NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Entity Sul Ross State University ("the University") is an Institution of Higher Education of the State of Texas and its financial records comply with State statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' Reporting Requirements.

Due to the statewide requirements embedded in to Governmental Accounting Standards Board Statement (GASB) No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements of this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

Fund Structure

The accompanying financial statements are presented on the basis of funds. A fund is considered a separate accounting entity. In accordance with GASB No. 35, the University is reporting as a special-purpose government engaged only in Business-Type Activities within the Proprietary Fund Type. The accompanying entity-wide Financial Statements are prepared as such.

Proprietary Fund

Business Type Activity Business type funds are used for activities that are financed through the charging of fees and sales of goods or services to the ultimate user. Institutions of higher education are required to report their financial activities as business type because the predominance of their funding comes through charges to students, sales of goods and services, and grant revenues.

Blended Component Units

No component units have been identified which should have been blended into an appropriated fund.

Discrete Component Units

Sul Ross State University has two discrete component units. Information on the component unit can be found in Note 19.

Basis of Accounting: For financial reporting purposes, the University is considered a special-purpose government engaged only in Business-Type activities. Accordingly, the University's financial statements have been presented using the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. The proprietary funds utilized by the University distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with ongoing operations. Operating expenses include the cost of sales and services, administrative expenses, and depreciation on capital assets. All significant intra-agency transactions have been eliminated.

Restricted Net Assets: When both restricted and unrestricted net assets are available for use, restricted resources are used first, then unrestricted resources are used as they are needed.

Budget and Budgetary Accounting

The budget is prepared biennially and represents appropriations authorized by the legislature and approved by the Governor (the General Appropriations Act). Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

Assets, Liabilities, and Fund Balances/Net Assets

<u>Cash Equivalents</u>: For purposes of the statements of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the State Treasurer's Cash Management Program are considered cash equivalents.

<u>Investments</u>: The University accounts for its investments at fair value in accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. Changes in unrealized gain (loss) on the carrying value of investments are reported in the statements of revenues, expenses, and changes in net assets.

Accounts Receivable: Accounts receivable consists of tuition and fees charged to students and auxiliary enterprise services provided to students, faculty and staff. Accounts receivable also include amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the University's grants and contracts.

Inventories and Prepaid Items: Inventories are carried at the lower of cost or market on or the average cost basis. The consumption method of accounting is used to account for inventories and prepaid items. The cost of these items is expensed when the items are consumed.

Inventories consisted of the following at August 31, 2015:

General Stores	\$ 159,439.83
Print Shop	13,236.81
Industrial Technology	6,528.79
RAS Meats Lab	2,949.64
Museum	24,327.89
Motor Pool	400.86
	\$206,883.82

<u>Restricted Assets</u>: Restricted assets include cash and investments that are externally restricted to make debt service payments, maintain sinking or reserve funds, or to purchase or construct capital or other noncurrent assets.

<u>Deferred Revenue</u>: Deferred revenues include amounts received from students and grant and contract sponsors that have not yet been earned. As of August 31, 2015, this amount totaled \$9,399,318.20.

<u>Capital Assets</u>: Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. Livestock for educational purposes is recorded at estimated fair value. For equipment, the University capitalizes all items with a unit cost of \$5,000 or more. Renovations to buildings, infrastructure, and land improvements that significantly increase the value or extend the useful life of the

structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 40 to 50 years for buildings, 20 to 25 years for infrastructure and land improvements, and 3 to 7 years for equipment. Inexhaustible assets such as works of art and historical treasures are not depreciated.

<u>Accounts Payable</u>: Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending. Accounts payable as of August 31, 2015 total \$1,007,979.82.

<u>Compensated Absences</u>: Employee vacation pay and overtime is accrued at year-end for financial statement purposes. The liability is recorded at year-end as Employee Compensable Leave (current and non-current) in the statement of net assets. The expense is recorded as a component of operating expenses in the statement of revenues, expenses, and changes in net assets.

<u>Non-current Liabilities</u>: Non-current liabilities include (1) notes payable (2) estimated amounts for accrued compensated absences and other liabilities that will not be paid within the next fiscal year; and (3) other liabilities that, although payable within one year, are to be paid from funds that are classified as noncurrent assets.

Net Assets: The University's net assets are classified as follows:

Invested in capital assets, net of related debt: This represents the University's total investment in capital assets, net of outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted net assets - expendable: Restricted expendable net assets include resources in which the University is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

Restricted net assets - nonexpendable: Nonexpendable restricted net assets consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Unrestricted net assets: Unrestricted net assets consist of net assets, which do not meet the definition of the proceeding categories. Unrestricted net assets often have constraints on resources, which are imposed by management, but can be removed or modified.

<u>Income Taxes</u>: The University, as an agency of the State of Texas, is excluded from Federal income taxes under Section 115(1) of the Internal Revenue Code, as amended.

<u>Classification of Revenues</u>: The University has classified its revenues as either operating or non-operating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, (3) some Federal, state and local grants and contracts and Federal appropriations, and (4) interest on institutional student loans.

Non-operating revenues: Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as gifts and contributions, and other revenue sources that are defined as non-operating revenues by GASB No. 34, such as state appropriations and investment income.

<u>Scholarship Discounts and Allowances</u>: Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statement of revenues, expenses, and changes in net assets. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other Federal, state or nongovernmental programs are recorded as either operating or non-operating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

Interfund Activities and Balances

The agency has the following types of transactions between funds:

- (1) Transfers: Legally required transfers that are reported when incurred as 'Transfers In' by the recipient fund and as 'Transfers Out' by the disbursing fund.
- (2) Reimbursements: Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.
- (3) Interfund receivables and payables: Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as "Current". Repayment due two or more years is classified as "Non-Current".
- (4) Interfund Sales and Purchases: Includes charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund.

The composition of the agency's Interfund activities and balances are presented in Note 12.

Investments

The investments as of August 31, 2015 are at the "Fair Market Value". To comply with the reporting requirements of GASB Statement No. 40, the University's investments are shown below to give an indication of credit risk assumed by the University at year end.

Credit risk is the risk that another party to a deposit or investment transaction will not fulfill its obligations. This is not to be confused with market risk which is the risk that the market value of an investment, collateral protecting a deposit, or securities underlying a repurchase agreement will decline. Market risk is not depicted in this note.

NOTE 4: SHORT-TERM DEBT

Sul Ross State University did not have any short-term debt activity for FY 2015.

NOTE 5: SUMMARY OF LONG-TERM LIABILITIES

Changes in Long-Term Liabilities

	Balance September 1,			Balance August 31,	Due within One year
	2014	Additions	Reductions	2015	
Accrued compensated absences	898,325.00	738,225.00	(629,290.00)	1,007,260.00	581,340.00

Compensated Absences

Full-time state employees earn annual leave from seven to twenty hours per month depending on the respective employee's years of state employment. The State's policy is that an employee may carry his accrued leave forward from one fiscal year to another fiscal year with a maximum number of hours up to 520 for those employees with 35 or more years of state service. Employees with at least six months of state services who terminate their employment are entitled to payment for all accumulated annual leave up to the maximum allowed. The University recognized the accrued liability for the unpaid annual leave in the Statement of Net Assets. For the year ended August 31, 2015, the total accrued liability including accrued overtime totaled $\frac{$1,007,260.00}{$11 \text{ hours per month}}$ and is paid only when an employee is off due to illness or to the estate of an employee in the event of his/her death. The maximum sick leave that may be paid to an employee's estate is one-half of the employee's for non-vesting accumulating rights to receive pay benefits.

The University made lump sum payments totaling \$103,517.92 for accrued vacation (and/or compensatory time) to employees who separated from state service during fiscal year August 31, 2015.

Post Employment Health Care and Life Insurance Benefits

In addition to providing pension benefits, the State provides certain health care and life insurance benefits for retired employees in accordance with State statutes. Substantially all of the employees may become eligible for those benefits if they reach normal retirement age while working for the State. The University participates in the ERS insurance plans. The information regarding the state's contribution, the number of eligible retirees and the cost of providing those benefits is included in the notes to the annual financial report of the ERS.

Note 6: BONDED INDEBTEDNESS

All bonded indebtedness for Sul Ross State University is issued by System Administration through the Texas State University System Revenue Financing System. System Administration and each component institution within the system are members of

the Revenue Financing System. The Board of Regents pledged all of the funds (revenues) and balances derived or attributable to any member of the Revenue Financing System that are lawfully available to the Board for payments on Parity Debt.

System Administration issued the debt; therefore, the bonds payable attributable to the institution are included with the Bonds Payable reported by System Administration. The Institution must repay the debt that was issued on its behalf; consequently, the following debt amortization schedule is presented for information purpose only:

Description	Year	Principal	Interest	Total
All Series	2016	\$ 2,298,321.85	\$ 1,185,368.13	\$ 3,483,689.98
	2017	2,382,516.70	1,102,360.70	3,484,877.40
	2018	2,285,149.79	992,563.28	3,277,713.07
	2019-2023	7,357,457.97	3,652,727.56	11,010,185.53
	2024-2028	4,600,000.00	2,196,250.00	6,796,250.00
	2029-2033	5,620,000.00	1,062,200.00	6,682,200.00
	2034-2038	1,275,000.00	63,750.00	1,338,750.00
	2039-2043			
	2044-2048			
	TOTALS	\$ 25,818,446.31	\$ 10,255,219.67	\$ 36,073,665.98

A portion of the debt represents Tuition Revenue Bonds historically funded by the Texas Legislature through General Revenue Appropriations. The institution was appropriated \$2,441,623 during the current fiscal year for Tuition Revenue Bond debt service. The University expects future Legislative appropriations to meet the debt service for Tuition Revenue Bonds.

NOTE 7: DERIVATIVE INSTRUMENTS

Derivative Investing

Derivatives are financial instruments (securities or contracts) whose value is linked to, or "derived" from, changes in interest rates, currency rates, and stock and commodity prices. Derivatives cover a broad range of financial instruments, such as forwards, futures, options, swaps, and mortgage derivatives. These mortgage derivatives are influenced by changes in interest rates, the current economic climate, and the geographic make-up of underlying mortgage loans. There are varying degrees of risk associated with mortgage derivatives. For example, Planned Amortization Class (PACs) and Collateralized Mortgage Obligations (CMOs) are considered a more conservative lower risk investment. In contrast, principal only and interest only strips are considered higher risk investments.

The University holds various forms of collateralized mortgage obligations such as fixed coupon, inverse floating rate and principal only. The University invested in these securities in part to maximize yields and in part to hedge against falling interest rates. These securities are reported at fair value in the balance sheet.

They are reported in aggregate as U.S. Government and Agency Securities in the disclosure of credit risk in this note.

These securities are based on cash flows from interest payments on underlying mortgages. Therefore, they are sensitive to pre-payments by mortgagees, which may result from a decline in interest rates. However, these investments do not pose a significant risk. The University's investments in derivatives comprise less than 1% as of August 31, 2015 and August 31, 2014 with a fair value of \$0.00 and 2,544.58, respectively.

The majority of these investments were purchased prior to fiscal year 1995. In 1995, the Texas Legislature took steps to limit state entities' and local governments' ability to invest in high risk derivatives by amending the Public Funds Investment Act. These statutory limitations do not apply to certain institutions of higher education having total endowments of at least \$95 million. The University is in compliance with the Public Funds Investment Act.

Note 13: CONTINUANCE SUBJECT TO REVIEW

Sul Ross State University is not subject to the Texas Sunset Act.

Note 14: ADJUSTMENTS TO FUND BALANCES AND NET ASSETS

Sul Ross State University did not have any adjustments to fund Balance for FY 2015.

Note 15: CONTINGENCIES AND COMMITMENTS

At August 31, 2015, various lawsuits and claims involving the University were pending. While the ultimate liability with respect to litigation and other claims asserted against the University cannot be reasonably estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the University.

Note 16: SUBSEQUENT EVENTS

Sul Ross State University did not have any events to report that may materially affect the financial condition of the university.

NOTE 17: RISK MANAGEMENT

The State provides coverage for workers' compensation and unemployment compensation benefits from appropriations made to other State agencies for Sul Ross State University employees. The current General Appropriations Act provides that Sul Ross State University must reimburse General Revenue Fund Consolidated, from Sul Ross State University appropriations, one-half of the unemployment benefits paid and twenty-five percent of the workers compensation benefits paid for former and current employees. The Comptroller of Public Accounts determines the proportionate amount to be reimbursed from each appropriated fund type. Sul Ross State University must reimburse the General Revenue Fund one-hundred percent of the cost for workers compensation and unemployment compensation for any employees paid from funds held in local bank accounts. Workers compensation and unemployment plans are on a pay-asyou-go basis, in which no assets are set aside to be accumulated for the payment of claims. No material outstanding claims are pending at August 31, 2015. The These are reported in the University has reserved funds for uninsured losses. At August 31, 2015 there were no accrued contingent liabilities. Designated Funds.

The Texas Motor Vehicle Safety Responsibility Act requires that every nongovernmental vehicle operated on a state highway be insured for minimum limits of liability in the amount of \$20,000/\$40,000 bodily injury and \$15,000 property damage. All vehicles owned or leased by Sul Ross State University are covered by one of two commercial insurance policies specifically customized for the Texas State University System. Both policies provide coverage to the extent of \$1,000,000 combined single liability. The coverage exceeds the extent of the waiver of state immunity in the Tort Claims Act.

Sul Ross State University maintains Fire and Extended Coverage and Boiler insurance on all buildings. There were \$2,467,953.67 insurance claims made during the fiscal year ended August 31, 2015.
