**756 Sul Ross State University**

---

Sul Ross State University was established by the Legislature in March, 1917, and originally known as Sul Ross Normal College. The first students arrived in June of 1920. This year marked the 100th anniversary of the arrival of our first students. We have continued to deliver educational opportunities throughout the Big Bend and Middle Rio Grande areas of Texas. Our service region comprises about two-thirds of the Texas/Mexico border and stretches from the El Paso County line on the west to the Webb County line in the southeast. The population of the region is predominantly Latino.

Approximately half of Sul Ross State University's student population identifies as Latino (52% according to 2019 data). Accordingly, Sul Ross State University is designated by the U. S. Department of Education as a Hispanic Serving Institution (HSI). In 2019, students identifying as white comprised 36% of the population and students who identified as Black or African American constituted 11% of the population.

Sul Ross State University has a long-standing reputation for its successes in providing educational opportunities to Texas' Latino students. Since 1995, Sul Ross State University has merited designation as one of the top 100 institutions for Hispanic students in the Hispanic Outlook magazine. Similarly, in 2018 the Latino Leaders Magazine included Sul Ross State University in its listing of the Best Colleges for Latinos. Further, The New York Times listed Sul Ross as 21st out of 369 public colleges with a 35% overall mobility rate. This measure represents the likelihood that a student at Sul Ross State moved up two or more income quintiles over the course of their lives.

From its beginning, Sul Ross found a niche as a provider of higher education opportunities to the residents of rural and somewhat isolated Far West Texas. It has defined itself as a university providing opportunity West Texas, Sul Ross has defined itself as a university providing opportunity to students facing obstacles to attaining in obtaining university degrees. Over 44% student population are first-generation college students, and more than 70 percent of Sul Ross students receive financial assistance. Like other colleges and universities committed to accessibility, Sul Ross invests a significant percentage of its resources in educational efforts that maximize the chances that its at-risk students will graduate.

As a Hispanic Serving Institution, Sul Ross has benefited from Title V funding designed to retain and graduate at-risk students. The Lobo Den undergraduate advising center, the revised computer science major with its concentrations in digital design and gaming, the Midland College STEM initiative, and the equipping of science laboratories with state-of-the-art technology were all made possible through Title V grant funding, and each initiative was subsequently continued through non-grant university funds.

In September 2020, the University received \$2.9 million over the next five years from the Department of Education Title V (Developing Hispanic Serving Institutions Program) grant to fund the Sul Ross State University Frontier Student Experience. The grant will achieve two goals: 1) to maximize retention strategies and 2) to advance faculty professional development. Both goals focus on increasing retention through student-centered initiatives including enhanced engagement strategies, mentorships, professional advisors, additional writing centers, and faculty development with strong emphasis on Hispanic, at-risk, under-represented, and first generation student populations. The university institutionalized previous grant programs by establishing an Academic Support Center, internship programs, experiential learning strategies, and first through second year advising. Through the grant-funded McNair Scholars program, the university continues to provide support for gifted first-generation, low-income, and underrepresented students who demonstrate promise for successful graduate study. University data suggest these initiatives have made a difference in the success of Sul Ross students.

In an effort to provide higher education opportunities to residents of Texas, Sul Ross State University has had a long-standing commitment to providing an affordable educational experience. That commitment continues today. According to the 2019 Texas Public Higher Education Almanac, a resource of the Texas Higher Education

---

Coordinating Board, in Fall, 2018, tuition and fees at Ross State University-Alpine remained among the lowest third of the state universities in Texas, ranking 10th in affordability of the 37 higher education institutions.

As an Hispanic Serving Institution and because Sul Ross State University is a border institution in a heavily Hispanic part of Texas, the goals and targets of the university are in alignment with the goals and targets of the Texas Higher Education Strategic Plan, 2015-2030, 60x30TX. The goal of 60x30TX is for at least 60% of Texans age 25-34 to have a certificate or degree by 2030. One target of the 60x30TX plan is to increase the number of Hispanics completing certificates or degrees. Through enrollment management, Sul Ross continues to heavily recruit Hispanic students. Examples of these efforts include cooperative academic programming with Midland College. As mentioned earlier, the previously cited initiatives of the university to increase graduation and retention rates serve to reach the goals and targets of the 60x30TX plan. Additionally, Sul Ross partners with regional school districts through the university's Upward Bound, Talent Search, and Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP) programs to prepare regional secondary school students for successful college experiences. The university also offers dual credit possibilities to regional school districts as an avenue to engage secondary school students in higher education. The Academic Center for Excellence works with school districts to assure that secondary students are Texas Success Initiative compliant.

Through the work of the Sul Ross State University Small Business Development Center, the H. Joaquin Jackson Law Enforcement Academy, the Center for Big Bend Studies, the Museum of the Big Bend, and the Archives of the Big Bend, all projects funded in part through non formula items appropriations, Sul Ross has been able to facilitate development of the economy and preservation of the culture of the university's service region. The university encourages the Texas State Legislature to continue these services to the residents of West Texas through exceptional item funding.

In addition to these non-formula items, Sul Ross is requesting exceptional item funding to assist in addressing the need for nurses to serve our rural communities in West Texas. The University Administration is requesting \$5,000,000 to implement a Bachelor of Science degree in Nursing at Sul Ross State University-Alpine. The mission of the exceptional item is to alleviate the shortage of nurses in rural communities in Texas, particularly West Texas, by implementing a generic Bachelor of Science degree in Nursing at Sul Ross State University-Alpine. The closest nursing programs to Alpine that lead to Registered Nurse licensure are in El Paso (220 miles from Alpine), Del Rio (204 miles from Alpine), and Odessa (143 miles from Alpine). For FY21, the exceptional item request is to be used to construct simulation laboratory facilities, to renovate offices and classrooms, and to fund faculty salaries.

The Big Bend region is home to an abundance of diverse cultures and artistic accomplishments. As the only university within this vast area, Sul Ross provides venues, talent, and educational resources to the adjacent communities. To continue offering the multitude of STEAM related opportunities, the University Administration is requesting \$35,250,000 to renovate and enhance facilities that promote the arts and culture for the area. The Sul Ross Theatre program remains one of the most popular academic programs with students from across the country. Additionally, the university partners with the local community to produce theatrical, musical, cultural, and artistic events on the Alpine campus. The Tuition Revenue Bond request will permit the University to update academic buildings and active theatres. Funds will also be used to renovate the Kokernot Lodge and Outdoor Amphitheater built through the Great Depression relief funds while maintaining its historical value.

Sul Ross State University-Alpine's first priority is to provide affordable, high quality education, to the citizens of the vast rural and underserved border region of Texas. As a major employer in the Big Bend area, we remain committed to providing access to services that meet the needs of our community. We sincerely appreciate your continued support of our institution and your efforts to strengthen higher education in Texas. Through your support, we continue to effectively serve a population that might not otherwise have access to quality higher education. Once again, thank you for your hard work on behalf of the State of Texas and for your consideration of our university.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Instruction and Operations Formula provides funding for faculty salaries, departmental operating expense, library, instructional administration, research enhancement, student services and institutional support. The funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour is established by the Legislature each biennium.

(1) - Formula funded strategies are not requested in 2022-23 because amounts are not determined by institutions.

------	-------------	----------	----------	----------	---------	---------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This is a non-formula strategy that provides funding for salaries and other expenses for the following activities operated in connection with instructional programs: Science Analytical Laboratory, Agricultural and Natural Resource Science Meats Laboratory, and the University Ranch. These activities give students a hands-on experience in addition to the traditional classroom instruction thus better preparing students for entering the workforce.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

This strategy has not previously received general revenue funding. The activity generated income is insufficient to fully fund these critical operations. In order to maintain the activities, Other Educational and General Income must be used to fund these programs.

**EXPLANATION OF BIENNIAL CHANGE (includes Rider amounts):**

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Infrastructure Support formula distributes funding associated with plant-related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

(1) - Formula funded strategies are not requested in 2022-23 because amounts are not determined by institutions.

**FULL TIME EQUIVALENT POSITIONS:**

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This is a non-formula general revenue strategy that provides funding for the debt service tuition revenue bonds issued by the Texas State University System in 1993, 1998, 2002, and 2017 on behalf of Sul Ross State University. Proceeds from these bonds have been used to fund major repairs, renovations, and conversions to Lawrence Hall, Graves-Pierce Complex, the Wildenthal Library, Ferguson Hall, Gallego Center, Warnock Science Building, Turner Range Animal Science Center, the Centennial School, old university center, and campus infrastructure.

**756 Sul Ross State University**

GOAL: 2 Provide Infrastructure Support  
 OBJECTIVE: 1 Provide Operation and Maintenance of E&G Space  
 STRATEGY: 2 Tuition Revenue Bond Retirement

Service Categories:  
 Service: 10      Income: A.2      Age: B.3

CODE	DESCRIPTION	Exp 2019	Est 2020	Bud 2021	BL 2022	BL 2023
------	-------------	----------	----------	----------	---------	---------

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

The 73rd, 75th, 77th, and 84th Legislatures provided authorization for the issuance of these tuition revenue bonds. Sul Ross State University's ability to meet its debt service requirements relative to these bonds is contingent upon funding for this strategy. If tuition must be used to fund this, an increase in GR appropriations will be needed to replace the other E & G income normally used to fund operations. As directed, funding for this strategy is requested at 100% of the actual debt service needs for 2020 and 2021.

------	-------------	----------	----------	----------	------------------------	------------------------

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This is a formula generated strategy that provides funding for plant-related operations, infrastructure support, and utility costs of educational and general activities. The strategy is intended to recognize the base infrastructure needs of small institutions.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Increasing student expectations and needs require the utilization and maintenance of quality facilities and infrastructure. This funding is critical to small institutions and particularly to SRSU – Alpine because our assignable space is above the space projected by the THECB space model and formula generated maintenance funding is insufficient. This strategy helps supplement the funding generated by the infrastructure support formula.

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

The Texas Comprehensive Research Fund provides funding to promote increased research capacity at eligible general academic teaching institutions including those other than The University of Texas at Austin, Texas A&M University or any institution designated as an emerging research university under the Higher Education Coordinating Board's (THECB) accountability system.

Funding is to be expended for the support and maintenance of educational and general activities, including research and student services, that promote increased research capacity. A legislatively determined amount of funding is allocated based on the average amount of restricted research funds expended by each institution per year for the three preceding state fiscal years as reported to THECB.

**DESCRIPTION / JUSTIFICATION:**

To alleviate the shortage of nurses in rural communities in Texas by implementing a Bachelor of Science degree in Nursing at Sul Ross State University-Alpine

**EXTERNAL/INTERNAL FACTORS:**

- Major accomplishments to date and expected over the next two years:
- i. Obtain final approval from the Texas Board of Nursing;
  - ii. Equip and prepare a classroom, conference room, skills laboratory, faculty offices, faculty workroom, and student lounge at temporary site;
  - iii. Equip a temporary simulation laboratory at Big Bend Regional Medical Center;
    - iv. Finalize affiliation agreements with local and regional health services;
    - v. Hire qualified full and part-time faculty members;
  - vi. Hire an Institutional Technologist to manage Skills and Simulation Laboratories;
    - vii. Hire a Nursing Coordinator;
    - viii. Acquire library and other electronic learning resources;
    - ix. Process the first class of nursing students for admission; and
    - x. Finalize plans for a newly constructed Nursing Education Center.

Year established and funding source prior to receiving special item funding: \$160,000 (FY20)

Formula funding:

Non-general revenue sources of funding: Consequences of not funding: The major consequence of non-funding is the continued shortage of Registered Nurses in the region

-------------	--------------------	------------------	------------------

to provide patient care and fewer resources with a baccalaureate degree to move forward to advanced nursing practice. The closest RN program is in Odessa, TX (143 miles from Alpine). Additional impacts may include increased tuition and fees, increased cost of living expenses, increase in loan amounts, and cost of transportation if potential students are required to attend nursing education away from the Alpine location. The other factor is that only a small number of graduates return to their home area if required education, to meet their professional goals, is only achievable at a distant location. Each of these issues place a greater demand on parents striving to make a living in a low-economic geographical area. Nursing graduates from a local program will remain employed locally, over an extended period, thus making an impact on household income.

**DESCRIPTION / JUSTIFICATION:**

Our arts facilities, as a point of entry to the university, form a powerful first impression of Sul Ross State and the Texas State system. Each of these programs is public-facing: Art students are active in the community and across the state in galleries and shows, and Theater and Music programs draw attendance and community participation from across the region as well as to travelers visiting Big Bend State Park. Music, Art, and Theater are academic programs which university require specialized facilities and have outgrown current spaces – spaces which are, at root, laboratories for academic instruction, same as a chemistry lab is needed to teach chemistry. At present, classes are scattered across multiple buildings and even off-campus. Storage is limited and haphazard. Looking ahead, the five-year plan for the Fine Arts program includes expanding our guest artist program into a summer arts festival from Memorial Day to Labor Day, with music, theater, art, and dance events at the Kokernot Lodge, Kokernot Amphitheater, and Kokernot Outdoor Theater every weekend, all summer long. Given Alpine’s remote location, bringing guest artists to the university offers students mentorship from working professionals. Running the festival gives students valuable arts management experience. And the broad scope and scale of the festival raises the profile of the University. Professional facilities are a key element in the success of this plan, a substantial aid to recruiting and retention, a potential regional economic driver, and a showpiece for the University and the Texas State University System.

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments to date and expected over the next two years: The university has made improvements in the Marshall Auditorium and the Kokernot Outdoor Theatre through Higher Education Funds (HEF). Completion of renovation and restorations projects.  
 Year established and funding source prior to receiving special item funding: N/A Formula funding: N/A  
 Non-general revenue sources of funding: N/A Consequences of not funding: 1. Lost opportunity to instruct students in state-of-the-art facilities with state-of-the-art technologies; 2. Lost opportunity for student recruitment due to comparison of SRSU facilities with facilities at other higher education institutions; 3. Lost opportunity for economic and cultural development in the region due to inadequate facilities.

	<b>Total Expenditures</b>		<b>8.0%</b>		<b>\$574,772</b>	<b>\$7,224,900</b>		<b>11.6%</b>		<b>\$1,212,899</b>	<b>\$10,423,712</b>	

**B. Assessment of Fiscal Year - Efforts to Meet HUB Procurement Goals**

**Attainment:**

The agency attained or exceeded zero of five, or 0%, of the applicable statewide HUB procurement goals in FY2018.

The agency attained or exceeded one of five, or 20%, of the applicable statewide HUB procurement goals in FY2019.

**Applicability:**

The "Heavy Construction" category is not applicable to agency operations in either fiscal year 2018 or fiscal year 2019 since the agency did not have any strategies or programs related to heavy construction.

**Factors Affecting Attainment:**

Factors affecting attainment in procurement categories "Other Services" and "Commodities" is attributable to a limited number certified HUB vendors in locations of the main campus and the branch campuses; Alpine (4), Uvalde (2), Del Rio (4) and Eagle Pass (3). The HUB vendors in these locations do not offer products in the primary Procurement Categories used by the University.

**"Good-Faith" Efforts:**

Attended the two-day access 2019 Spot Bid Fair hosted by the Dallas/Fort Worth Minority Supplier Development Council and sponsored by Senator Royce West. Met with statewide HUB vendors and discussed sales opportunities at our University. Attended the 2019 Houston Minority Development Council (HMDC) Expo at the George R. Brown Convention Center in Houston. The Texas State University System sponsored the Expo booth and we operated the booth jointly with Lamar University, Lamar College-Port Arthur and Sul Ross State University. Met various minority and small business vendors and discussed opportunities at our University. New employees are given instruction on the University's commitment to the HUB program and the importance of reaching out to certified HUB vendors.

NO FUNDS WERE PASSED THROUGH TO LOCAL ENTITIES

NO FUNDS WERE PASSED THROUGH TO OTHER STATE AGENCIES OR INSTITUTIONS OF HIGHER EDUCATION

USE OF HOMELAND SECURITY FUNDS

1. Student safety. SRSU delivered all classes online for remainder of Spring semester and continued online through Summer I and Summer II sessions. Fall semester is currently being delivered online.
2. Facility safety. SRSU increased sanitization throughout campus and the cleaning of facilities to mitigate the risk of the virus being spread and to increase safety. Signage was put up on building doors enforcing masks to ensure safety.
3. Staff safety. SRSU staff worked remotely for most of spring and summer. Emergency leave was available for staff members that showed symptoms or were under quarantine.
4. Financial security for students. SRSU provided emergency assistance for those that endured hardship during COVID. Expenses were funded through institutional grants and CARES funding.
5. Student Refunds. Students that checked out early in Spring semester were eligible for a prorated amount of refund, and institutional grants assisted with these refunds.

**Project Description**

Our arts facilities, as a point of entry to the university, form a powerful first impression of Sul Ross State and the Texas State system. Each of these programs is public-facing: Art students are active in the community and across the state in galleries and shows, and Theater and Music programs draw attendance and community participation from across the region as well as to travelers visiting Big Bend State Park. Music, Art, and Theater are academic programs which all require specialized facilities and have outgrown current spaces – spaces which are, at root, laboratories for academic instruction, same as a chemistry lab is needed to teach chemistry. At present, classes are scattered across multiple buildings and even off-campus. Storage is limited and haphazard.

**Schedule 8C: Tuition Revenue Bonds Request by Project**

---

**Archives of the Big Bend**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1998
Year Non-Formula Support Item Established:	1998
Original Appropriation:	\$50,000

**(2) Mission:**

To collect, preserve and make available for research purposes the archival record of the Big Bend/Trans-Pecos region of Texas and Sul Ross State University. The Archives of the Big Bend functions as the repository for primary materials documenting a diverse history and culture and supports the academic mission of the University as a department of the Library.

**(3) (a) Major Accomplishments to Date:**

The Archives is the major repository of choice for donors and researchers for its holdings documenting the history and culture of the Big Bend/Trans-Pecos region and Sul Ross State University. Use of the collections by a diverse and growing body of patrons continues, from SRSU classes to the filming of images for documentaries and publications. In 2019, a Digital Collections and Metadata Librarian was hired and assembled a team to digitize archival collections, which allows patrons to do preliminary research virtually.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

In the next two years, the focus on accessibility and management of holdings will allow more ease of use by researchers and enhance the ability of staff to assist patrons. More focus on inventorying and processing current physical collections will be coordinated. Continued digitization of collections and finding aids will enable patrons both off and on-site to make better use of resources and allow staff to devote more time to processing and acquisition. Connections will be built to work more closely across departments with other cultural repositories on campus and in the area to integrate Sul Ross State University more into the local communities and to raise the profile of all entities.

All is dependent upon no additional funding cuts and hopefully reinstatement of some frozen positions. There are no indications that the myriad use of the Archives' holdings and services will be diminishing, but is, in fact, increasing.

Failure to continue funding would severely restrict access to and use of unique and invaluable resources to students and to a patron base that includes the University, scholars, government officials, and the general public.

**Bachelor of Science in Nursing Degree**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2022
Year Non-Formula Support Item Established:	2022
Original Appropriation:	\$0

**(2) Mission:**

To help alleviate the shortage of nurses in rural/border communities of Southwest Texas, Sul Ross State University (SRSU) is implementing a new Bachelor of Science in Nursing degree program on its Alpine campus. As part of setting up this new BSN program, it is anticipated that an existing building will be renovated into a nursing education center. The renovated building will meet all educational requirements for local, state and national agencies. A state-of-the-art simulation laboratory will be incorporated within the new structure and equipped to provide learning experiences for patient situations which may not be available in health services during a time interval consistent with curriculum focus. This learning environment will also provide learning opportunities for other community services such as EMS and first responders. Funding is needed for this renovation work and to equip the simulation laboratory.

**(3) (a) Major Accomplishments to Date:**

Collaborative effort from a combined group of SRSU Administrators, Nursing Educator/Leaders, and the Texas Board of Nursing (TBON) Staff, produced a proposal for a Bachelor of Science In Nursing degree to be implemented within the College of Arts and Sciences. Focus for the curriculum is on Rural/border health care needs. This proposal will be reviewed in a TBON meeting to be held on October 23, 2020.

Support and input from local and neighboring community leaders, health care services personnel, regional independent school districts, and residents contributed to the proposal while following guidelines from the TBON. The first version of the proposal was submitted to the TBON staff on May 8, 2020. Feedback from the review was reported as “exemplary”. Permission was granted to proceed with activities for processing students and preparing the temporary physical locations to implement the new educational program.

Authorization for the new program has been received from the Board of Regents of the Texas State University System, the Texas Higher Education Coordinating Board, and the Southern Association of Colleges and Schools Commission on Colleges. The proposed nursing program will begin as a national accredited nursing program since the Commission for Collegiate Nursing Education awarded accreditation to the existing RN to BSN track in 2017, currently included in the College of Arts and Sciences at SRSU.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

---

**756 Sul Ross State University**

---

- i. Obtain final approval from the Texas Board of Nursing;
- ii. Equip and prepare a classroom, conference room, skills laboratory, faculty offices, faculty workroom, and student lounge at temporary site;
- iii. Equip a temporary simulation laboratory at Big Bend Regional Medical Center;
- iv. Finalize affiliation agreements with local and regional health services;
- v. Hire qualified full and part-time faculty members;
- vi. Hire an Institutional Technologist to manage Skills and Simulation Laboratories;
- vii. Hire a Nursing Coordinator;
- viii. Acquire library and other electronic learning resources;
- ix. Process the first class of nursing students for admission; and
- x. Finalize plans for a newly constructed Nursing Education Center.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

General University Support:       \$160,000 (FY20)

**(5) Formula Funding:**

a. Nursing educators and consultants have advised the university that each cohort of students admitted to the program during the first two years be limited to twelve students each year. The University anticipates that the first class would be admitted in Fall, 2021. The program would be at enrollment capacity within five years, when approximately forty students would be enrolled in the program. Beginning with Year 1 the projected revenues from formula funding would be:

1. Year 1 (FY21)--\$29,294
2. Year 2 (FY22)--\$57,673
3. Year 3 (FY23)--\$104,729
4. Year 4 (FY24)--\$151,785

**(6) Category:**

Instructional Support

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

None currently, expect to have success in obtaining grant funding once program is up and running.

**(9) Impact of Not Funding:**

---

**756 Sul Ross State University**

---

The major consequence of non-funding is the continued shortage of Registered Nurses in the region to provide patient care and fewer resources with a baccalaureate degree to move forward to advanced nursing practice. The closest RN program is in Odessa, TX (143 miles from Alpine). Additional impacts may include increased tuition and fees, increased cost of living expenses, increase in loan amounts, and cost of transportation if potential students are required to attend nursing education away from the Alpine location. The other factor is that only a small number of graduates return to their home area if required education, to meet their professional goals, is only achievable at a distant location. Each of these issues place a greater demand on parents striving to make a living in a low-economic geographical area. Nursing graduates from a local program will remain employed locally, over an extended period, thus making an impact on household income. The greatest consequence for not funding this nursing program is the lack of change in the quality and availability of health care for residents in this service area.

**Big Bend Small Business Development Center**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1994
Year Non-Formula Support Item Established:	1994
Original Appropriation:	\$100,000

**(2) Mission:**

This is a non-formula strategy that provides funding for the operations of the Small Business Development Center at Sul Ross State University in Alpine . The mission of the Center is to improve economic conditions in the region by helping establish new businesses and improve existing ones. This region is sparsely populated and includes people with some of the lowest per capita incomes in the state. In cooperation with the UTSA Southwest Texas Border Network and the Small Business Administration, Sul Ross State University operates a Small Business Development Center in Alpine, Texas with onsite personnel to assist existing businesses develop proposals for new business startups, provide training for business operators, and assist individuals in preparing for new business loans. These services are available to the entire Big Bend region. Most services are provided at no or very low cost.

**(3) (a) Major Accomplishments to Date:**

Under contract with the Southwest Texas Border Small Business Development Center Network housed at UT San Antonio Small Business Development Center , Sul Ross State University Small Business Development Center is headquartered in Alpine, Texas and serves the eight counties of the Big Bend region. In a historically, economically depressed region, the SBDC has developed proposals and plans for new business startups, provided management training for new business operators, secured loans for these startups, and assisted individuals with on - going training and advising on the different facets of business operations . The SRSU SBDC is the smallest center in the Southwest Texas Border Network. Over the past year the SRSU-SBDC assisted in the start-up or expansion of 24 businesses resulting in the creation or retention of 542 jobs and an infusion of \$8.9 M in capital into the region.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Over the next two years, the Center expects to conduct at least 60 training seminars serving nearly 600 participants. We also expect to assist in the creation of 20 new businesses, the expansion of 20 existing businesses, and the creation or retention of 330 jobs. These initiatives should result in the creation of many new jobs with over \$4M in capital infusion. Our advising efforts will also be expanded to include a possible caseload of 300 clients receiving over 4,080 advising hours.

**Center for Big Bend Studies**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1994
Year Non-Formula Support Item Established:	1994
Original Appropriation:	\$15,000

**(2) Mission:**

Established by Sul Ross State University in 1987, the Center for Big Bend Studies promotes archaeological and historical research in the Greater Big Bend region of Texas and northern Mexico. The Center conducts research and provides educational opportunities to university students, the public, and outside researchers and is committed to the recovery, protection, and sharing of this region's rich cultural legacy through dynamic programs of research, education, public outreach, and publication.

**(3) (a) Major Accomplishments to Date:**

The Center began the Trans-Pecos Archaeological Program (TAP) in 1994 to address major shortcomings in the regional archaeological database and has successfully completed 16 years of groundbreaking research through it, including discovery and testing of the oldest intact earth oven in North America (the Genevieve Lykes Duncan at ca. 11,000 years old). Additionally, the Center identified and documented the first evidence of a prehistoric solstice marker; dated the oldest pieces of maize in Texas; and has begun developing cutting edge genetic profiles for both maize and human populations of the Big Bend region. The Center is in its third year of a research commitment with the University of Kansas and is focused on locating the earliest presence of humans in the Big Bend region. Since 1994, the Center has recorded over 3,000 prehistoric and historic archaeological sites, excavated over 80 of them, and issued 82 publications in the fields of history and archaeology, including 30 annual journals. The Center provides research findings to students and the public through their publications, hosts an annual conference, and makes approximately 30 scholastic and public presentations to a wide array of organizations per year.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The Center has developed the framework for the Texas Big Bend Archaeological Initiative which envisions a 5-year plan for the evolution of the current TAP program; identifying focused initiatives, support opportunities, estimated time frames and costs, and the Archaeological Site Conservation Program, which is the foundation of this initiative; expanding our relationships and providing protocols for private landowners who are interested in documenting, preserving, and learning more about the preservation and research of archaeological sites on their land. The Center also plans to overhaul the anthropology minor with the goal of building a major that will draw students with our new cutting edge research programs under development. The Center is engaged in archaeological research on several private ranches, including work with the University of Kansas at the San Esteban rock shelter and at the Genevieve Lykes Duncan site on the O2 ranch to develop a climate model from soil isotopes that will span 13,000 years. Several in-house articles and outside manuscripts are under consideration for publication with leading anthropological journals; and a book chapter in an edited volume was published by the University of Colorado Press in June with Center staff contributions. Two additional manuscripts under review include one on past work by J. Charles Kelley along Mexico's Río Conchos, the other on the fieldwork conducted by Center staff on Elephant Mountain Wildlife Management Area.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

General Use Fee

**756 Sul Ross State University**

**(5) Formula Funding:**

N/A

**(6) Category:**

Economic Development

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

Endow.	Journal Income	Journal Sales	Grants/ Contracts	Private Gifts
16	\$5,380	\$12,481	\$327,500	\$253,384
17	\$21,119	\$10,524	\$349,500	\$216,136
18	\$14,500	\$9,000	\$375,000	\$230,000
19	\$15,000	\$10,000	\$350,000	\$225,000
20	\$12,000	\$12,000	\$316,500	\$237,000

**(9) Impact of Not Funding:**

This item is not available for formula funding. Without state funding, the Center would essentially be unable to function. State support for the Center provides the foundation and infrastructure upon which grants, contracts, and private donations are received. Without state funding, our ability to attract these external funds would be severely constrained, and the Center would likely cease to exist. The Center is an extremely valuable resource which provides original research, education, publications, and is an asset to SRSU, the Texas State University System, and the State of Texas. The loss of the Center would greatly diminish cultural studies in the entire region.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinuu**

N/A

**(11) Non-Formula Support Associated with Time Frame:**

N/A

**(12) Benchmarks:**

---

**756 Sul Ross State University**

---

1. Make significant progress evolving TAP into Texas Big Bend Archaeological Initiative and Site Conservation Program
2. Use this momentum to overhaul the anthropology minor with the goal of building it towards a major that will draw students to SRSU.
3. Continue locating new sources of support via foundations and individual donations.
4. Host a successful conference, attracting a broader audience and quality presenters.
5. Begin publishing brief quarterly newsletters and regular email and social media updates
6. Increase publications, both in-house and in outside professional journals and books.

**(13) Performance Reviews:**

1. Increased attendance at the upcoming conferences, especially in student populations.
  2. Increased anthropology/archaeology focused articles presented in the CBBS Journal.
  3. Providing undergrad internships and engaging research associates in new programs.
  4. Hire a highly qualified Research Director and build research team staff.
  5. Investigate at least two new sites and conclude investigations in ongoing sites.
  6. Publish in at least four well-respected scientific journals.

**756 Sul Ross State University**

---

**Criminal Justice Academy**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1994
Year Non-Formula Support Item Established:	1994
Original Appropriation:	\$107,500

**(2) Mission:**

To provide continuing education and other services to the law enforcement community throughout West Texas. Strengthens both the teaching mission and the public service mission.

**(3) (a) Major Accomplishments to Date:**

The goal of the Sul Ross State University Law Enforcement is to provide the highest quality training possible for the 17- county region in West Texas. To accomplish this goal, we offer the Basic Peace Officer course, mandated in-service training for licensed peace officers and county corrections officers, and provide specialized training in topics requested by area law enforcement agencies. While we have been the only licensed academy between El Paso and Odessa, Texas, Midland College offered its first cohort in Fort Stockton Texas in 2019. New administration of the academy began in November of 2019, with three new Training Coordinators. A TCOLE compliance audit was conducted and passed in November 2019. The license authorizing will need to be renewed before 3-31-2021. The academy offers a Basic Peace Officer course annually; 40-hour a week classes in on the Sul Ross State University campus in Alpine. The academy also increased the number of training hours from the TCOLE mandated 696 hours to 790 hours. During fiscal year 2019, the academy had 5 cadets successfully complete the Basic Peace Officer course and pass the State licensing exam.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

With an increase in federal law enforcement in the region, we expect the academy to benefit from an increasingly positive relationships with law enforcement agencies in the region. We will continue to offer an annual Basic Peace Officer Academy. We further anticipate offering further CEU courses to accommodate the needs of officers in the region. This in turn should relate to a steady increase in enrollment in the academy as the reputation of the academy has improved greatly.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

Academy Fees

**(5) Formula Funding:**

None

**(6) Category:**

Public Service

**(7) Transitional Funding:**

**Institutional Enhancement (Academic & Student Support)**

**(1) Year Non-Formula Support Item First Funded:** 2000  
Year Non-Formula Support Item Established: 2000  
Original Appropriation: \$2,532,634

**(2) Mission:**

To enhance institutional funding for existing programs, faculty salaries and general university support. Allows development of new academic programs and strengthens and improves existing programs.

**(3) (a) Major Accomplishments to Date:**

A wide variety of activities have been supported using these funds. Most expenditures are related to academic programs and academic infrastructure development, which include funding most academic units, the Academic Center for Excellence (assisting students with academic difficulties and improving retention and graduation rates), graduate assistants support, information technology, faculty summer salaries, and the increasing costs of utilities for E&G facilities.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Continued support for academic programs are needed as well as possible funding for new initiatives. Distance learning initiatives and upgrades will be funded supported by this special item. Funds may also be used for enhancements to the recruiting and marketing programs.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

Academic Research Support \$771,145  
Academic Program Development \$438,023  
General University Support \$219,674  
Scholarships \$103,792

**(5) Formula Funding:**

**(8) Non-General Revenue Sources of Funding:**

Non-GR Sources

---

**756 Sul Ross State University**

---

**(9) Impact of Not Funding:**

This is a special item appropriation created by the 76th Legislature. This item initially provided new funding of \$1 million to each Higher Education Institution for each year of the 2000 – 2001 biennium. In addition, in FY 2002 – 2003, SRSU received an additional \$1.5 million per year, plus \$500 thousand in FY 2014 and FY 2015. This strategy also provided replacement funding for several different special items. This item is extremely critical to the wellbeing of the University and any reduction would have a significant effect on the University's programs and services particularly as they relate to personnel.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinuu**

Non-Formula Support is needed on a permanent basis to fund Instruction, Academic Support, Student Scholarships and Student Support Programs.

**(11) Non-Formula Support Associated with Time Frame:**

Non-Formula is not associated with a time frame.

**(12) Benchmarks:**

Included are funding most academic units.

The Academic Center for Excellence aimed at assisting students with academic difficulties and improving retention and graduation rates.

**(13) Performance Reviews:**

Activities directly related to student support programs, academic programs and academic infrastructure development have been supported using these funds.

**756 Sul Ross State University**

---

**Museum of the Big Bend**

<b>(1) Year Non-Formula Support Item First Funded:</b>	1972
Year Non-Formula Support Item Established:	1972
Original Appropriation:	\$50,000

**(2) Mission:**

The Mission of the Museum of the Big Bend, a Department of Sul Ross State University, is to serve and educate the public by collecting, preserving, exhibiting and interpreting the cultural, historic and natural materials that relate to the prehistory, history and cultural diversity of the Big Bend region of Texas and Mexico.

**(3) (a) Major Accomplishments to Date:**

On September 22, 2018, the Museum of the Big Bend launched a \$10 million capital campaign to build a 10,000 sq. ft. Museum Complex building. The Museum Complex, designed by Larry Speck of Page Architects, is located behind the historic Texas Centennial Museum building. The Museum Complex will enable the Museum of the Big Bend to offer more diverse cultural and educational events and activities for the university community, Big Bend residents and visitors alike. By the end of 2019, the Museum had raised \$2.5 million towards the \$10 million Museum Complex Capital Campaign. On January 27, 2020, Miriam McCoy gave \$5 million for the Museum Complex Capital Campaign, the largest gift ever received by Sul Ross State University. On September 20, 2019, the Museum of the Big Bend exhibited select maps from the Yana and Marty Davis Map Collection one of the premier university map collections, titled Five Centuries of Mexican Maps. The weekend event was held in conjunction with the fall Texas Map Society meeting and symposium. With advancement of COVID-19, the Museum of the Big Bend was in jeopardy of cancelling its annual fundraising event, Trappings of Texas. Museum staff quickly went to work with its artists, sponsors, buyers and media consultants to make Trappings of Texas an online event and sale. The Museum also increased its on-line presence and is posting more frequently on its two Facebook pages, Museum webpage, e-newsletters and Instagram, creating new friends for the Museum.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The Museum of the Big Bend will begin groundbreaking for the Museum Complex in 2021. The historic Texas Centennial Museum of the Big Bend building is scheduled to undergo significant updating as well.

The Museum plans to convert the current temporary gallery in the historic building into the Texas Map Research Center to house the Yana and Marty Davis Map Collection. The center will more than double the space and will provide ample room for researchers and future map gifts.

The Museum's permanent exhibit Big Bend Legacy will be updated as well. Working with a museum exhibit design team, the Museum of the Big Bend wants to utilize more audio/video components to engage the 20,000+ visitors, Sul Ross students and area students and community members at the Museum.

Exhibits scheduled at the Museum: A Feeling of Humanity: The Ken Ratner Collection; War Stories Images of World War II Veterans; A Century of Fine Art in the Big Bend: Artists and Students from Sul Ross State University; Night Shift: Texas Photographic Society in partnership with the Museum of the Big Bend and UT McDonald Observatory; 35th and 36th Annual Trappings of Texas; Graciela Itrubide: Mexico and Beyond, in partnership with The Witliff Collections, Texas State University; and The Nature of the Big Bend: Images of the Flora and Fauna along the Rio Grande. Planned educational outreach programs for these exhibits include lectures, panel symposiums, nature hikes, demonstrations and hands-on activities.

On January 27, 2020, Miriam McCoy gave \$5 million for the Museum Complex Capital Campaign, the largest gift ever received by Sul Ross State University. On September 20, 2019, the Museum of the Big Bend exhibited select maps from the Yana and Marty Davis Map Collection one of the premier university map collections, titled Five Centuries of Mexican Maps. The weekend event was held in conjunction with the fall Texas Map Society meeting and symposium. With advancement of COVID-19, the Museum of the Big Bend was in jeopardy of cancelling its annual fundraising event, Trappings of Texas. Museum staff quickly went to work with its artists, sponsors, buyers and media consultants to make Trappings of Texas an online event and sale. The Museum also increased its on-line presence and is posting more frequently on its two Facebook pages, Museum webpage, e-newsletters and Instagram, creating new friends for the Museum.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

The Museum of the Big Bend will begin groundbreaking for the Museum Complex in 2021. The historic Texas Centennial Museum of the Big Bend building is scheduled to undergo significant updating as well. The Museum plans to convert the current temporary gallery in the historic building into the Texas Map Research Center to house the Yana and Marty Davis Map Collection. The center will more than double the space and will provide ample room for researchers and future map gifts. The Museum's permanent exhibit Big Bend Legacy will be updated as well. Working with a museum exhibit design team, the Museum of the Big Bend wants to utilize more audio/video components to engage the 20,000+ visitors, Sul Ross students and area students and community members at the Museum. Exhibits scheduled at the Museum: A Feeling of Humanity: The Ken Ratner Collection; War Stories Images of World War II Veterans; A Century of Fine Art in the Big Bend: Artists and Students from Sul Ross State University; Night Shift: Texas Photographic Society in partnership with the Museum of the Big Bend and UT McDonald Observatory; 35th and 36th Annual Trappings of Texas; Graciela Itrubide: Mexico and Beyond, in partnership with The Witliff Collections, Texas State University; and The Nature of the Big Bend: Images of the Flora and Fauna along the Rio Grande. Planned educational outreach programs for these exhibits include lectures, panel symposiums, nature hikes, demonstrations and hands-on activities.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

---

**756 Sul Ross State University**

---

Fiscal Year Donations Endowment Income

2010 \$124,000 \$5,800

**(5) Formula Funding:**

None

**(6) Category:**

Public Service

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

None

**(9) Impact of Not Funding:**

This item is not eligible for formula funding. The University would be unable to maintain the Museum, resulting in the loss of an important cultural and education resource, and the inability to provide educational and research opportunities for students and faculty.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinuu**

None

**(11) Non-Formula Support Associated with Time Frame:**

None

**(12) Benchmarks:**

N/A

**(13) Performance Reviews:**
