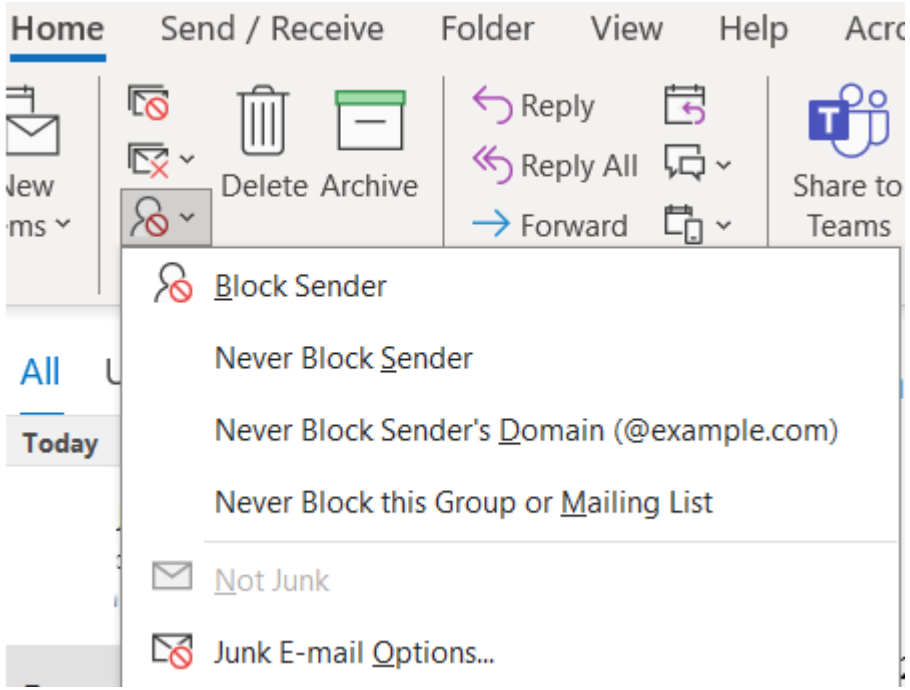
  - ViewSonic Interactive Boards
  - 29 Interactive Boards are installed at all 3 RGC campuses and ready for use.
  - ViewSonic IFP (Interactive Flat Panel) are pc based and are replacing existing teleconference equipment.
  - For more information, please call/email Dominick Percoco at
  - Dominick.Percoco@sulross.edu or ext. 8481

# Office of Information Technology - Cybersecurity

## Junk Folder



Forward suspicious email to abuse@sulross.edu

**Common Red Flags:**

1. Urgency to complete an action. (I.E. Verify your account or it will be closed/deleted).
2. The email is unsolicited and/or does not make sense.
3. Amazing Job opportunities with high pay and minimal qualifications and work hours. ($500 for 5 hours of work) Always be vigilant of the content of the emails you receive.
4. Poor Grammar and email layout. (Some copy logos and letter heads to fool you.) When in doubt, please verify with the sender if the email was sent by them. You can also hover on the link to see where it will take you.

**Think before you click!**
