### 741 Sul Ross State University Rio Grande College

---

For over 40 years, Sul Ross State University and Southwest Texas Junior College (SWTJC) have partnered in the Middle Rio Grande Border Region to provide residents with access to undergraduate and graduate education at our Rio Grande College (SRSU-RGC) campuses. SRSU-RGC serves the Middle Rio Grande region with campuses in Del Rio, Eagle Pass and Uvalde. SRSU's priority is to provide an affordable, high quality education to the citizens of the rural and underserved border regions of Texas.

Since 1995, SRSU has been recognized as one of the top 100 institutions for Hispanic students by Hispanic Outlook magazine. In 2018, Latino Leaders magazine included SRSU in its listing of the Best Colleges for Latinos, and The New York Times listed it 21st out of 369 public colleges with a 35% mobility rate – a measure of the likelihood that a student will increase their income twice or more over the course of their lives. Multiple industry rankings have identified SRSU one of the most affordable and best values in Texas higher education.

SRSU has found a niche as a provider of higher education opportunities for the residents of small rural communities in somewhat isolated Far West Texas, serving at-risk students in a high engagement, low stress, intimate campus setting, and underserved populations in the middle Rio Grande border region. High demand programs include Criminal Justice, education, agricultural and natural resource sciences, geology and business.

Multiple industry rankings have called Sul Ross State University one of the most affordable in Texas higher education.

Grants to support Hispanic students

- o Developing Hispanic Serving Institutions – Frontier Student Experience
- o Promoting Postbaccalaureate Opportunities for Hispanic Americans / Advancing Graduate Programs en la Frontera
- o Lobo Track for STEM students

Through the grant-funded McNair Scholars program, Sul Ross State continues to provide support for gifted first generation, low income, underrepresented students who demonstrate promise for successful graduate study. Since 2008, Sul Ross State has enrolled over 150 McNair students. More than 50 have gone on to receive graduate degrees and there are currently 23 students enrolled in programs at not only Sul Ross State, but at the University of Texas, Oklahoma State, Texas Tech, Columbia University, Cornell University, Texas A&M and Antioch University.

SRSU-RGC collaborates with SWTJC by providing guided pathways that facilitate transfer and completion of undergraduate degrees in a variety of different occupational fields. SRSU-RGC is a major partner to regional school districts not only by training new teachers but by providing professional development and graduate education opportunities for existing teachers. The Middle Rio Grande region is a dynamic part of the State experiencing significant economic growth and whose populations expected to continue experiencing growth as well.

An adequate level of state investment is essential to providing a high-quality educational opportunity while maintaining affordability. SRSU is thankful for the support and leadership provided by the members of the Texas Legislature and the additional investments in infrastructure and operations. The performance-based allocation SRSU received from the Comprehensive Regional University fund is greatly appreciated and we look forward to its developing this funding source in future years.

**EXCEPTIONAL ITEM REQUEST**

Academic Program Development Support

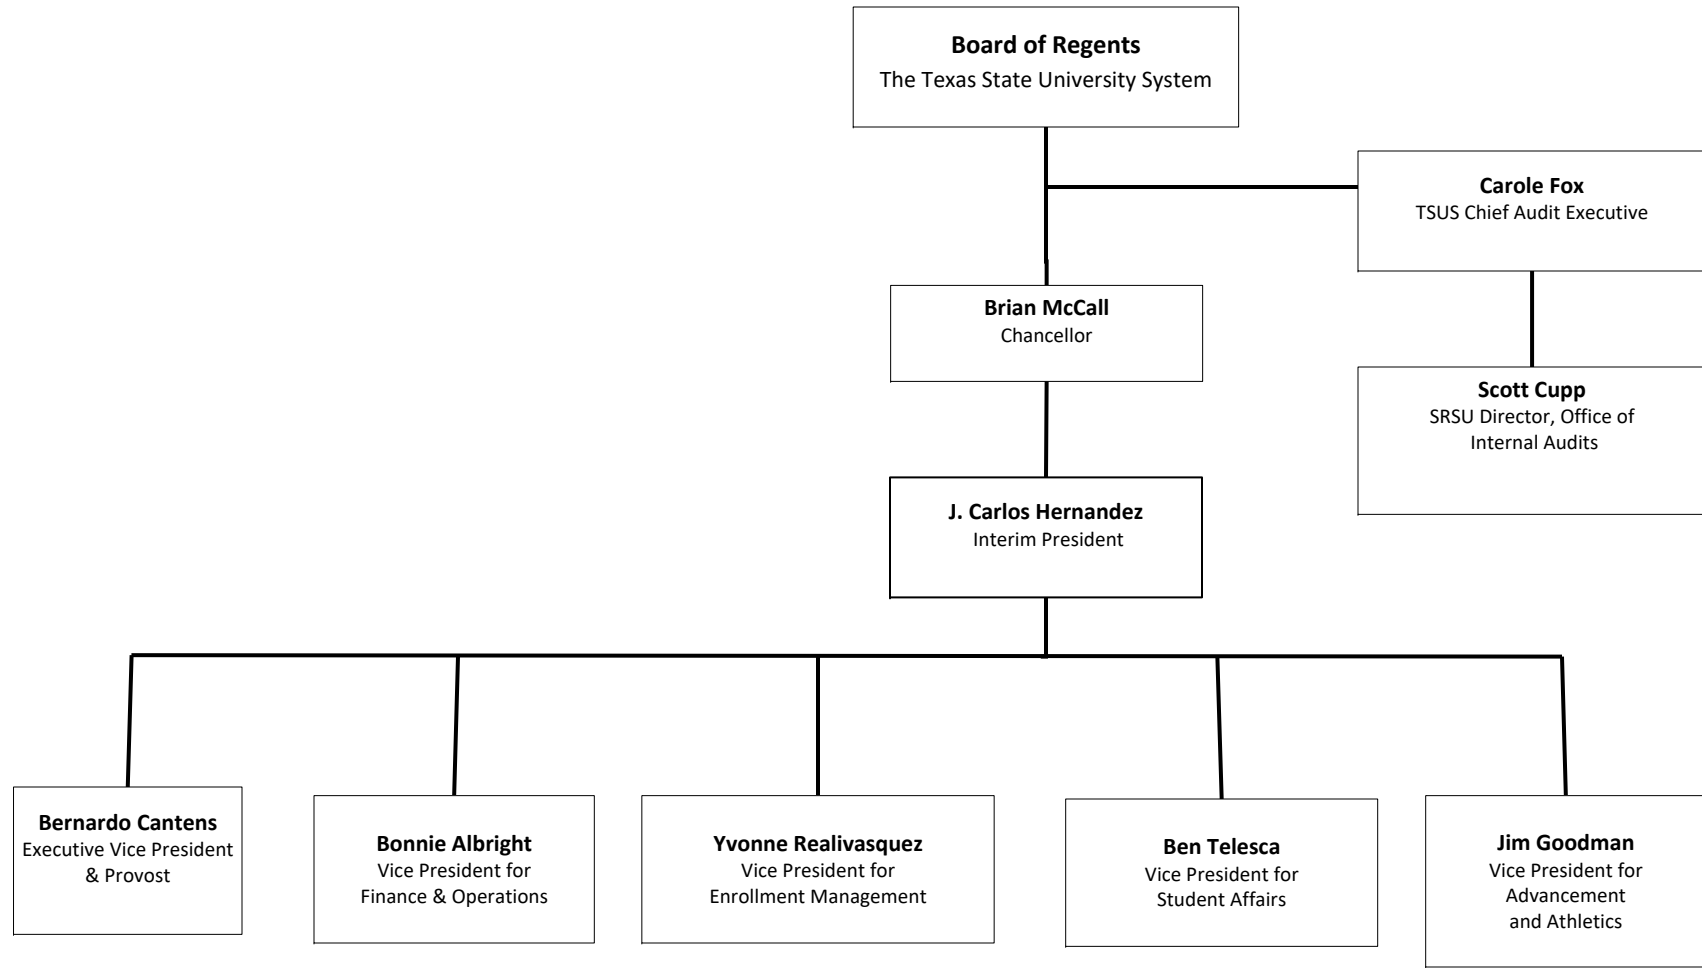

Cost: \$4 million

Description/Justification:

Texas Higher Education Coordinating Board's Talent Strong Texas strategic plan challenges all state institutions of higher education to provide ever greater opportunities, career pathways and increased access to degree completion. SRSU-RGC is proud to be a contributing partner in this collaborative effort and to provide additional capacity through the development of high demand program areas that will prepare the Texas workforce for the 21st century. Even with the university's proven record of accomplishment, the goal of 60 percent attainment by 2030 will provide a number of challenges, including the ability to adequately meet the need in underserved program areas for high demand occupational fields.

Populations in the geographic areas we serve are expected to continue experiencing growth, and occupational trends indicate specific demand for nursing, healthcare administration, accounting, finance, cybersecurity/information assurance and education. This funding will allow for the incremental development of robust capacity in the remaining occupational areas identified above.

The Infrastructure Support formula distributes funding associated with plant - related formulas and utilities. This formula is driven by the predicted square feet for universities' educational and general activities produced by the Coordinating Board Space Projection Model . The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater, and thermal energy .

**STRATEGY DESCRIPTION AND JUSTIFICATION:**

This is a non-formula strategy created by legislative initiative that provides funding for the lease of facilities to be used for offices and classrooms. Because Sul Ross State University - Rio Grande College leases all its space at three sites in Uvalde, Eagle Pass and Del Rio with turn-key agreements, its capital assets are small in comparison with other agencies. Leasing needed space is the most economical option for the RGC to deliver high quality instruction at all of its sites.

**EXTERNAL/INTERNAL FACTORS IMPACTING STRATEGY:**

Sul Ross State University - Rio Grande College leases space from the Southwest Texas Junior College (SWTJC). SWTJC has constructed new facilities in each location for the exclusive use of the Rio Grande College. These facilities greatly enhance the University's ability to provide service to its increasing student population and its needs. The university has utilized Institutional Enhancement and E&G Infrastructure support funds to meet the funding shortfalls. However appropriation reductions, increases in enrollment and the related need for new or enhanced programs necessitate the use of the Institutional Enhancement funding in those program areas. Further appropriation reductions may require the reduction of space which would significantly affect our ability to provide services.

Increasing student expectations and needs require the utilization and maintenance of quality facilities and infrastructure . This funding is critical to small institutions and particularly to SRSU – Rio Grande College . SRSU-RGC owns no facilities. Instead all space is leased from the Southwest Texas Junior College. These leases include all costs of operation. The funds generated by the infrastructure support formula do not provide sufficient funding to cover all of these costs . The costs related to providing these facilities is a critical burden on the operating budget of SRSU-Alpine. This strategy helps supplement the funding generated by the infrastructure support formula .

This region is sparsely populated and includes people with some of the lowest per capita incomes in the state. In cooperation with the UT San Antonio Small Business Development Center and the Middle Rio Grande Development Council, Rio Grande College operates a Small Business Development Center in Eagle Pass, Del Rio, Uvalde, and Carrizo Springs with on site personnel to assist existing businesses, develop proposals for new business start ups, provide training for business operators, and assist individuals in preparing for new business loans. These services are available to the entire Middle Rio Grande region.

**DESCRIPTION / JUSTIFICATION:**

Populations in the geographic areas we serve are expected to continue experiencing growth, and occupational trends indicate specific demand for nursing, healthcare administration, accounting, finance, cybersecurity/information assurance and education. This funding will allow for the incremental development of robust capacity in the areas identified above.

**EXTERNAL/INTERNAL FACTORS:**

Major accomplishments:

Texas Higher Education Coordinating Board's Talent Strong Texas strategic plan challenges all state institutions of higher education to provide ever greater opportunities, career pathways and increased access to degree completion. SRSU is proud to be a contributing partner in this collaborative effort and to provide additional capacity through the development of high demand program areas that will prepare the Texas workforce for the 21st century.

Consequences of not funding:

Even with the university's proven record of accomplishment, given the size of our institution funding is not available to adequately meet the need in underserved program areas for high demand occupational fields.

The HUB vendors in these locations do not offer products and/or services in the primary Procurement Categories used by the University. Also lack of networking opportunities available due to COVID.

**Institutional Enhancement**

<b>(1) Year Non-Formula Support Item First Funded:</b>	2000
Year Non-Formula Support Item Established:	2000
Original Appropriation:	\$1,435,080

**(2) Mission:**

This appropriation is utilized to support the overall academic mission of the university by providing additional state support for salaries, student support programs and retention initiatives.

**(3) (a) Major Accomplishments to Date:**

Distance learning technology and computer labs have been upgraded to ensure continued delivery of educational programming. Funding has been used to support faculty and staff salaries to ensure stability of qualified instruction and support. Student retention initiatives have been utilized to keep students to completion and until they join the workforce or pursue additional education.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

Continued support for academic programs as needed. Distance learning initiatives and programs continue at SRSU-RGC.

**(4) Funding Source Prior to Receiving Non-Formula Support Funding:**

Previous "Special Item" funding that was consolidated into this Strategy (1998 & 1999) were, Academic Research Support \$16,116, Academic Program Development \$394,327, Scholarships \$24,637.

**(5) Formula Funding:**

This item is to support the costs associated with academic and support programs that are not supported by the I&O Formula.

**(6) Category:**

Institutional Enhancement

**(7) Transitional Funding:**

N

**(8) Non-General Revenue Sources of Funding:**

None

**(9) Impact of Not Funding:**

---

**741 Sul Ross State University Rio Grande College**

---

The funding formula does not generate sufficient funds for support and serve a developing area of our service region. In addition, small intuitions like SRSU-RGC utilize all its formula funding for current operational costs which further prevents the ability of SRSU-RGC to develop new technology initiatives, develop new academic programs, strengthen existing programs, comply with federal and state mandates and reporting requirements, deliver excellent customer service, and provide appropriate salaries. The absence of this funding would greatly impair SRSU-RGC's ability to provide needed service to the region. Further reductions in this item would have a very negative and drastic effect on our ability to properly fund and continue several programs. These funds allow SRSU-RGC to continue to offer economical, quality education to worthy and grateful students. Finally, failure to receive this funding will significantly impair SRSU-RGC's ability to provide cost effective education.

**(10) Non-Formula Support Needed on Permanent Basis/Discontinuu**

Non-Formula Support is needed on a permanent basis.

**(11) Non-Formula Support Associated with Time Frame:**

Non-Formula Support is not associated with a time frame, and is needed on a permanent basis.

**(12) Benchmarks:**

N/A

**(13) Performance Reviews:**

Funding has assisted with technology improvements and in academic areas.

The SRSU-RGC SBDC aims to create growth, expansion, innovation, increased productivity, and improved management for entrepreneurs through one-on-one, confidential, no-cost business advising from certified business advisors. These business advisors also provide training, technical assistance, advocacy, business research, resource information and coordination with the U.S. Small Business Administration and other community business support services. The Center matches clients and expertise helping to create jobs and grow the Texas economy. SRSU-RGC SBDC Certified Business Advisors conduct market research to help companies export Texas goods and services. The SRSU-RGC SBDC serves many functions within higher education including community engagement, public service, applied economic projects and technology commercialization. The Center serves the small businesses and rural communities of Dimmit, Edwards, Kinney, La Salle , Maverick, Real, Uvalde, Valverde, and Zavala. Our certified professionals work closely with small business owners to achieve success resulting in economic impact and development.

**(3) (a) Major Accomplishments to Date:**

The SRSU-RGC SBDC clients received valuable, one-on-one business advising during the time of the pandemic. The SRSU-RGC SBDC assisted 498 small business clients in 2021, created 291 new jobs, retained 525 jobs, had 95 business starts and 43 business expansions and accessed \$9,486,819 million in business growth financing/investment. The SBDC client recovery successes demonstrate the resilience and resourcefulness that enabled our clients to grow their revenues, retain employees, and generate impressive state and federal taxes. For every \$1 invested in the SBDC, a return of \$7.61 was generated in state and federal tax revenue (ROI). Our client Tabbany Mosqueda owners of Tabbany Insurance Agency was selected to represent the SRSU-RGC SBDC in the America's SBDC and Texas South-West SBDC Annual Reports highlighting the guidance provided by the SRSU-RGC SBDC with securing an SBA Economic Injury Disaster Grant (EIDL) and a Paycheck Protection Program (PPP) loan. SRSU- SBDC "Small Business Management Program" is recognized in the service area as a premier program providing foundational knowledge in the start-up and scale-up of small businesses. The SBMP shifted to a virtual platform with topics related to starting a business, preparing a business plan, financial control, financial management, social media marketing, human resources, innovation, and legal issues. The program graduates approximately 100 small business owners and aspiring small business owners each year.

**(3) (b) Major Accomplishments Expected During the Next 2 Years:**

---

**741 Sul Ross State University Rio Grande College**

---

The SRSU-RGC SBDC will continue to provide the highest quality services to Eagle Pass and the surrounding communities. Our services are a proven and efficient means of continued growth, expansion, innovation, increased productivity, and improved management for small businesses. These continuous activities result in improved performance of small business clients, greater economic growth, and full participation by women and minority-owned businesses, rural businesses, contractors, export businesses, and veteran-owned businesses. COVID-19 caused unprecedented damage to all small businesses throughout Texas and has negatively affected many small businesses with the loss of revenue and employees, reduced operations, or closure. The SRSU-RGC SBDC will continue to provide tools and resources to help with recovery needs of small businesses by providing specialized services such as accessing and applying for loans and grants, protecting workplace employees and customers against health and safety threats, and exploring new markets. The Center will also assist small businesses in understanding and preparing for potential effects of sudden, natural, or manmade disasters and their impact on supply chains, operations, finances, payrolls, distribution, and sales of products. Small businesses will also be assisted with development of robust web integration, online sales and marketing, and cybersecurity protection.
