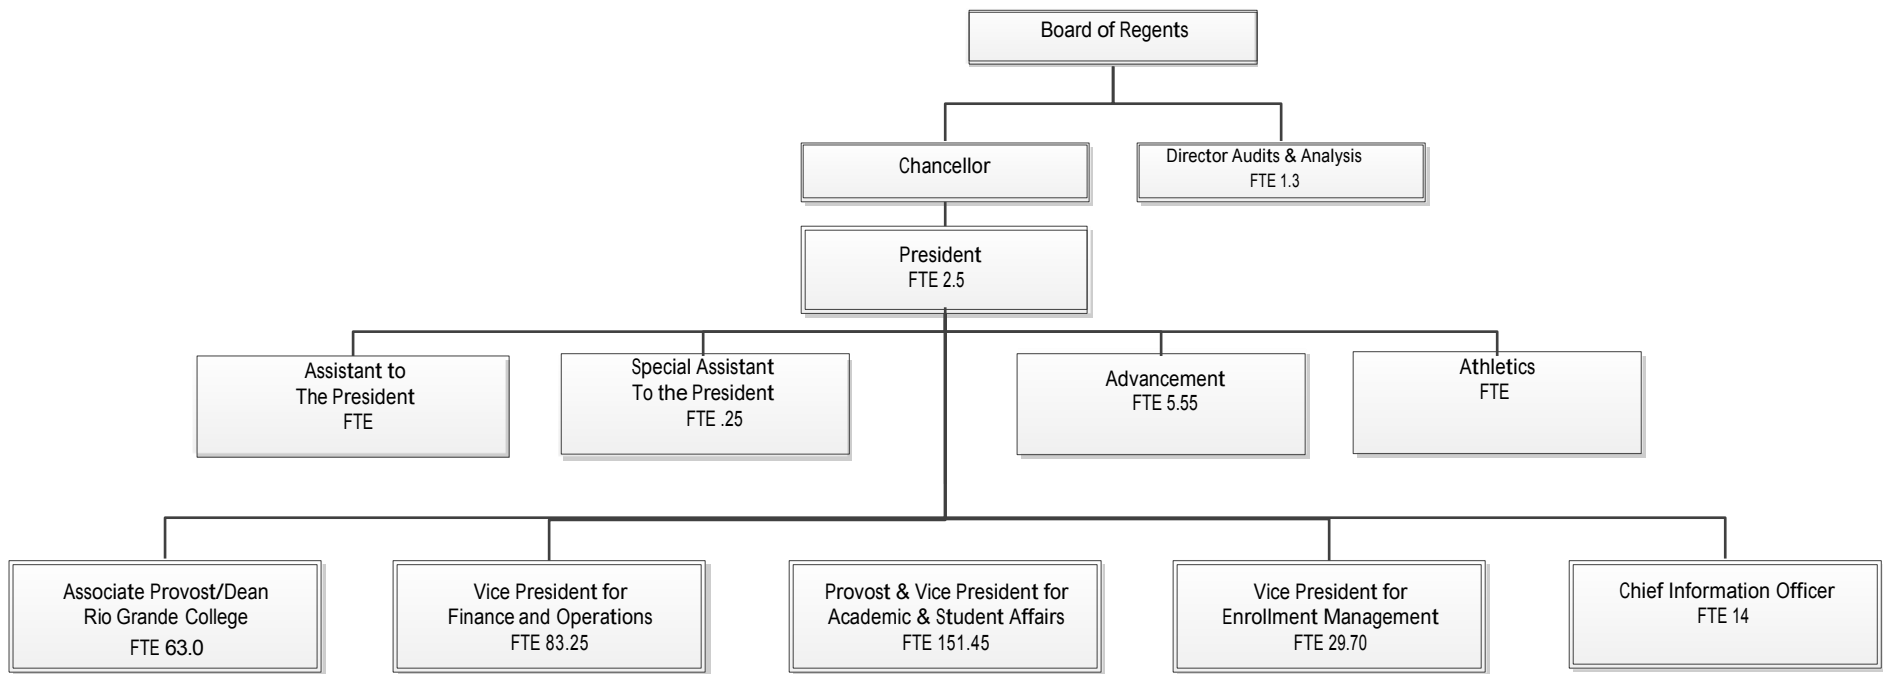

The Medina Valley Independent School District is building a higher education center in Castroville. SRSU-RGC wishes to partner with the MVISD and with Southwest Texas Junior College to provide higher education opportunities to students in this underserved area. Our request is based on operational needs and avoids the usual costs of facility construction or acquisition often associated with the extension of university campuses. Both Southwest Texas Junior College and Sul Ross State University - Rio Grande College are the exclusively invited participants in a newly constructed higher education center in Medina County. This county lies within the service area of both institutions, and residents have to date had to drive an hour to attend classes. Extending educational opportunity to this region will ensure increased accessibility and facilitate the "closing the gaps" plan endorsed by the past legislatures. Funding is requested at \$982,000 for FY2016 and \$958,280 for FY2017.

SRSU-RGC and the Southwest Texas Junior College are partnering to address the critical shortage of nurses for hospitals, health care agencies, schools, and other medical facilities in the SRSU-RGC service region. This partnership requires startup funds to develop the curriculum, admission and progression processes, and teaching resources to implement. The Texas State Board of Nursing has determined that the geographic region served by Sul Ross State University - Rio Grande College is substantially underserved. SWTJC is realigning their current LVN and RN programs, and through our exceptional item request, if funded, Sul Ross State University - Rio Grande College would provide upper level course work to ensure seamless transition to completion of the Bachelor of Science in Nursing (BSN) degree. Future plans include the addition of the Master's in Nursing – Nurse Practitioner program to also address primary health needs. The structure of the BSN is designed to facilitate progression to the MSN. The partnership will eventually provide a unique continuity of educational development for these students from entry-level nursing through the Nurse Practitioner level. Funding is requested at \$152,351 for FY2016 and \$278,021 for FY2017.

SRSU-RGC leases all of its instructional and administrative space from Southwest Texas Junior College at four locations in Uvalde, Del Rio, Eagle Pass, and Castroville. These facilities are provided through low-cost and turn-key leases. This arrangement has proven effective in providing quality instruction. Funding is requested at \$146,000 for FY2016 and \$152,000 for FY2017 and represents the difference between current appropriations and the projected needs in FY2016 and FY2017.

Sul Ross State University-Rio Grande College is committed to providing educational opportunity for the vast rural, underserved Middle Rio Grande region of Texas. We are deeply grateful for your continued support for our programs and for your efforts on behalf of higher education in Texas. Once again, it is my pleasure to update you on our programs and services at Sul Ross Rio Grande College and to present our request. Thank you in advance for your hard work on behalf of the State of Texas and for your consideration for our university.

Sul Ross State University - Rio Grande College leases space from the Southwest Texas Junior College (SWTJC). SWTJC has constructed new facilities in each location for the exclusive use of the Rio Grande College. These facilities greatly enhance the University's ability to provide service to its increasing student population and its needs. The university has utilized Institutional Enhancement and E&G Infrastructure support funds to meet the funding shortfalls. However appropriation reductions, increases in enrollment and the related need for new or enhanced programs necessitate the use of the Institutional Enhancement funding in those program areas. The severe appropriation reductions may require the reduction of space in the future which would significantly affect our ability to provide services.

Increasing student expectations and needs require the utilization and maintenance of quality facilities and infrastructure . This funding is critical to small institutions and particularly to SRSU – Rio Grande College . SRSU-RGC owns no facilities. Instead all space is leased from the Southwest Texas Junior College. These leases include all costs of operation. The funds generated by the infrastructure support formula do not provide sufficient funding to cover all of these costs . The costs related to providing these facilities is a critical burden on the operating budget of SRSU-Alpine. This strategy helps supplement the funding generated by the infrastructure support formula .

This is a non-formula strategy that provides funding for the operations of the Small Business Development Center at Sul Ross State University - Rio Grande College. The mission of the Center is to improve economic conditions in the region by helping establish new businesses and improve existing ones, in partnership with the Middle Rio Grande Development Council. This region is sparsely populated and includes people with some of the lowest per capita incomes in the state. In cooperation with the UT San Antonio Small Business Development Center and the Middle Rio Grande Development Council, Rio Grande College operates a Small Business Development Center in Eagle Pass, Del Rio, Uvalde, and Carrizo Springs with on site personnel to assist existing businesses, develop proposals for new business start ups, provide training for business operators, and assist individuals in preparing for new business loans. These services are available to the entire Middle Rio Grande region.

Without this service, constituents in the area will not have readily accessible higher education opportunities.

Major accomplishments to date and expected over the next two years:

By partnering with Southwest Texas Junior College (SWTJC) for facilities and shared services the cost to provide these educational opportunities has remained low and our desire is to continue.

SR-RGC continues to offer the best educational value to the citizens of the region and the lowest tuition and fees of any Texas public university.

SR-RGC has established a strong presence in the Del Rio, Eagle Pass, and Uvalde communities and grown in enrollment over the past years.

Offerings have been expanded to serve more students.

Increased use of teleconferenced classes and online instruction has further extended programs and degrees.

Year established and funding source prior to receiving special item funding:

N/A

Formula funding:

Non-general revenue sources of funding:

Consequences of not funding:

Students who are able will continue to have more than an hour drive to attend college. Others who have work and family obligations will simply not be able to attend college.

Contribution to "Closing the Gaps" will not be made and the educational level of the region will continue to lag state wide levels.

DESCRIPTION / JUSTIFICATION:

The mission of Sul Ross – Rio Grande College is to address the critical health care need. The Texas State Board of Nursing has determined that the geographic region served by SR-Rio Grande College is significantly underserved, meaning there are frequent shortages of nurses for hospitals, health care agencies, schools, and other medical facilities / offices. Southwest Texas Junior College and SR-RGC are partnering to address this critical community health need in an economical, partnership degree program. SWTJC is realigning their current LVN and RN programs and SR-RGC will provide upper- level course work to provide seamless transition to completion of the bachelor's of Science in Nursing degree. Additionally, the need for primary care health providers prompts the need for a MSN practitioner program for the areas as well which is planned to be initiated likely in 3 years. The partnership when fully implemented will provide a unique continuity of educational development for these students from entry - level nursing through the Nurse Practitioner level.

Major accomplishments to date and expected over the next two years:

Sul Ross State University - Rio Grande College Bachelor (BSN) and Master (MSN-practitioner) programs in Nursing will increase. Nurses for hospitals, health care agencies, schools, and other medical facilities will address the critical health care need for the southwest Texas border region.

Year established and funding source prior to receiving special item funding:

Formula funding:

Non-general revenue sources of funding:

Consequences of not funding: This practitioners partnership with the Southwest Texas Junior College would not be possible.

This partnership would require both start-up funds for consultants to develop the continuous / connected curriculum, admission, and progression processes and faculty / teaching resources to implement the program. Recent budget reductions preclude the use of reserve funds. These programs would have a start-up cycle over a 2-3 year period coordinated with SWTJC to address this critical health care need for the southwest Texas border region. Area hospitals while supportive and greatly excited about this project, are themselves unable to provide significant financial support due to the geographic region's low per capita income level and the significant revenue stresses resulting from serving this population.

Major accomplishments to date and expected over the next two years:

As of the fall of 2010, Rio Grande College (RGC) became one of only a few in the nation to equip every classroom with the finest available education technology. Because its three campuses are charged to provide higher education opportunities across 13 Southwest Texas counties, RGC seeks to link students and curriculum through remote teleconferencing technologies and Internet courses. Now, RGC's approximately 1,000 students enjoy "Smart Classrooms: Four Distance Learning Centers at each campus provide real-time interaction between professor and students learning from a distance. All campuses are equipped with two computer labs and writing centers, where students are tutored to master written and oral communication skills. All of these major accomplishments are possible because of low costs, turnkey lease agreements between SRSU-RGC and the Southwest Texas Junior College. During the past biennium this now aging equipment has been upgraded to continue to provide exceptional education opportunities to students in the southwest Texas border region. In the spring 2015 year RGC will further extend these same services to the un-served region of Medina county.

Year established and funding source prior to receiving special item funding:

Formula funding: N/A

Non-general revenue sources of funding: N/A

Consequences of not funding:

Appropriation reductions, increases in enrollment and the related need for new enhanced programs necessitate the need of additional sources to fund the funding shortfalls. The appropriations reductions may require the reduction of space in the future which would significantly affect our ability to provide high quality services.

B. Assessment of Fiscal Year 2012 - 2013 Efforts to Meet HUB Procurement Goals

Attainment:

The agency attained or exceeded one of three, or 33%, of the applicable agency HUB procurement goals in FY 2012. The agency attained or exceeded on one of three, or 33%, of the applicable agency HUB procurement goals in FY 2013.

Applicability:

The "Heavy Construction," "Building Construction," and "Special Trade Construction" categories are not applicable to agency operations in either fiscal year 2012 or fiscal year 2013 since the agency did not have any strategies or programs related to construction.

Factors Affecting Attainment:

In both fiscal year 2012 and 2013, the goal of the "Other Services" category was not met since the contracts in that category limited the agency to contracting with non-HUB vendors.

"Good-Faith" Efforts:

The agency made the following good faith efforts to comply with statewide HUB procurement goals per 34 TAC Section 20.13(d):

- ensured that contract specifications, terms, and conditions reflected the agency's actual requirements, were clearly stated, and did not impose unreasonable or unnecessary contract requirements.
- provided potential bidders with a list of certified HUBs for subcontracting, and
- prepared and distributed information on procurement procedures in a manner that encouraged participation in agency contracts by all businesses.
- we have also encouraged local HUB vendors to become certified.

1 Workers Compensation Insurance

Category: Administrative - Operating Expenses

Item Comment: This strategy provides for the general revenue portion of the Workers Compensation Assessment by the SORM. This reduction represents anticipated residual funding based on recent historical assessment data. SRSU-RGC has implemented strategies which have resulted in less General Revenue funds needed for workers compensation claims. If this funding is reduced and increases in assessment costs are required, Designated Tuition would be needed to replace this funding.

2 Lease of Facilities

Category: Administrative - Operating Expenses

Item Comment: 10% SR-Rio Grande College would be required to renegotiate its long standing turnkey lease of facilities from Southwest Texas Junior College. In doing so, RGC would likely have to return needed classroom and office space which could create loss of student enrollment in an otherwise growing student population.

4 Institutional Enhancement							
Category: Programs - Service Reductions (Contracted)							
Item Comment: This level of reduced funding would likely result in the reduction of 3 faculty and 2 support staff members. Not only would SR-Rio Grande College's (a Hispanic Serving Institution, primarily a first generation, working adult, college student population) active involvement in "Closing the Gaps" be seriously compromised, particularly in the STEM (math and Science) areas, but reductions in other program areas essential for our geographic service area would be negatively impacted as well. In addition to the 3 faculty and 2 key staff positions, other reductions would be required in essential support funds for Biology, Chemistry, Mathematics, Psychology, Criminal Justice, as well as teacher preparation programs. This level of reduced funding combined with the reduction in previous years would cause a reduction in enrollment. SR-RGC serves students on three campuses in Uvalde, Del Rio, and Eagle Pass in Southwest Texas. An expansion into Castroville is planned and this funding will play a major role in the success of that initiative.

Special Item: 1 **Small Business Development Center**

(1) Year Special Item: 1996
Original Appropriations: \$111,250

(2) Mission of Special Item:

This is a non-formula strategy that provides funding for the operations of the Small Business Development Center at Sul Ross State University - Rio Grande College. The mission of the Center is to improve economic conditions in the region by helping establish new businesses and improve existing ones, in partnership with the Middle Rio Grande Development Council. This region is sparsely populated and includes people with some of the lowest per capita incomes in the state. In cooperation with the UT San Antonio Small Business Development Center and the Middle Rio Grande Development Council, Rio Grande College operates a Small Business Development Center in Eagle Pass, Del Rio, Uvalde, and Carrizo Springs with onsite personnel to assist existing businesses, develop proposals for new business startups, provide training for business operators, and assist individuals in preparing for new business loans. These services are available to the entire Middle Rio Grande region. Most services are provided at no or very low cost.

(3) (a) Major Accomplishments to Date:

Under contract with the Southwest Texas Border Small Business Development Center Network housed at UT San Antonio Small Business Development Center, RGC's Small Business Development Center is headquartered in Eagle Pass and serves the nine counties of the Middle Rio Grande region with offices not only in Eagle Pass, but also Uvalde, Del Rio, and Crystal City. In a historically, economically depressed region, the SBDC has developed proposals and plans for new business startups, provided management training for new business operators, secured loans for these startups, and assisted individuals with on - going training and counseling on the different facets of business operations. The RGC SBDC is one of the larger centers in the Southwest Texas Network annually ranks in the top quarter of the ten SBDCs comprising the UTSA-SBDC. Over the past year the RGC-SBDC assisted in the start-up or expansion of 113 businesses resulting in the creation or retention of 413 jobs and an infusion of \$5.98 M in capital into the region.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Over the next two years the Center expects to conduct at least 100 training seminars serving nearly 1100 participants. We also expect to assist in the creation of 50 new businesses, the expansion of 40 existing businesses, and the creation or retention of 652 jobs. These initiatives should result in the creation of many new jobs with over \$9.2M in capital infusion. Our counseling efforts will also be expanded to include a possible caseload of 1000 clients receiving over 11,020 counseling hours.

(4) Funding Source Prior to Receiving Special Item Funding:

(5) Formula Funding:

N

(6) Non-general Revenue Sources of Funding:

FY 2010 \$167,838 Federal Grant
FY 2011 \$167,453 Federal Grant

741 Sul Ross State University Rio Grande College

FY 2012 \$ 167,838 Federal Grant

FY 2013 \$ 167,375 Federal Grant

FY 2014 \$ 184,622 Federal Grant

(7) Consequences of Not Funding:

This item is not eligible for formula funding. Minority and small businesses in the Middle Rio Grande region would not be able to receive business counseling and would have difficulty in competing for Small Business Administration loans, hampering the region's ability to realize its full economic potential. If additional appropriations reductions become necessary, the Center's ability to assist new businesses in the region will be severely impacted. Service to the region would have to be reduced as the institution has no other funds available to support this.

741 Sul Ross State University Rio Grande College

Special Item: 2 **Institutional Enhancement**

(1) Year Special Item: 2000
Original Appropriations: \$1,435,080

(2) Mission of Special Item:

This is a special item appropriation created by the 76th Legislature. This item provided new funding of \$1 million to each Higher Education Institution for each year of the 2000 - 2001 biennium. An additional \$1 million was provided for the 2002 - 2003 biennium. SRSU-RGC received an additional \$500 thousand for 2014 and 2015. This funding also replaced some previous special items and continues to be a major source of funding for SRSU-RGC.

(3) (a) Major Accomplishments to Date:

Continued support for all established academic areas and programs as well as new programs. Technology and related support has been expanded and upgraded for both faculty and students including increased number of computers for student use in laboratories and academic buildings. Upgrades to distance learning technology continued with HD capability added to facilities. Provided funds to supplement lease of facilities costs not covered by infrastructure appropriations thus enabling the SRSU - RGC to continue to provide all modern facilities for use by its students. Distance learning equipment and programs have been funded in part through these funds, which are critical to the current three campus structure, the planned addition of a new campus, and the concept of one shared faculty for all campuses. This funding is essential if SRSU-RGC is to continue to offer the lowest tuition/fee structure of any public university in Texas.

(3) (b) Major Accomplishments Expected During the Next 2 Years:

Continued support for academic programs as needed as well as possible funding for new needs. Continue to provide a large portion of faculty salaries. Approximately 77% of RGC Institutional Enhancement funding has been allocated for faculty salaries in the FY 2015 budget. Funding for facilities leases will be continued to ensure appropriate facilities are provided. Distance learning initiatives and programs have served SR-RGC. Equipment ages and on occasion breaks down. The interactive video equipment is a central aspect of the economical strategy of one faculty for three campuses (soon to be four) which serve an area of the state characterized as economically and educationally depressed as compared to the rest of the state.

(4) Funding Source Prior to Receiving Special Item Funding:

1998 & 1999
Academic Research Support \$16,116
Academic Program Development \$394,327
Scholarships \$24,637

(5) Formula Funding:
N

(6) Non-general Revenue Sources of Funding:

741 Sul Ross State University Rio Grande College

(7) Consequences of Not Funding:

Several of the items funded by this special item may be eligible for formula funding; however, the formula does not generate sufficient funds for small institutions like SRSU-RGC to enable it to properly fund these initiatives, thus the reason for the special item. The ability of SRSU-Rio Grande College to develop new technology initiatives, develop new academic programs, strengthen existing programs, comply with federal and state mandates and reporting requirements, deliver excellent customer service, and provide appropriate salaries would be greatly impaired, reducing the ability to provide needed service to the region . Further reductions in this item will have a critically negative drastic effect on our ability to properly fund and continue several programs. Seventy percent of the funds provided through this special item are used to fund faculty and staff salaries not covered by the formula funding. These funds allow SRSU-RGC to continue to offer economical, quality education to worthy and grateful students.
