

An aerial photograph of the Sul Ross University campus in Alpine, Texas, taken during a dramatic sunset. The sky is filled with large, colorful clouds in shades of orange, yellow, and blue. The campus features several large, multi-story brick buildings with flat roofs, interspersed with green lawns and some cacti in the foreground. The surrounding landscape is a mix of grassy fields and distant hills.

THE FRONTIER UNIVERSITY of Texas

FAR FROM ORDINARY.

F A R F R O M O R D I N A R Y

At Sul Ross State University, we know what it's like to be one of a kind, built to stand out in a busy world. It's our mission to prepare you for your dream. If you're looking for something *far from ordinary*, you'll find it here.

You see, there's nothing ordinary about the Sul Ross story. In fact, it's extraordinary in every way. From our stunning West Texas setting to our open-air learning programs to our nationally renowned championship rodeo team, education, agriculture, geology, fine arts and criminal justice programs, SRSU is a cultural gem.

We have everything students need to succeed: World-class research facilities located in the most beautiful desert in the country. One of the most affordable tuitions in Texas. Strong academics. Special programs. Alumni who love the school and root for success. A caring community. Welcoming campuses. Supportive faculty and staff. Deeply-rooted traditions.

In short, we offer transformational education opportunities in an outdoor adventure setting that is quite simply second to none.

CHANGE YOUR ALTITUDE

Sul Ross State University in Alpine is situated in the scenic Davis Mountains, providing students with a stunning backdrop for their academic journey. The campus is surrounded by picturesque landscapes, creating a tranquil and inspiring environment for learning.

One of the standout features is our close proximity to Big Bend National Park, renowned for breathtaking desert landscapes, rugged mountains and the meandering Rio Grande. Students at Sul Ross State have easy access to this national treasure, offering opportunities for outdoor recreation, hiking, camping and exploration.

The university's location in the heart of Far West Texas contributes to an adventurous lifestyle for students. The region is known for its outdoor activities, including hiking, rock climbing, bird watching and stargazing. The adventurous spirit is fostered by the university's commitment to providing a well-rounded education that extends beyond the classroom.

Located in the middle of the Chihuahuan Desert and surrounded by numerous mountain ranges, our small town, nestled in a valley at an elevation of 4,500 feet, draws its primary student population from 45,000 square miles of the West Texas border country. The setting provides a living laboratory for serious economic, social, environmental and political discussions as well as inspiration for artists, poets, dancers, filmmakers, composers and creative writers.

EAGLE PASS CAMPUS

In 2022, the Texas State University System announced plans for an independent four-year university for the Middle Rio Grande Region in Eagle Pass. Following the donation of 100 acres from the Eagle Pass Ranch Partnership, construction has commenced on the first building, a student center, with goals to increase enrollment and program offerings.

Located on the border across from Piedras Negras, Mexico, Eagle Pass is the center of a thriving international trade community. The area offers ready access to the markets of Mexico and to the recreational activities of the Kickapoo Indian Nation.

DEL RIO CAMPUS

Del Rio is the sister city of Ciudad Acuña, Mexico, combining the ambiance of Mexico with American culture to form a diversified city.

Nearby, the Pecos River joins the Devil's River and the Rio Grande to create Lake Amistad, the ninth largest of its kind in the U.S. with more than 850 miles of shoreline. Its canyons, cliffs and caves provide both scenery and a place filled with history.

UVALDE CAMPUS

A relatively old township in southwest Texas, Uvalde was settled in 1853. It served as a trading post for area settlers and forts along the Nueces River. Prior to Texas' annexation, many battles were fought along the Nueces River in an attempt to settle the boundary dispute between Texas and Mexico.

Turn-of-the-century architecture is still evident in Uvalde. Nestled along tree-shaded streets are many elegant old homes, dating back to the late 1890s and early 1900s.

The office is staffed with licensed professional counselors who provide confidential services at no cost to Sul Ross students, staff and faculty.

Appointments are available In-Person or Online via Zoom.

Students can access on-demand, online counseling services through TimelyCare via their phone or other device. They can select from a wide-ranging menu of virtual care options from licensed counselors and providers and have access to nine free sessions at no cost or insurance.

Services include:

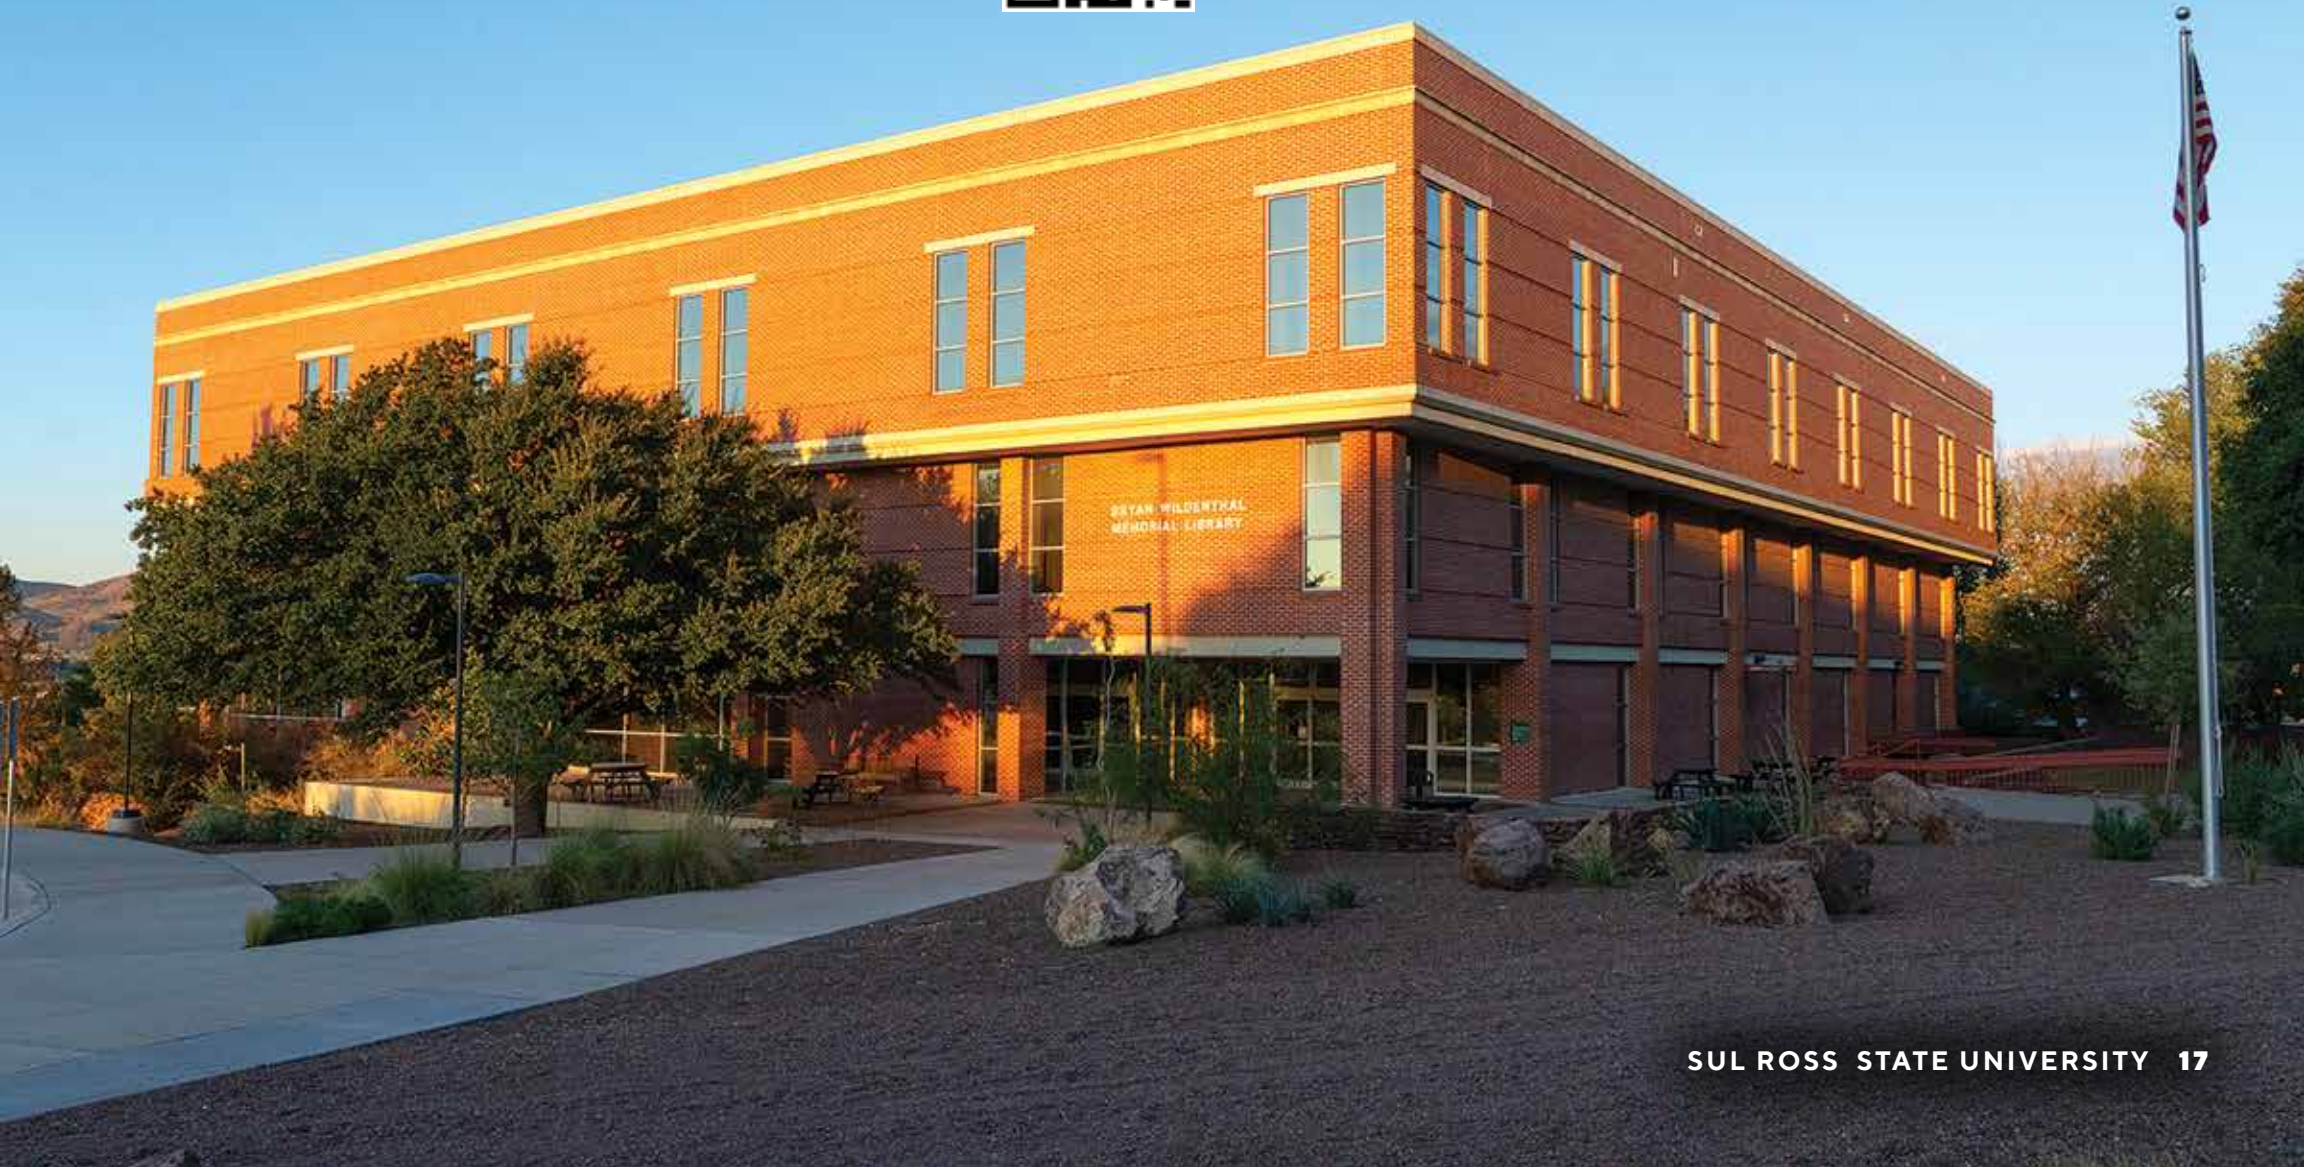

- Brief, short-term individual and group counseling
- Workshops, presentations and other activities promoting mental health
- A comprehensive referral network to off-campus providers
- Accommodation letters

BRYAN WILDENTHAL MEMORIAL LIBRARY

The Bryan Wildenthal Memorial Library and Archives of the Big Bend are strategic institutional assets in the creative exploration, intellectual growth and scholarly pursuits of the students, faculty and staff at Sul Ross State University and the communities we serve.

FINANCIAL AID

It is the mission of the Office of Financial Aid to eliminate or diminish financial barriers to students seeking an education at Sul Ross State University, and to inform prospective students, parents and enrolled students of financial aid resources and requirements.

In order to achieve this goal, the financial aid team is committed to nurturing a customer service environment which benefits students, parents, the university community and the public in a positive manner. The team develops and maintains mutual respect and credibility by being honest, accurate and compassionate. Inherent in this process is effective communication, knowledge, training, problem solving, flexibility, promptness and timeliness.
