Sul Ross State University

Office of Information Technology

SRSU Spring 2023 Instructional Services
Brown Bag Event – Uvalde Campus
March 3, 2023

Office of Information Technology - Updates

- I. Solid State Drives- SSD's have been installed in the student labs at all RGC campuses. OIT is working on completing this project before the end of the Spring 2023 semester.
- II. Office moves/relocations - Please email LTAC before your move if you need assistance or after if you're comfortable moving your own technology.
- III. Phone system – OIT will deploy a new phone system for all campuses. ETA around summer time.
- IV. Enterprise Team (Campus Works) - Campus Works migrated our authentication service for Banner and my.sulross.edu to a supported version. A project to migrate Blackboard to this new service is in progress.
- V. Networking Services – New anti-virus for SRSU computers.
- VI. Think Before You Click. (Phishing email messages are fraudulent email messages that appear to come from legitimate sources)
- VII. Information/Cyber security – Tik Tok and prohibited technologies plan. Shared response with TSUS. Please continue to use abuse@sulross.edu to report suspicious/malicious emails.
