

INTERDISCIPLINARY STUDIES CAPSTONE

IS 5300

Project Abstract Form

Instructions

In an attached abstract (300–500 words), please describe the scope and breadth of the Interdisciplinary Studies Capstone Project. This project must combine the three disciplines from the degree curriculum plan and be approved via signatures by the members of the committee. The project must contain an oral and/or visual presentation of the capstone project, which serves as the comprehensive examination component of the degree requirements. The project may take many forms, from artistic presentation to scholarly research, from service learning to internship-based leadership, from recommendation reports to large-scale professional proposals.
