Overview of GA-48: Hardening of State Government

Restrictions on Foreign Engagements:

Personnel are prohibited from accepting gifts, participating in foreign talent programs, or engaging in professional travel involving countries listed as foreign adversaries
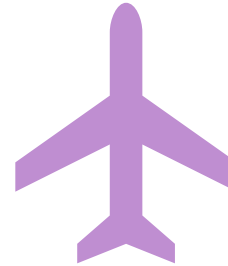

Personal Travel Notifications:

Employees must report personal travel to listed countries both before and after the trip

Overview of GA-48: Hardening of State Government

- Foreign Adversaries Identified:
    - China (including Hong Kong and Macau)
    - Cuba
    - Iran
    - North Korea
    - Russia
    - Venezuela (Maduro Regime)

Overview of GA-48: Hardening of State Government

Contractor Compliance:

Vendors must certify they are not affiliated with foreign adversaries as defined by federal law (15 C.F.R. § 791.4), and are not listed under NDAA Sections 889 (2019) or 1260H (2021)

Critical Infrastructure Protection:

Agencies must safeguard systems such as cybersecurity networks, communication infrastructure, and utilities

What does this mean for you?

- **All technology** must be approved by OIT before it is bought or implemented

  - Free or opensource systems

  - Browser-based software (SaaS)

  - Peripherals (keyboard, mouse, webcam, etc..)

- Please give us a **minimum** of 2 weeks to review

- OIT is primarily concerned with the of type data that maybe shared with the software/company

Updates

- A new request form is coming...

- New AI guideline page on website
  - https://www.sulross.edu/oit/guidelines-and-standards/ai-guidelines/

Reminder to use

- Set up OneDrive to sync with your computer
- OIT does not backup your computers
